The untold story of the biggest scandal in history in NCAA basketball with the hypocrisy in all participants in boosterismTheobald Maske has an unusual problem: his wife's underpants won't stay on. One fall to her ankles right in the middle of town--a public scandal! Mortified, Theo swears to keep her at home until she can find some less unruly undies. Amid this chaos he's trying to rent a room in their friends' lodgers have some underlying surprises of their own. In The Underpants, Steve Martin brings his comic genius and sophisticated literary style to Carl Sternheim's classic 1910 farce, Die Hose. His hilarious play was staged by Artistic Director Barry Edelstein, and opened in March '02 on Off-Broadway to critical acclaim.The 17 tunes presented in this book teach aspiring musicians how to play fiddle in the style of major players like Creach, Sugarcane Harris, Howard Armstrong, Remo Biondi, Clarence Gatemouth Brown, and Lonnie Johnson. Covering the history of the blues fiddle, this book also presents correct ways to introduce and play fiddle and left-hand styles, and backup techniques.A corrected and extensively annotated version of the sole meeting between two of the most important figures in twentieth-century intellectual life.The life and work of the renowned nineteenth-century composer who is now largely overlooked.In the wake of the revolutionary wars, the figure of the cross-dressed woman proliferated in novels, plays, popular tales, and real-life figures who circulated throughout Germany. Sometimes appearing in soldier's garb and engaging in battle like Joan of Arc, other times donning overalls and plying a trade, and female cross-dresser tested the revolution's promises of freedom and equality. Perhaps her most provocative challenge, however, was to contemporary notions of what it meant to be a woman or a man.A Sports Illustrated Best Book of Year: "Vivid portraits of the kids, the stars, and the Greater Miami Pop Warner league" (Linda Robertson, The Miami Herald). Although its participants are still in grade school, Pop Warner football is serious business in Miami, where local teams routinely win national championships. Games draw thousands of fans; recruiters vie for nascent talent; drug dealers and rap stars bankroll teams; and the stakes are so high that games sometimes end in gunshots. In this neighborhood, troubled parents dream of NFL stardom for children who long only for a week in Disney World at the Pop Warner Super Bowl. In 2001, journalist Robert Andrew Powell spent a year following the roller-coaster seasons. The Liberty City Warriors, former national champs, will suffer the team's first-ever losing season. The Palmetto Raiders, undefeated for two straight years, will be rewarded for good behavior with steak dinners. But their flamboyant coach (the "Darth Vader of youth football") will face defeat in a down-to-the-wire playoff game. We Own This Game is an inside-the-huddle look into a world of intrigue, corruption, where every kickoff bares political, social, and racial implications; an unforgettable drama that shows us just what it is to win and to lose in America. "Powell elevates We Own This Game well beyond a sports book to a significant sociological study." —The San Francisco ChronicleIn An Encyclopedia of South Carolina Jazz and Blues Musicians, Benjamin Franklin V documents the careers of South Carolina jazz musicians from the nineteenth century to the present. The musicians range from the renowned (James Brown, Dizzy Gillespie), to the notable (Freddie Green, Josh White), to the largely forgotten (Fud Livingston, Lottie Frost Hightower, Horace "Spoons" Williams), to the unknown (Vince Arnold, Johnny Wilson). Though the term "jazz" is commonly understood, if difficult to define, "blues" has evolved over time to mean rhythm and blues, doo-wop, and soul music. Performers in these genres are represented, as are members of the Jenkins Orphanage bands of Charleston. The volume also treats nineteenth-century musicians who might be called proto-jazz or proto-blues in string bands, medicine shows, vaudeville, and the like. Organized alphabetically, from Johnny Acey to Webster Young, the book's entries include basic biographical information, South Carolina residences, career details, compositions, recordings as leaders and as band members, films, awards, Web sites, and lists of resources for additional