Algebra & Number System is an important part of Quantitative Aptitude Section of SSC CGL, CPO, CHSL, and other such competitive examinations. Advanced mathematics makes fifty to sixty per cent part of the Mains examination of SSC CGL out of which thirty percent questions are based on Geometry. Also, as per a recent change observed in the trend of these examinations, the mensuration questions now being asked are difficult to solve when compared to previous examinations. So, it becomes a must for all the SSC aspirants not to give this portion a cold shoulder. Strong math skills are essential to success in school and life. Math Practice Simplified - Pre-Algebra provides practice activities that help students become proficient in working with signed numbers, numbers and expressions with exponents, square numbers, and square roots. Proficiency with these concepts is an essential prerequisite skill for higher mathematics. Integers appear in the first part of the book with rational numbers and irrational numbers to follow. Throughout, the numbers have been kept simple so that the emphasis remains on the pre-algebraic concept. This eBook is designed for students in grades 6, 7, and 8. Students using Math Practice Simplified-Pre-Algebra can build a solid foundation for mathematics, increase self-esteem, and improve performance on standardized tests. The exercises are placed on the pages so that adequate workspace is available with few visual distractions to interfere
