Incarceron

A tale set 100 years into the future, where a brutal police force punishes all dissenters and young people are wrongly blamed for all of society's ills, finds Jenna being broken out of prison by a mysterious rebel group that challenges her to practice her survival skills as she struggles to uncover the truth about the horrendous crime for which she was imprisoned.

The Winter Horses

Sent to a hospital by her mother, Marina, a disfigured Australian girl who refuses to speak, reveals her thoughts and feelings in a diary.

A Study in Darkness

Classic title from Ophelia, starring a woman who makes love while under the influence of no less than seven different controlled substances (not all at once; she lingers in magnificent fashion.)

Mezcal

"A vivid historical account...Thompson shines in giving a sense of what it means to love a place that's been designated a 'sacrifice zone.'" ? —PUBLISHERS WEEKLY Award-winning investigative environmental journalist Jonathan P. Thompson digs into the science, politics, and greed behind the 2015 Gold King Mine disaster, and unearths a litany of impacts wrought by a century and a half of mining, energy development, and fracking in southwestern Colorado. Amid these harsh realities, Thompson explores how a new generation is setting out to make amends. JONATHAN THOMPSON is a native Westerner with deep roots in southwestern Colorado. He has been an environmental journalist focusing on the American West since he signed on as reporter and photographer at the Silverton Standard & the Miner newspaper in 1996. He has worked and written for High Country News for over a decade, serving as editor-in-chief from 2007 to 2010. He was a Ted Scripps fellow in environmental journalism at the University of Colorado in Boulder, and in 2016 he was awarded the Society of Environmental Journalists' Outstanding Beat Reporting, Small Market. He currently lives in Bulgaria with his wife Wendy and daughters Lydia and Elena.

Werewolf Parallel

-Produced in nine Mexican states, mezcal has gained popularity among north-of-the-border cocktailians who have come to appreciate the complexity and tradition of this smoky, flavorful spirit. Mezcal can be made from any of fifty varieties of agave that are often harvested in the wild, and always roasted prior to fermentation, then ground with stones and animal power, and distilled in clay or copper pots. It is truly the most artisanal of spirits. The varieties of agave and the variations in manufacturing processes yield complexities not found in mezcal's more common cousin, tequila (which by law is made only from blue agave). For these reasons, enthusiasts make cogent arguments that mezcal is more akin to wine, with considerations such as varietals and terroir coming into play. Not to mention that the majority of this that's spirit available in the US is still produced using small-batch methods handed down for centuries. Mezcal brings you a smartly written and beautifully produced primer on mezcal history and production, as a well as a guide to twenty-plus of the most common agave varietals used in production, and a tasting guide, complete with room for your own notes. It doesn't stop there, though: the

Read PDF Acid By Emma Pass

expertly curated recipe section offers up a selection of over forty craft cocktails that take advantage of mezcal's unique qualities. Throughout, author Emma Janzen, the digital editor at Imbibe magazine and a mezcal devotee, busts mezcal myths, unravels its mysteries, interviews producers, before disclosing tasting tips readers won't find elsewhere---

Incarceron is a prison so vast that it contains not only cells and corridors, but metal forests, dilapidated cities, and wilderness. It has been sealed for centuries, and only one man has ever escaped. Finn has always been a prisoner here. Although he has no memory of his childhood, he is sure he came from Outside. His link to the Outside, his chance to break free, is Claudia, the warden's daughter, herself determined to escape an arranged marriage. They are up against impossible odds, but one thing looms above all: Incarceron itself is alive . . .

Stig of the Dump

New York Times Bestseller “[A] fascinating, engrossing, often dark history of drug use in the Third Reich.” — Washington Post The Nazi regime preached an ideology of physical, mental, and moral purity. Yet as Norman Ohler reveals in this gripping new history, the Third Reich was saturated with drugs: cocaine, opiates, and, most of all, methamphetamines, which were consumed by everyone from factory workers to housewives to German soldiers. In fact, troops were encouraged, and in some cases ordered, to take rations of a form of crystal meth—the elevated energy and feelings of invincibility associated with the high even help to account for the breakneck invasion that sealed the fall of France in 1940, as well as other German military victories. Hitler himself became increasingly dependent on injections of a cocktail of drugs—ultimately including Eukodal, a cousin of heroin—administered by his personal doctor. Thoroughly researched and rivetingly readable, *Blitzed* throws light on a history that, until now, has remained in the shadows. “Delightfully nuts.” — The New Yorker NORMAN OHLER is an award-winning German novelist, screenwriter, and journalist. He is the author of the novels *Die Quotenmaschine* (the world’s first hypertext novel), *Mitte*, and *Stadt des Goldes* (translated into English as *Ponte City*). He was cowriter of the script for Wim Wenders’s film *Palermo Shooting*. He lives in Berlin.

