The powerful, dramatic story of how a successful Hollywood set designer whose identity was deeply rooted in his homosexuality came to be suddenly and transformed by the power of the gospel. When Becket Cook moved from Dallas to Los Angeles after college, he discovered a progressive, liberal town that embraced not only his creative side but also his homosexuality. He devoted his time to growing a successful set designer and to finding "the one" man who would fill his heart. As a gay man in the entertainment industry, his life around celebrity-filled Hollywood parties and traveled to society hot-spots around the world--until a chance encounter with a pastor at an LA coffee shop one morning changed everything. Your Defining Moment - For the Believer, there is no such thing as mere secular employment, only vocational calling. When we think of men and women of great destiny and calling, we typically think of those people that have helped to shape the events of history. In general, main line Christianity failed to bring the sense of divine mission down to the man on the street. Our culture has become a circus of propaganda, larger than life personas, and image branding that we fail to recognize the strong prevailing influence of God on every everyday person. In this new book, Jen Tringale encourages and exhorts believers to live in a life defining moment of time. All throughout the Bible, there are amazing examples of how God sets people up for moments that allow them to become pregnant with purpose. Those who live for the purpose of "getting ahead" are different from those who live with a sense of mission and calling. She explains that a moment of favor is worth more than ten years of labor and that paying attention to the timing and a rightly discerned moment can catapult you from one place and catapult you to a new level that would have taken years for you to get to in the natural progression of life. Moments have been prepared for you by your Creator! Your Defining Moment will ignite a passion for your destiny, giving you the courage to look above your current job, season of life, circumstances or challenges to truly pursue what God has uniquely designed you to do. This book will help you recognize the building block experiences of your life and the key people God has sent your way as doorways to your destiny. Young or old, educated or not, successful or seemingly insignificant, this book will propel you to new heights as you embrace the defining moment God has set in place for all His children. For several months, prior to publication, some people were asking that I should write this book and that it be entitled, "The Message Of The Cross". • I believed then and now that their request was a need. Consequently, this book is the result of that need. • This Message, "The Message Of The Cross" is the single most important

the Word in any language. The Salvation of the soul and how we live for God is important beyond comprehension. • I feel even if you are not a Christian, you will be greatly strengthened in the Word if they will avail themselves of this publication. In one of the biggest religion news stories of the new millennium, the Associated Press announced that Professor Antony Flew, the world's leading atheist, now believes in God. Flew is a pioneer for modern atheism. His famous paper, *Theology and Falsification*, was first presented at a meeting of the Oxford Society for Theology, chaired by C. S. Lewis and went on to become the most widely reprinted philosophical publication of the last five decades. Flew's fame by arguing that one should presuppose atheism until evidence of a God surfaces. He now believes that such evidence exists. *There Is a God* is a God chronicles his journey from staunch atheism to believer. For the first time, this book will present a detailed and fascinating account of Flew's riveting decision to revoke his previous beliefs and argue for the existence of God. Ever since Flew's announcement, there has been great debate among atheists and believers alike about what exactly this "conversion" means. *There Is a God* is the book that will bring this debate to rest. This is a story of a brilliant mind and reasoned thinker, and where his lifelong intellectual pursuit eventually led to his belief in God as designer. Take the God Is My Source challenge! —Joseph Farah | Founder, WND ? The Shemithah occurs every seven years. Has God already given us clues as to WHAT WILL HAPPEN NEXT? The impact of The Late Great Planet Earth cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events so dire and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. For an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat to the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction and incredible deliverance for a desperate, dying planet.
