Psychology: Everything You Always Wanted to Know About "I want to make it clear before we start what the title represents. Everything You Need To Know, But Have Never Been Told does not refer to all that people need to know in terms of information and knowledge. How could you put that between two covers? Religious books claim to do this but they are works of self-delusion and perceptual imprisonment. Everything You Need To Know in this case refers to the information necessary to open entirely new ways of thinking and perceiving reality, both in the seen and unseen, from which everything else will come. This book is a start not a finish. It is written in layers with information placed upon information that together reveals the picture by connecting the parts. The parts are fascinating, but the picture is devastating. Prepare for a perception reboot]] "

The Complete Pinball Book Social media is becoming the fastest way to communicate ideas and values. Are you using this ever-changing media to effectively communicate your messages? In "Everything You Ever Wanted to Know About Social Media, but were afraid to ask," author and public relations professional Hilary JM Topper, MPA provides an understanding of social media. Designed for marketing professionals, small business owners, and non-profit organization executives, "Everything You Ever Wanted to Know About Social Media, but were afraid to ask" is filled with detailed, how-to information on the sometimes complicated online world. Guiding readers through the importance of implementing social media tactics into their marketing mix to increase awareness and maintain visibility, this guide: Describes how to use social media sites, blogs, and microblogs Reviews more than a dozen social networking sites Provides an understanding of the importance of podcasts and video podcasts Discusses what it means to "Go Viral" Gives suggestions for handling crisis situations via the Web "Everything You Ever Wanted to Know About Social Media, but were afraid to ask" highlights the power of consumer-generated media and how it can be used effectively to help grow your business.

Everything You Never Wanted Your Kids to Know About Sex (But Were Afraid They'd Ask) Growing up may be normal but doesn't mean it's easy! Do you have a million questions about periods? Or can't you even bear to think about them? Talking about this subject can be really difficult - so here's a guide based on real questions, that thousands of real girls have already asked. Girls are maturing at a younger age and this book will be an invaluable guide for anyone from eight to eighteen. It covers: -How do you know when your periods are about to start? -What will it really be like? -Who do you tell? -What do you use? -Are you different once your periods start? -Common questions and problems, and much more. The authors have been listening to what girls really want to know for many years. Dr Fiona Finlay and Dr Rosemary Jones are both consultant paediatricians, and Tricia Kreitman is an experienced advice columnist. This eminently qualified trio have written a highly readable, accessible and reassuring guide, which has received the approval of the Family Planning Association.

To Explain It All

Everything You Wanted to Know about Indians But Were Afraid to Ask Advertising & Media has a curiosity crisis. It's a rarely acknowledged but widely known problem: many people in the advertising industry, and new and prospective entrants, feel uncomfortable showing curiosity about key knowledge areas in advertising and media. And as advertising and media becomes more complex, the challenge of insufficient 'information transfer' is becoming even greater. This book shares the lessons learnt, research uncovered, creative breakthroughs and commercial revelations discovered in advertising and media over the past century, and covers in depth the six areas that today are the foundations of knowledge for the advertising and media industry. This book gives you what you need to know, without the judgement. What is media and its role? What is advertising, its purpose, and its history? What does advertising effectiveness mean, and what are its key principles? What technology do you need to be aware of? How does strategy work and how can you contribute? How do you develop the requisite skills and approach to build a career in advertising? How do you navigate the fast pace agency environment? How do you become a trusted, respected and vital advisor to your clients? About the Author Ben Shepherd is an award winning senior advertising and media executive with over 15 years experience consulting to

some of the world's leading brands.