Dark Days

A boy befriends a young caveman in this modern children’s classic of friendship and adventure. Barney isn’t supposed to go near the chalk pit. His grandmother and sister both told him the edge could give way and he could fall in—but what else is he supposed to do on a miserable gray day? It’s not long before Barney falls into the pit and bumps his head. But where he lands is more than an old garbage dump: It’s a home. There’s a little hut built out of discarded junk, and more surprisingly, there’s

Read PDF Acid By Emma Pass

a boy, about Barney's age, inside. He speaks in grunts instead of English, wears a rabbit-skin loincloth, has shaggy black hair, and might be named something that sounds like "Stig." Barney befriends him immediately. Together, Barney and Stig go on all sorts of adventures, building a chimney for Stig's hut, joining a foxhunt, stopping robbers, and catching a leopard escaped from the circus! Barney and Stig's escapades have been delighting children for more than fifty years, while addressing important topics such as bullying, recycling, and language barriers. This timeless classic is sure to captivate readers young and old with its wit, imagination, and sense of adventure.

When a bomb goes off at 221B Baker Street, Evelina Cooper is thrown into her uncle Sherlock's world of mystery and murder. But just when she thought it was safe to return to the ballroom, old, new, and even dead enemies are clamoring for a place on her dance card. Before Evelina's even unpacked her gowns for a country house party, an indiscretion puts her in the power of the ruthless Gold King, who recruits her as his spy. He knows her disreputable past and exiles her to the rank alleyways of Whitechapel with orders to unmask his foe. As danger mounts, Evelina struggles between hiding her illegal magic and succumbing to the darker aspects of her power. One path keeps her secure; the other keeps her alive. For rebellion is brewing, a sorcerer wants her soul, and no one can protect her in the hunting grounds of Jack the Ripper. Praise for Emma Jane Holloway's *A Study in Silks* "This book has just about everything: magic, machines, mystery, mayhem, and all the danger one expects when people's loves and fears collide. I can't wait to return to the world of Evelina Cooper!"—Kevin Hearne, *New York Times* bestselling author of *The Iron Druid Chronicles* "As Sherlock Holmes's niece, investigating murder while navigating the complicated shoals of Society—and romance—in an alternate Victorian England, Evelina Cooper is a charming addition to the canon."—Jacqueline Carey, *New York Times* bestselling author of the *Kushiel's Legacy* series "Holloway takes us for quite a ride, as her plot snakes through an alternate Victorian England full of intrigue, romance, murder, and tiny sandwiches. Full of both thrills and frills."—Nicole Peeler, author of the *Jane True* series "A Study in Silks is a charming, adventurous ride with a heroine who is both clever and talented. The brushes with the Sherlock Holmes mythos only add to the fun of this tale, and readers are bound to fall in love with Evelina and the London she inhabits."—Philippa Ballantine, author of *Geist* "In *A Study in Silks*, Emma Jane Holloway has created a wonderful reimagining of the Sherlock

After Atlas

The climate change reckoning looms. As scientists try to discern what the Earth's changing weather patterns mean for our future, Rachel Rothschild seeks to understand the current scientific and political debates surrounding the environment through the history of another global environmental threat: acid rain. The identification of acid rain in the 1960s changed scientific and popular understanding of fossil fuel pollution's potential to cause regional—and even global—environmental harms. It showed scientists that the problem of fossil fuel pollution was one that crossed borders—it could travel across vast

Read PDF Acid By Emma Pass

stretches of the earth's atmosphere to impact ecosystems around the world. This unprecedented transnational reach prompted governments, for the first time, to confront the need to cooperate on pollution policies, transforming environmental science and diplomacy. Studies of acid rain and other pollutants brought about a reimagining of how to investigate the natural world as a complete entity, and the responses of policy makers, scientists, and the public set the stage for how societies have approached other prominent environmental dangers on a global scale, most notably climate change. Grounded in archival research spanning eight countries and five languages, as well as interviews with leading scientists from both government and industry, *Poisonous Skies* is the first book to examine the history of acid rain in an international context. By delving deep into our environmental past, Rothschild hopes to inform its future, showing us how much is at stake for the natural world as well as what we risk—and have already risked—by not acting.

White Noise

A brilliant satire of mass culture and the numbing effects of technology, *White Noise* tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurs that constitute the music of American magic and dread.

