NEW YORK TIMES BESTSELLER • Iron Druid Atticus O’Sullivan, hero of Kevin Hearne’s epic urban fantasy series, has a point to make—and then drive into a vampire’s heart. When a Druid has lived for two thousand years like Atticus, he’s bound to run afoul of a few vampires. Make that legions of them. Even his former friend and legal counsel turned out to be a bloodsucking backstabber. Now the toothy troublemakers—led by power-mad

pain-in-the-neck Theophilus—have become a huge problem requiring a solution. It's time to make a stand. As always, Atticus wouldn't mind a little backup. But his allies have problems of their own. Ornerly archdruid Owen Kennedy is having a wee bit of troll trouble: Turns out when you stiff a troll, it's not water under the bridge. Meanwhile, Granuaile is desperate to free herself of the Norse god Loki's mark and elude his powers of divination—a quest that will bring her face-to-face with several Slavic nightmares. As Atticus globetrots to stop his nemesis Theophilus, the journey leads to Rome. What better place to end an immortal than the Eternal City? ### **The Immortal Mystic**

Garrin completed his mandatory military service several years ago, and he hated every minute of it. Now, he spends his days as a trapper. He knows the northern mountains of Dryden Range better than any other fur trader in the business. More than that, he is one of only two such people to have ever worked in Geberron Pass, the most deadly parts of Dryden Range. When he is approached by a middle-aged man and his teenage nephew, Garrin knows there is more to the pair than they are telling him. They seek passage to Brywood, a city to the north of Dryden Range and across the Seron River, which marks the northernmost border of Garrin's homeland. Most folk would travel west along the southern coastline and then turn northward, skirting around the mountains. These two, however, are offering a small fortune to go directly through the mountains with Garrin as their guide. The uncle pitches the idea as if he was nothing more than an adventure-hungry lesser-noble with too much gold and time on his hands for his own good. Garrin knows that even those seeking adventure would never think to attempt Geberron Pass in the winter, unless they were hiding something. Still, the stranger makes Garrin an offer too good to pass up. However, as the trio pushes forward through Dryden Range, Garrin soon learns that the uncle's secret is far more serious than he ever could have imagined, and he finds himself in peril the likes of which he has never experienced before. Garrin quickly realizes he will need to dig deep and employ his full range of skills to ensure the safety of the group, and particularly protect the life of the youth who has clearly been plunged in over his teenage head.