Everything You Wanted to Know about the Afterlife but Were Afraid to Ask From the world class spiritual medium and author of the "compassionate yet educational" (John Edward, author of Infinite Quest) I'm Not Dead, I'm Different comes an insightful exploration into what it's like on the other side. Is there really an afterlife? Do spirits still feel love for us? What is it like when we cross over? After more than twenty-five years of bringing comfort to tens of thousands of people, Hollister Rand brings her incredible knowledge and experience to this accessible and comprehensive book that takes you on an eye-opening journey into the afterlife. With warm-hearted sincerity, Rand offers you a clear-eyed and uplifting view into an unknown universe and teaches you how to navigate your life on this earthly plane with eternity in mind. In an increasingly uncertain world, there is only one guarantee: we all face the same outcome. Featuring her signature humor and infused with authenticity regarding her own spiritual journey, Rand provides comfort, clarity, and laughs along the way.

Everything You Always Wanted to Know about Acting, But Were Afraid to Ask, Dear More than one hundred stereotype-debunking questions--thoughtful, awkward, and searching--answered with solid information, humor, and compassion.

Everything You Always Wanted to Know about Things You Never Knew You Wanted to Know Anything about From the foundations of human mind theories to the modern neuropsychology challenges, this clearly explained text is a perfect guide for anyone who wants to be knowledgeable about human psychology. As it navigates through the material, it provides readers with the information necessary to define and understand psychological concepts. Readers will also develop the ability to compare and interpret theories and scientific methods, as well as skills to apply different theoretical frameworks to analyze a given situation. This book was designed for those who want to develop a better understanding of the human mind, emotions, feelings and behaviors, as well as the relationships between different historical events. The content is focused on an essential review of all major psychological theories, principles, and experimental approaches. You will learn about historically significant psychology researchers, biological basis of human behavior, basic principles of consciousness and cognition, what drives human emotions and motivations, as well as how early childhood psychological development affects human behavior. The book also describes all major groups of psychological disorders and covers the foundations of social psychology. Created by highly qualified psychology and sociology teachers, researchers, and clinicians, this book educates and empowers both the average and the highly informed readers, helping them develop and increase their understanding of why people feel and behave in certain ways.

Everything You Always Wanted to Know about Lachmann's Method Caddyshack is the ultimate golfer's cult movie. Released in 1980 and starring Bill Murray, Chevy Chase, Rodney Dangerfield, Ted Knight, and others, the movie is unquestionably the raunchiest, funniest golf movie ever made. The Book of Caddyshack gives fans a behind-the-scenes look at this classic comedy and includes: Full descriptions of all scenes, with the main action plus what's going on in the background (and there's a lot going on!) Details on actors and others involved in the movie: movies and television shows in which they appeared before and after Caddyshack. Where are they now? Some went on to excellent careers, others crashed and burned. Key props, such as

Rodney Dangerfield's Rolls Royce and his enormous golf bag. Where did they come from? Where are they now? How the script progressed from the original to the eventual. The original is in the Caddyshack restaurant in Ponte Vedra Beach near Jacksonville. Every possible bit of trivia about the movie and making the movie. PGA Tour stars' favorite movie moments. Essentially, as the subtitle says: Everything You Ever Wanted to Know About the Greatest Movie Ever Made

Everything You Ever Wanted to Know About Rugby But Were too Afraid to Ask World history is not a subject; it is all the subjects. Because of this, world history as a discipline has never fit well with the traditional definition of historical research. H.G. Wells wrote the first true book of world history in 1920 and only a few authors have made the attempt to "explain it all" since Wells. In that time, world history has become the chosen subject of polymaths and possesses the most potential to unite all of the fields of knowledge. The subject of world history has developed several approaches, with "Big History" being the most modern, and flawed, of its variants.

Everything You Ever Wanted to Know about Social Media, But Were Afraid to Ask Various people interview art curator and critic Hans Ulrich Obrist about his life and work.