Her

This book highlights the important role free fatty acids (FFA) play as potential drug targets. While FFA have long been considered byproducts of cell metabolism, they are now recognized as ligands that regulate cell and tissue function via G-protein-coupled receptors. At least three receptors have been identified for which FFA appear to be the endogenous ligands.

The Wanderers

Let the games begin: alien hunter Daniel X is ready for a fantastic adventure to save gamers-and the universe—from certain doom. Daniel X is one of the greatest superheroes ever to walk planet Earth. He has defeated a host of evildoers on The List of Alien Outlaws, and now he's ready to raise the stakes on his next impossible mission—by eliminating a pair of sadistic shape-shifters at the helm of a massive video game enterprise. Their next addictive game release, Crown of Thorns V, is about to control the minds of kids all over the world! But this deadly duo also has an appetite for endangered extraterrestrials, and they plan to make Daniel the main course of their next feast. Can he escape their skewers? Or will it be Game Over for the galaxy's greatest alien hunter?

River of Lost Souls

As John Green, New York Times bestselling author of *The Fault in Our Stars* said, “King Dork will rock your world.” The cult favorite from Frank Portman, aka Dr. Frank of the Mr. T. Experience, is a book like nothing ever done before—King Dork literally has something for everyone: At least a half-dozen mysteries, love, mistaken identity, girls, monks, books, blood, bubblegum, and rock and roll. This book is based on music—a passion most kids have—and it has original (hilarious) songs and song lyrics throughout. When Tom Henderson finds his deceased father’s copy of J. D. Salinger’s *The Catcher in the Rye*, his world is turned upside down. Suddenly high school gets more complicated: Tom (aka King Dork) is in the middle of at least half a dozen mysteries involving dead people, naked people, fake people, a secret code, girls, and rock and roll. As he goes through sophomore year, he finds clues that may very well solve the puzzle of his father’s death and—oddly—reveal the secret to attracting semi-hot girls (the secret might be being in a band, if he can find a drummer who can count to four. A brilliant story told in first person, *King Dork* includes a glossary and a bandography, which readers will find helpful and hilarious. Praise for *King Dork*: “Basically, if you are a human being with even a vague grasp of the English language, *King Dork*, will rock your world.”—John Green, author of *The Fault in Our Stars* “[No account of high school] has made me laugh more than *King Dork*. . . . Grade A.”—*Entertainment Weekly* “Impossibly brilliant.”—*Time* “Provides a window into what it would be like if Holden Caulfield read *The Catcher in the Rye*.”—*New York Post* [STAR] “Original,

Read PDF Acid By Emma Pass

heartfelt, and sparkling with wit and intelligence. This novel will linger long in readers' memories."—School Library Journal, Starred [STAR] "A biting and witty high-school satire."—Kirkus Reviews, Starred [STAR] "Tom's narration is piercingly satirical and acidly witty."—The Bulletin of the Center for Children's Books, Starred "Loaded with sharp and offbeat humor."—USA Today "King Dork is smart, funny, occasionally raunchy and refreshingly clear about what it's like to be in high school."—San Francisco Chronicle "King Dork: Best Punk Rock Book Ever."—The Village Voice "I love this book as much as I hated high school, and that's some of the highest praise I can possibly give."—Bookslut.com

Blitzed

The future world has been divided into sectors—each the same as the other. Surrounded by thick steel fences, there is no way in and no way out. Yet a cyborg army penetrates each sector, picking off its citizens one by one, until no one is left. Behind the sectors' thick walls, the citizens wait to die. Few will be chosen to survive what's coming; the rest will be left behind to suffer. A new world has been created and its rulers are incredibly selective on who will become a citizen. They want only those with important roles in society to help create a more perfect future. Sixteen-year-old Sia lives in one of the sectors as part of a family that is far too ordinary to be picked to live. According to the digital clock that towers high above her sector, she has only fifteen days to live. Sia's seen the reports and knows a horrific death is in store for her, but she is determined to make the most of her final days. Sia refuses to mourn her short life, instead promising herself that she'll stay strong, despite being suffocated by her depressed mother and her frightened best friend. Just when Sia feels more alone than ever, she meets Mace, a mysterious boy. There is something that draws Sia to him, despite his dangerousness, and together, they join a group of rebels and embark on an epic journey to destroy the new world and its machines, and to put an end to the slaughter of innocent people. Aimed at 13- to 17-year-old readers, both boys and girls, *Dark Days* has subtle themes of environmentalism, government corruption, and teamwork. In the similar vein of *The Hunger Games* series, the gravity of Sia's situation with only fifteen days to live, will help bring some common teenage issues—friendship, self-esteem, budding romance—to the forefront. Sia is a strong female character who becomes a true leader, a good roll model for teenagers. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. WINNER OF THE PULITZER PRIZE "The Goldfinch is a rarity that comes along perhaps half a dozen times per decade, a smartly written literary novel that connects with the heart as well as the mind. Donna Tartt has delivered an extraordinary work of fiction." --Stephen King, The New York Times Book Review Theo Decker, a 13-year-old New Yorker, miraculously survives an accident that kills his mother. Abandoned by his father, Theo is taken in by the family of a wealthy friend. Bewildered by his strange new home on Park Avenue, disturbed by schoolmates who don't know how to talk to him, and tormented above all by his longing for his mother, he clings to the one thing that reminds him of her: a small, mysteriously captivating painting that ultimately draws Theo into the underworld of art. As an adult, Theo moves silkily between the drawing rooms of the rich and the dusty labyrinth of an antiques store where he works. He is alienated and in love--and at the center of a narrowing, ever more dangerous circle. The Goldfinch is a mesmerizing, stay-up-all-night and tell-all-your-friends triumph, an old-fashioned story of loss and obsession, survival and self-invention, and the ruthless machinations of fate.