reading. Franklin has ensured biographical accuracy to the degree possible by consulting such sources as the census, military registers, passport applications, and other public documents including, when law permitted, death certificates. Information in these records helps dispel myths and correct misinformation that have surrounded South Carolina's musical history for generations.Canadians have demonstrated a remarkable sense of unity about protection of their "cultural heritage" in the continuing national debate over free trade. This study of the effect of American popular culture on Canada is therefore particularly relevant.Born out of the field hollers, work songs, and spirituals sung by slaves and tenant farmers as they were forced to work in the fields of the South, blues music often speaks of oppression, sadness, and love, topics that transcend racial and ethnic boundaries. Early music by W.C. Handy and Lemon Jefferson established the standards of the genre, with the hit songs OC See That My Grave Is Kept CleanOCO and OC Memphis Blues, OCO respectively. Their affecting lyrics later inspired blues performers such as Muddy Waters, Lead Belly, and John Lee Hooker. The blues became the foundation of nearly every form of American music created in the 20th century, especially jazz, rock and roll, and hip-hop. American Popular Music: Blues brings together in a single volume all the aspects of this musical genre, creating an essential resource for music lovers everywhere, as well as those interested in the historical roots of an American legacy."Hailed as a classic in music studies when it was first published in 1977, Early Downhome Blues is a detailed look at traditional country blues artists and their work. This analysis and cultural history approaches, Tilton examines the origins of downhome blues in African American society. He also explores what happened to the art form when the blues were commercially reinterpreted as part of the larger American culture. From forty-seven musical transcriptions, Tilton derives a grammar of early downhome blues melody. His book is enriched with the recollections of blues performers, audience members, and those working in the recording industry. In a new afterword, Tilton reflects on the genesis of this book in the blues revival of the 1960s and the politics of tourism in the current revival under way.A world list of blues recordings in English language.During the years before World War II, hundreds of traditional musicians were sought out by commercial record companies, brought to New York or into local -- often makeshift -- studios, to cut records that could be marketed as "race" and "hillbilly" music. Virginia was home to scores of these performers, several of whom were to become internationally known. Among them were the Carter Family, the Golden Gate Quartet, Poole, and the Stoneman Family, whose music has touched millions of listeners far beyond the confines of the Old Dominion. It is this historically important body of recordings from this unique period that forms the core of Lornell's study. In it he combines biographical sketches and bibliographies of the artists and groups with comprehensive discographies of each, covering not only the original 78-rpm issues but also American and foreign play releases. The entries incorporate new primary research and contemporary interviews with veterans of early recording sessions. Numerous vintage photographs are also included, some reproduced here for the first time. Blues Bibliography, Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. Material previously omitted from the first edition has now been included, and the list has been expanded to include works published since then. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, and variations and lyric transcriptions and musical analysis. The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African-American culture and among African-American scholars.In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and provides reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.Do psychic powers really exist? Martin Lane asks himself the same questions as he is forced to become a psychic to help solve the disappearances of three young women. Despite his skepticism, he is surprised by the leads the psychic, Damien Rossiter, is able to give him and his assistant, Detective Pedro Garcia.

