What Grain Brain did for wheat, this book by a leading peripheral nerve surgeon now does for sugar, revealing how it causes crippling nerve damage throughout the body—in our feet, organs, and brain—why sugar and carbohydrates are harmful to the body's nerves, and how eliminating them can mitigate and even reverse the damage. If you suffer from ailments your doctors can't seem to diagnose or help—mysterious rashes, unpredictable digestive problems, debilitating headaches, mood and energy swings, constant tiredness—nerve compression is the likely cause. *Sugar Crush* exposes the shocking truth about how a diet high in sugar, processed carbohydrates, and wheat compresses and damages the peripheral nerves of the body, leading to pain, numbness, and tingling in the hands and feet, along with a host of related conditions, including migraines, gall bladder disease, and diabetes. Over the years, Dr. Richard Jacoby has treated thousands of patients with peripheral neuropathy. Now, he shares his insights as well as the story of how he connected the dots to determine how sugar is the common denominator of many chronic diseases. In *Sugar Crush*, he offers a unique holistic approach to understanding the exacting toll sugar and carbs take on the body. Based on his clinical work, he breaks down his highly effective methods, showing how dietary changes reducing sugar and wheat, coinciding with an increase of good fats, can dramatically help regenerate nerves and rehabilitate their normal function. *Sugar Crush* includes a quiz to assess your nerve damage, practical dietary advice, and the latest thinking on ways to prevent and reverse neuropathy. If you have diabetes, this essential guide will help you understand the dangers and give you the tools you need to make a difference beyond your doctor's prescriptions. From picture books to chapter books, YA fiction and nonfiction, Nancy Pearl has developed more thematic lists of books to enjoy. The Book Lust audience is committed to reading, and here is a smart and entertaining tool for picking the best books for kids. Divided into three sections—Easy Books, Middle-Grade Readers, and Young Adult—Nancy Pearl makes wonderful reading connections by theme, setting, voice, and ideas. For horse lovers, she reminds us of the mainstays in the category (*Black Beauty*, *Misty of Chincoteague*, etc.) but then in a creative twist connects *Mr. Revere and I* to the list. In a list called Chapter One, she answers the proverbial question: which chapters books are the most compelling for kids who are now ready to move beyond picture books. And who says picture books aren't deep? Recommended Folk Tales sort out many of life's dilemmas and issues of good and bad; a selection of picture books on *Death and Dying* introduces this topic with sensitivity; and *You've Got a Friend* offers up books for early readers that show the complexities and the pleasures of relating to others. Parents, teachers, and librarians are often puzzled by the unending choices for reading material for young people. It starts when the kids are toddler and doesn't end until high-school graduation. What's good, what's trash, what's going to hold their interest? Nancy Pearl, America's favorite librarian, points the way in *Book Crush*. You never forget your first crush . . . CRUSH brings together stories of heartbreak, humiliation, and hilarity from a roster of popular luminaries, including James Franco, Carrie Fisher, Stephen King, Roxane Gay, Jodi Picoult, Emily Gould, and Hanna Rosin, who share intimate memories of that first intense taste of love. Here are funny, whimsical, sometimes cringe-worthy tales of falling head over heels for River Phoenix, Mary Tyler Moore, Howard Cosell, Jared Leto, and a host of other pop culture icons. A few contributors channeled their devotion into obsessively writing embarrassing fan letters. Some taped pics in school lockers. Others decorated their bedroom walls with posters. For tweenaged Karin Tanabe, it was discovering bad boy Andy Garcia—playing the gun-loving mobster Vincent Corleone in *The Godfather III*. Barbara Graham unsuccessfully staked out an apartment on Park Avenue for a glimpse of her blue-eyed soulmate, Paul Newman. There was only one puppy for six-year-old Jodi Picoult—Donny Osmond—while Jamie Brisick's pre-teen addiction was *Speed Racer*. Swoon-worthy and unforgettable, the essays in CRUSH will leave you laughing, make you cry, and keep you enthralled—just like your first celebrity crush. The first in a new series from the “wicked-hot”* author of *Hard Time* and *Give It All* explores the fantasies of a daring married couple—and those of a stranger invited to play along in their scandalous little games... But at home he can be a different man entirely, harboring appetites only his wife gets to glimpse. When Samira first learned of her husband's fantasies, she was reluctant, even alarmed. But after witnessing the way they set him on fire, she yielded, and happily indulged. As their games have intensified, so has the rush. And now so has the risk—they're poised to take Mike's indecent desires to the next level, by opening their bed to a sexy, brazen stranger. So when she and her mom move back to their sleepy southern hometown to start over, she thinks she's in for a life of quiet normalcy. Except that her new life turns out to be anything but, when she kinda sorta hypnotizes Quinton, the hottest guy on the football team, to fall madly, deeply, head over heels in love with her. But what started out as an innocent way to make her best friend, Max, jealous soon gets way out of hand, and Willow begins to wonder if the mind - and more importantly, the heart - is something you can really control. I swear, my life was always totally normal. Normal house, normal family, normal school. My looks are average, I don't have any superpowers, no one's showing up to tell me I'm a princess—you get the picture. But when my junior year started, something not normal happened. There were new kids at school . . . new kids with a wardrobe straight out of a 19th-century romance novel, and an inexplicable desire to stay at school until sundown. And on top of that, James Hallowell showed up. James, who stole my sandwiches in fourth grade and teased me mercilessly through middle school. James, who now seems to have the power to make my heart race any time he comes near. But something weird is going on. Because James rarely goes out during the day. And he seems stronger than your typical guy. And he knows the new kids, all of whom seem to be harboring some kind of deep secret. . . .