Poisonous Skies

Irvine Welsh's scintillating, disturbing, and altogether outrageous collection of stories—the basis for the 1998 cult movie directed by Paul McGuigan. He is called "the Scottish Celine of the 1990s" (Guardian) and "a mad, postmodern Roald Dahl" (Weekend Scotsman). Using a range of approaches from bitter realism to demented fantasy, Irvine Welsh is able to evoke the essential humanity, well hidden as it is, of his generally depraved, lazy, manipulative, and vicious characters. He specializes particularly in cosmic reversals—God turn a hapless footballer into a fly; an acid head and a newborn infant exchange consciousnesses with sardonically unexpected results—always displaying a corrosive wit and a telling accuracy of language and detail. Irvine Welsh is one hilariously dangerous writer who always creates a sensation.

So Much to Tell You

Winner of the 1974 CBCA Book of the Year When Simon Brent's parents are killed in a car accident he is taken to live with his mother's second cousins, Edie and Charlie, on Wongadilla, their 5000 acre sheep run in the Hunter Valley. Simon, with his city attitudes feels like an outsider, unable even to bring himself to call his cousins by name. But Simon is not the only thing that doesn't belong in Wongadilla. The arrival of heavy machinery intent on clearing the land brings to life the Nargun, a great rock, older than time itself, that has slowly dragged itself into the valley - and with it, a simmering rage that drives it to kill. Before long, Simon is captivated by the land and by the Potkoorak, the Turongs and the Nyols, mischievous and ancient creatures steeped in the traditions of the land and its inhabitants. As the terror begins, Simon, his cousins and the creatures must use their wit and ingenuity to drive the monster away. Rich in mythology, The Nargun and the Star evokes an image of this land and its people, and carries an environmental message that is as important and relevant today as it was thirty years ago.

Colleen Oakes's twisted reimagining of the Queen of Hearts origin story comes to a thrilling conclusion in *War of the Cards*. Dinah has lost everyone she ever loved. Her brother was brutally murdered. The wicked man she believed was her father betrayed her. Her loyal subjects have been devastated by war. And the boy she gave her heart to broke it completely. Now a dark queen has risen out of the ashes of her former life. Fury is blooming inside Dinah, poisoning her soul and twisting her mind. All she has left is Wonderland and her crown, and her obsession to fight for both. But the war rages on and Dinah could inherit a blood-stained throne. Can a leader filled with love and rage ever be the ruler her kingdom needs? Or will her all-consuming wrath bring Wonderland to its knees? This is not a story of happily ever after. This is the story of the Queen of Hearts.

[The Fearless](#)

A Unique Twist on Shape-Shifters with Fast-Paced Action, Thrilling Adventure, Mystery, and a Bit of Romance Flo lives an eccentric life—she travels with a popular circus in which the main acts star orphaned children with secret shape-shifting abilities. Once Flo turns sixteen, she must perform, but she's not ready. While practicing jumping a flaming hurdle in a clearing beside the circus, she spots a dark figure in the trees and fears he saw her shift. The news sends the circus into a panic. In Flo's world, shifters are unknown to humans with the exception of a secret organization—the EOS, referred to as "hunters." Hunters capture and kill. They send some shifters to labs for observation and testing—testing they don't often survive—and deem others useless, a danger to society, and eliminate them. To avoid discovery, shifters travel in packs, constantly moving and keeping themselves hidden. Up until now, the circus was the perfect disguise. Believing she has brought attention to the group, Flo feels dread and anxiety, causing her to make a mistake in front of the audience during her performance—a mistake that triggers a violent attack from the hunters. Flo manages to flee the torched circus grounds with Jett, the bear shifter who loves her; the annoying elephant triplets; and a bratty tiger named Pru. Together they begin a new

