A Critical Dictionary of English Literature and British and American Authors

First published in 2012. Routledge is an imprint of Taylor & Francis, an informa company.

Wiley AP English Literature and Composition

Digressive Voices in Early Modern English Literature looks afresh at major nondramatic texts by Donne, Marvell, Browne, Milton, and Dryden, whose digressive speakers are haunted by personal and public uncertainty. To digress in seventeenth-century England carried a range of meaning associated with deviation or departure from a course, subject, or standard. This book demonstrates that early modern writers trained in verbal contest developed richly labyrinthine voices that captured the ambiguities of political occasion and aristocratic patronage while anatomizing enemies and mourning personal loss. Anne Cotterill turns current sensitivity toward the silenced voice to argue that rhetorical amplitude might suggest anxieties about speech and attack for men forced to be competitive yet circumspect as they made their voices heard.

Digressive Voices in Early Modern English Literature

Helps students to test their knowledge and gain crucial exam practice.

Regents Exams and Answers: English Revised Edition

A Short History of English Literature

This volume covers the 2006 subject specifications for all exam boards. The text is laid out in 'sound bite' boxes to aid recollection, with clearly labelled diagrams to add visual clarity and further demonstrate the subject matter.

A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Latter Half of the Nineteenth Century

This GCSE revision guide for English and English literature contains updated content in line with the latest curriculum changes. It has in-depth course coverage, with tips, key points and progress check panels. Sample questions with model answers are included.

The History of Early English Literature

A Critical Dictionary of English Literature and British and American Authors

This new Cambridge History is the first major history of twentieth-century English literature to cover the full range of writing in England, Scotland, Wales and Ireland. The volume also explores the impact of writing from the former colonies on English literature of the period and analyses the ways in which conventional literary genres were shaped and inflected by the new cultural technologies of radio, cinema and television. In providing an authoritative narrative of literary and cultural production across the century, this History acknowledges the claims for innovation and modernisation that characterise the beginning of the period. At the same time, it attends analytically to the more profound patterns of continuity and development which avant-garde tendencies characteristically underplay.