Everything You Ever Wanted to Know about Trans (But Were Afraid to Ask) From the foundations of Newtonian physics to atomic and nuclear theories, this clearly explained text is a perfect guide for anyone who wants to be knowledgeable about standard college physics topics or needs a refresher. As it navigates through the material, it provides readers with the information necessary to define and understand physics concepts. Readers will also develop the ability to comprehend basic physical laws that govern our universe, as well as skills to apply the theoretical knowledge to solving conceptual and quantitative problems. This book was designed for those who want to develop a better understanding of our physical universe, as well as the relationships between different laws of physics. The content is focused on an essential review of all major physics theories, principles, and experimental approaches. You will learn about kinematics and dynamics, statics and equilibrium, foundations of gravity, energy, work, sound and light, electricity and magnetism, basic principles of atomic physics, as well as heat and thermodynamics. The book also describes all major topics covered in a standard college physics course and walks you through solving different types of problems. Created by highly qualified physics instructors with years of experience in applied physics, as well as in academic settings, this book educates and empowers readers, regardless of whether they took college physics or not, helping them develop and increase their understanding of how our universe works.

Everything You Always Wanted to Know about Heaven Business & Economics: Investments & Securities - Stocks

Everything You Always Wanted to Know about Nutrition Leading activist and essayist Brynn Tannehill tells you everything you ever wanted to know about transgender issues but were afraid to ask. The book aims to break down deeply held misconceptions about trans people across all aspects of life, from politics, law and culture, through to science, religion and mental health, to provide readers with a deeper understanding of what it means to be trans. The book walks the reader through transgender issues, starting with "What does transgender mean?" before moving on to more complex topics including

growing up trans, dating and sex, medical and mental health, and debates around gender and feminism. Brynn also challenges deliberately deceptive information about transgender people being put out into the public sphere. Transphobic myths are debunked and biased research, bad statistics and bad science are carefully and clearly refuted. This important and engaging book enables any reader to become informed the most critical public conversations around transgender people, and become a better ally as a result.

Everything You Always Wanted to Know about Lacan Drawing from solid scriptural truth, a humorist and cultural commentator presents a delightful book filled with humor and fascinating facts that answers a vast array of questions about God. Original.

Everything You Always Wanted To Know About God Whatever its faults, the Indian bureaucracy cannot be accused of bias when it comes to confounding those who have to deal with it. Veteran insiders who return to it with their petitions after retirement are as clueless about how it functions as freshly minted supplicants. Outsiders in any case have little knowledge of who is responsible for what and why or how to navigate that critical proposal through the treacherous shoals of the secretariat. At the top of the heap is the fast-tracked elite civil servant, who belongs to a group of generalist and specialized services selected through a competitive examination. The aura of the Indian Administrative Service has remained intact over the years. Lack of awe, bordering on civilized disrespect, is a most effective learning tool. In this humorous, practical book, T.R. Raghunandan aims to deconstruct the structure of the bureaucracy and how it functions, for the understanding of the common person and replaces the anxiety that people feel when they step into a government office with a healthy dollop of irreverence.

Everything You Ever Wanted to Know about Bureaucracy But Were Afraid to Ask This is the puberty book written by the cool, older brother--that takes boys from their first armpit hair to their first wet dream—and beyond. Facts about developmental changes to tween and teen boys' bodies and brains are spelled out in fun, familiar, boy-speak and illustrated in edgy graphic novel format. So boys 10 and up can learn about health, hygiene, sexuality, and more in a way that's not embarrassing or tedious, but real, engaging, and enlightening. A recurring "Puberty Goggles" feature pokes gentle fun at the way a testosterone-tormented tween views himself and the world around him. The book also explores current hot-button topics from social media and cyberbullying to respecting women.

Everything You Wanted to Know about Indians But Were Afraid to Ask Have You Ever Wondered . . . What will Heaven look like? Will I recognize my family and friends? Will childhood pets be there? We all have questions about what Heaven will be like, and now the answers are right at your fingertips! Inspired by Randy Alcorn's million-copy bestseller, Heaven, this beautiful little book provides solid, biblically based answers to more than 100 questions about God, Heaven, angels, and eternity. So if you've ever wondered if Heaven is for real—the answer is yes! In fact, you won't believe how real it actually is.