[The Fall](#)

The epic voyage of the spacecraft Leonora Christine will take her and her fifty-strong crew to a planet some thirty light-years distant. But, because the ship will accelerate to close to the speed of light, for those on board subjective time will slow and the journey will be of only a few years' duration. Then a buffeting by an interstellar dustcloud changes everything. The ship's deceleration system is damaged irreparably and soon she is gaining velocity. When she attains light-speed, tau zero itself, the disparity between ship-time and external time becomes almost impossibly great. Eons and galaxies hurtle by, and the crew of the Leonora Christine speeds into the unknown.

[The Goldfinch](#)

You don't remember her—but she remembers you. Two different women; two different worlds. On the face of it, Emma and Nina have very little in common. Isolated and exhausted by early motherhood, Emma finds her confidence is fading fast. Nina is sophisticated and assured, a successful artist who seems to have it all under control. And yet, when the two women meet, they are irresistibly drawn to each other. As the friendship develops, as Emma gratefully invites Nina into her life, it emerges that someone is playing games—and the stakes could not be higher. What, exactly, does Nina see in Emma? What does she want? And how far will she go in pursuit of it? A gripping novel about friendship and identity, about the wild hopes

Read PDF Acid By Emma Pass

and worst fears of parenthood, about the small and easily forgotten moments that come to define a life, Her is unputdownable-compelling and hauntingly discomfiting.

[Daniel X: Game Over](#)

Read PDF Acid By Emma Pass

Dog loves books! Dog loves books about dinosaurs and Dog loves books about aliens: in fact Dog loves all books! Dog has his very own bookshop, although he doesn't have many customers. But that's all right, because when Dog is surrounded by books, he is never short of friends or fun. And when someone does come into the shop, Dog knows just which books to recommend

Acid

Class is back in session. Sophronia continues her second year at finishing school in style--with a steel-bladed fan secreted in the folds of her ball gown, of course. Such a fashionable choice of weapon comes in handy when Sophronia, her best friend Dimity, sweet sootie Soap, and the charming Lord Felix Mersey hijack a suspiciously empty train to return their chum Sidheag to her werewolf pack in Scotland. But when Sophronia discovers they are being trailed by a dirigible of Picklemen and flywaymen, she unearths a plot that threatens to throw all of London into chaos. With her friends in mortal danger, Sophronia must sacrifice what she holds most dear--her freedom. Gather your poison, your steel-tipped quill, and the rest of your school supplies and join Mademoiselle Geraldine's proper young killing machines in the third rousing installment in the New York Times bestselling Finishing School series by steampunk author Gail Carriger.

King Dork

Positive. Negative. It's how you look at it. . . . Someone shoves a photo negative into Rowan's hands. She is distracted but, frankly, she has larger problems to worry about. Her brother is dead. Her father has left. Her mother won't get out of bed. She has to take care of her younger sister. And keep it all together . . . But Rowan is curious about the mysterious boy and the negative. Who is he? Why did he give it to her? The mystery only deepens when the photo is developed and the inconceivable appears. Everything is about to change for Rowan. . . . Finally, something positive is in her life. Award-winning author Jenny Valentine delivers a powerful and life-affirming story of grief, friendship, and healing that will resonate long after the last page.

Physics, Pharmacology and Physiology for Anaesthetists

London, in the not-so-distant future. Society has been divided into Pures and Crazies according to the results of a DNA test. But seventeen-year-old Ana, whose father invented the Pure test, has uncovered a recording with dangerous evidence that the tests are fake. Ana has escaped her father and made it to the Enlightenment Project - a secluded sect living on the outskirts of the City. Back in the arms of Cole nothing is simple. Some in the Project believe her presence jeopardises their safety, others interpret her coming as part of their prophetic Writings. When the recording Ana stole goes viral, the Project comes under attack. Now Ana's father isn't the only one looking for her. She's come to the attention of Alexandria Knight, the Chairman of the Board - a powerful woman with a sinister plan. Ana must take greater risks than ever to unravel the truth and discover the secrets that lie beneath the Pure test. But unlike her father, the Chairman doesn't want her safely home. She wants Ana's spirit crushed, permanently. And she will destroy everyone Ana cares about to do it.