luck in cracking the cases. Shortly after soliciting Rossiter's help, the bodies of two of the young women are discovered. Martin's suspicions are turned in many directions, directions he cannot and does not want to follow. Indications are that the killer could even come from within the ranks of his own department! Contrary to what seems to be the inevitable, he manages to unearth the true identity of the killer through a series of clues and a little tom-foolery, surprising everyone around him, not least of all the killer. Visions of Murder is a mystery that delves into the recesses of psychic abilities. Damien Rossiter, the psychic employed by the Dallas Police Department has a proven record of being able to assist the authorities, he was successful in New Mexico. Now, in southern Texas, he helps Chief of Detectives Martin Lane and the ever-present, chain-smoking Sergeant Pedro Gonzalez home in on the killer. Martin Lane has been "forced" into employing the psychics services by his boss and adversary, Tom Wilkins, a man who has been after Lane's job for some time. The investigation into the disappearances and murders continue, young girls continue to disappear at an alarming rate. Forensics from the first two crime scenes pick up some vital information. A DNA match is found, the answer is one that Martin cannot and does not believe. Unfortunately, further clues turn up that continue to point to the same person, yet despite evidence to the contrary, Martin believes that there is nothing about it all. It all seems just a little too convenient to him. Almost resigning himself to the fact that he has a killer in his own department, he suddenly figures out that the identity of the true killer can be traced back to a trucker. Luck. Martin's supportive wife Amy, who continuously is pressuring him to take early retirement and work in her flower business, is exasperated by her husband's preoccupation with the case. Finally, Martin has the evidence he needs to crack the case and, with a lot of help from his friends at the crime lab, is able to positively identify the killer, surprising everyone. P.G. Long was born and raised in Norfolk, England. After receiving his education in England, he worked in a diverse range of jobs including working for the British Government where he signed the Official Secrets Act. He immigrated to the United States in 1983 where he pursued a career in the Oil Business, his job taking him all over the world. He took up writing several years ago but only managed to finish this, his first novel in 2005. He has subsequently written five other novels that he hopes to see published. He loves Golf, playing guitar and relaxing. He lives outside Houston with his wife Debbie. After toying with the idea of writing a novel, he finally decided to put pen to paper, or finger to keyboard in 2004, and published his first novel in April of that year. The book has subsequently gone through about seven re-writes to end up in the form it is today. Since beginning to write, he has written a further five novels, four mysteries and one thriller. He intends to publish in the near future. All the living room's a stage! And your friends and family merely players, with their exits and entrances--and 45 minutes of utter enjoyment. Created by an imaginative drama teacher, The Home Shakespeare Festival is a complete theater company in a box. Home Shakespeare is like a host-your-own-murder game, but with an intellectual and artistic bent. Beginning with one of Shakespeare's best-loved works, the comedy The Taming of the Shrew, each kit has everything needed to produce and act out a thoroughly entertaining 45-minute version of the play: cards for a director and technical director, showing how to cast the play, direct it, stage it, and create easy sets and sound effects; cards for each of the major parts, with a summary of the character and suggestions on how to play him or her; ten cleverly abridged copies of the script; and key props. For Taming of the Shrew, each kit contains a working plastic recorder (a "flute" instead of a lute) and plastic Groucho eyeglasses. Each kit also contains a booklet introducing the wonderful world of Shakespeare with tips and exercises, recipes for grog, and other good party games to play. (Fretted). Written for the violinist who longs to leave the confines of the written page, Improvising Violin is a comprehensive guide to successful string improvisation. With clear, step-by-step explanations and instructions, acclaimed teacher and performer Lieberman breaks down all of the components necessary to master improvisation in jazz, folk, rock and new age styles, offering dozens of helpful tips on theory and technique along the way. Preface by Darol Anger. From James McManus, author of the bestselling Positively Fifth Street, comes Cowboys Full, the game that, more than any other, reflects who we are and how we operate. Cowboys Full is the story of poker, from its roots in China, the Middle East, and Europe to its ascent as a global—but especially American—phenomenon. It describes how early Americans took a French parlor game and, with a few extra cards and an entrepreneurial spirit, turned it into a national craze by the time of the Civil War. From the games of ordinary citizens to its influence on generals and diplomats, poker has gone hand in hand with our national experience. Presidents from Abraham Lincoln to Barack Obama have deployed poker as a means to explain policy, to relax with friends, to negotiate treaties and crises, and as a political networking tool. The ways we all do battle and business are echoed by poker tactics: cheating and thwarting cheaters, bluffing and sussing out bluffers, managing risk and reward. Cowboys Full shows how