A Short History of Nearly Everything 'Wry, beautiful, surprising and deeply moving' Rachel Seiffert, Guardian 'Captures so excellently the low level anxiety that hums through everyday life' Daily Telegraph

You wake up. You go to work. You have strategy meetings about how to use hashtags. After work you get so blackout drunk you can't remember the circumstances which have led you to waking up next to your colleague. The next day you stay in bed, scrolling through your social media feeds and wondering why everyone else seems to be achieving so much. Then you hear about Life on Nyx, a programme that offers the chance to move to another planet and start a new, meaningful way of life. But there's a caveat: if you go, you can never come back.

'An acute satire of our social media-dominated times and a haunting examination of depression and anxiety rendered in diamond sharp prose' i 'Sauma has the horrors of the workplace nailed with satirical precision' Sunday Times Culture 'Weird, wonderful and beautifully written' Daily Mail 'For fans of Black Mirror' Elle 'Millennial angst meets sci-fi' Stylist 'Uplifting, unputdownable and mordantly funny' Sharlene Teo, author of Ponti

Everything You Always Wanted to Know about Lacan Calorie counting, vitamin supplements, the consumption of meat and sugar, and the truth about fluoride in toothpaste are among the topics considered as Dr. Reuben answers commonly asked questions about diet and health

Everything You Ever Wanted to Know about Heaven For people with truly enquiring minds, Everything You Always Wanted to Know explodes a few myths, and tells the true story and little-known facts about the history of toilet paper, the evolution of the pretzel, how pet rats came into being, the first president to have a bathtub, the use of dogs in war, where and when the birthday cake originated, and other interesting arcana. Includes 84 historic illustrations. photos, bibliographies, index.

Kissing Who doesn't love a great kiss? Whether it's your very first smooch or your umpteenth, whether it's a quick peck or a long, lingering kiss you wish would never end, nothing beats a sensational smooch. And everyone has a favorite kissing story, a favorite movie kiss, a kiss they wish had never happened, and a kiss they long for so much they can almost taste it. In short, every kiss is cause for celebration.

Everything You Wanted to Know About the Back From Hudson's Bay outpost to gold rush fever and coal and lumber barons to political scandals Island-style to the mighty Douglas fir and Pacific salmon and profiles of Emily Carr, Cougar Annie and the Dunsmuir clan, no book is more comprehensive than the Vancouver Island Book of Everything. No book is more fun! Well-known Islanders weigh in on their favourite things about Vancouver Island. Robert Bateman shares his five most inspiring island locales; Michael Halleran tells us the five graves you simply must visit at Ross Bay Cemetery; Ian Vantreight tells us his five Island weather complaints; history teacher and Vancouver Island digital archive editor Patrick Dunae gives us his five essential Vancouver Island reads; professor Barbara Helem Whittington gives us her five favorite memories of growing up on the island. From politics to the country's best weather to the origins behind place names, Island slang, serial killers and the First Peopleit's all here! Whether you are a lifelong resident or visiting for the first time, there's no more complete book about Vancouver Island. If you love Vancouver Island, you'll love the Vancouver Island Book of Everything!

The Book of Caddyshack Adopting an alternative approach to painting, this book shows how, through a combination of Eastern philosophy and Western techniques, artists may

be empowered to produce more thoughtful and creative work. It demonstrates how this effect can be achieved by meditation and exercises.

Vancouver Island Book of Everything If you are considering physical therapy, chiropractic, medications, ergonomics, injections or even surgery as a treatment for your back pain, this is a must read! As both a spine surgeon and chiropractor, Dr. Donald Corenman has a comprehensive understanding of back disorders and conditions. His more than thirty years in practice have taught him that treatment options make more sense when you have knowledge of how your pain occurs. This book contains the whys and wherefores of all lower back pain management. Understanding why the spine develops pain is not complicated or difficult. Dr. Corenman draws on his unique background and experience to teach you everything you need to know about your spine in a simple and straightforward way. By eliminating the mystery of back and leg pain, you are more empowered to make the right choices for your own care.