what was once accurately called the cheater's game has become almost honest contest of cunning, mathematical probability, and psychology. Explains how poker, formerly dominated by cardsharps, is now the most popular card game in Europe, East Asia, Australia, South America, and cyberspace, as well as on television. It combines colorful historical information and experience from today's professional tour. And it examines poker's remarkable hold on American culture, from paintings by Frederic Remington to countless poker novels, movies, and plays. Braiding the threads of history with hands with new ways of seeing poker's relevance to our military, diplomatic, business, and personal affairs, Cowboys Full is sure to become the classic account of America's favorite pastime. All the living room's a stage! And your friends and family merely players, with their exits and entrances--and 45 minutes of utter enjoyment. Created by an imaginative drama teacher, The Home Shakespeare Festival is a complete theater company in a box. Home Shakespeare is like a host-your-own-murder game, but with an intellectual and artistic bent. Beginning with one of Shakespeare's best-known, best-loved works, the tragedy King Lear, each kit has everything needed to produce and act out a thoroughly entertaining 45-minute version of the play: cards for a director and technical director, showing how to cast the play, direct it, stage it, and create easy sets and sound effects; cards for each of the major parts, with a summary of the character and suggestions on how to play him or her; ten cleverly abridged copies of the script; and key props. For King Lear, the kit includes a retractable stage dagger and a jester's cap. Each kit also contains a booklet introducing the wonderful world of Shakespeare, acting tips and exercises, recipes for grog, and other good party games to play. Their bloodline is a dangerous game. A shocking truth. There's something strange about the small, mountain town of Artisan, Arkansas. When hematologist Dr. Carl Martin is called into a Little Rock emergency room, not even his expertise can save Rasco from bleeding to death. But why did the man die? His condition shouldn't have been fatal. And no one should have such bizarre red blood cells. Hoping to uncover a reason for the medical mystery, Carl returns to his hometown, an isolated, religious community nestled deep in the Arkansas Mountains. Instead of answers, however, Carl is faced with more questions--and a mysterious woman who stows away in his car. Carl not only wants to see the world for a few days before returning to Artisan, where the town leaders discourage mixing with the outside world. But after talking with Carl, Beth becomes increasingly distrustful. Her suspicions she's been harboring about the town become too intense to ignore. Together, Carl and Beth uncover an astounding medical conspiracy that not only affects all the residents of Artisan, but shapes the town's very identity. Never held about himself. This story of the origins and evolution of the American blues tradition draws on oral history interviews and research into neglected primary sources. Book jacket. Nineteenth-century religious scholar and Biblical critic William Robertson Smith famously concluded that the sacred status of holy places derives not from their intrinsic nature but from their social character. Building upon this insight, Mecca and Jerusalem: An Exegetical and Legal Texts to Analyze the Rituals and Objects Associated with the Sanctuary at Mecca. Integrating Islamic examples into the comparative study of religion, Brannon Wheeler shows how the rituals, objects, relics, and territory is related to the more general mythological depiction of the origins of Islamic civilization. Along the way, Wheeler considers the contrast between Mecca and Eden in Muslim rituals, the collection of relics of the prophet Muhammad, their relationship to the sanctuary at Mecca, and long tombs associated with the gigantic size of certain prophets mentioned in the Quran. Mecca and Jerusalem: An Exegetical and Legal Texts to Analyze the Rituals and Objects Associated with the Sanctuary at Mecca. Integrating Islamic examples into the comparative study of religion, offering over 900 articles on playing techniques, resources and a discography of over 5,000 recordings by harmonica players. Originally released in 1998, this new edition is profusely illustrated with over 150 photographs of the players who have made the world's most popular musical instrument. This book has been critically acclaimed by readers in over 25 countries and is a must-have for any serious harmonica enthusiast. Susan Sontag: An Annotated Bibliography of the Works of One of America's Most Prolific and Important 20th Century Authors. Known for her philosophical writings on American culture, topics left untouched by Sontag's writings are few and far between. This is an exhaustive collection that includes her novels, essays, reviews, films and interviews. Each entry is accompanied by an annotated bibliography. Paul Oliver rediscovers the wealth of neglected vocal traditions in American music. "Wolf" is the first original play written by Amy-Jane Ollies. First performed as part of 1956 Theatre's Manchester Repertory Season and now available for performance (providing permission has been granted).

author). The play explores the lives and intertwining relationships of eleven characters - each battling with their own personal demons. Using the old adage from Aesop's famous fable 'the boy who cried around the idea that there is a distinct lack of truth at the heart of each relationship and as the drama unfolds the writing serves as a sharp reminder of the fate that can become those who tell lies.