Everything You Ever Wanted to Know About Zombies

Everything You Need to Know But Have Never Been Told A useful book for theater practitioners and fans of celebrity gossip alike, penned by an anonymous impresario. Have you ever wondered what really happens behind the scenes of a major West End production? **West End Producer** reveals all (except his true identity!) in this book that blows the lid off the theatre business.

Everything You Ever Wanted to Know about the Universe "Standing on the shoulders of C.S. Lewis", Kreeft provides a look at the nature of heaven. A refreshingly clear, theologically sound glimpse of the "undiscovered country". Kreeft speaks to the heart and the mind for an unexcelled look at one of the most popular, yet least understood, subjects in religion.

Everything You Wanted To Know About Advertising & Media But Were Too Afraid To Ask FUNNY: THE BOOK - EVERYTHING YOU ALWAYS WANTED TO KNOW ABOUT COMEDY

Everything You Always Wanted to Know about Curating But Were Afraid to Ask Treuer, an Ojibwe scholar and cultural preservationist, answers the most commonly asked questions about American Indians, both historical and modern. He gives a frank, funny, and personal tour of what's up with Indians, anyway.

Everything You Ever Wanted to Know about Watercolor 'A modernist work of art is by definition 'incomprehensible'; it functions as a shock, as the irruption of a trauma which undermines the complacency of our daily routine and resists being integrated. What postmodernism does, however, is the very opposite: its objects par excellence are products with mass appeal; the aim of the postmodernist treatment is to estrange their initial homeliness: 'you think what you see is a simple melodrama your granny would have no difficulty in following? Yet without taking into account the difference between symptom and sinthom/the structure of the Borromean knot/the fact that Woman is one of the Names-of-the-Father you've totally missed the point!' if there is an author whose name epitomises this interpretive pleasure of 'estranging' the most banal content, it is Alfred Hitchcock (and—useless to deny it—this book partakes unrestrainedly in this madness).' Hitchcock is placed on the analyst's couch in this extraordinary volume of

case studies, as its contributors bring to bear an unrivalled enthusiasm and theoretical sweep on the entire Hitchcock oeuvre, from *Rear Window* to *Psycho*, as an exemplar of 'postmodern' defamiliarization. Starting from the premise that 'everything has meaning', the films' ostensible narrative content and formal procedures are analysed to reveal a rich proliferation of ideological and psychological mechanisms at work. But Hitchcock is here to lure the reader into 'serious' Marxist and Lacanian considerations on the construction of meaning. Timely, provocative and original, this is sure to become a landmark of Hitchcock studies. Contributors: Frederic Jameson, Pascal Bonitzer, Miran Bozovic, Michel Chion, Mladen Dolar, Stojan Pellko, Renata Salecl, Alenka Zupancic and Slavoj Zizek.

Everything You Wanted to Know about Mutual Fund Investing- Revised and Updated Edition Everything You Ever Wanted to Know About Rugby But Were too Afraid to Ask explains the often-baffling laws of modern sport in a light-hearted and easy-to-understand way to the new fan/spectator or the 'sport widow'. This is a witty, off-the-wall guide to the rules of the modern game, as if written by a very patient but understanding friend. Writer Iain Macintosh explains how rugby works and why is it so popular, and reveals the history of the sport. He guides the novice through the basic rules of the game in a bouncy, easy-to-fathom style, but also explains the fast-changing pace of the modern game that has made it even more compelling. If you've ever been terrified by phrases like 'ruck and maul', or never quite understood the legalised 'bundle' that is a scrum, this book will remove the mystery and explain all you ever needed to know about rugby, but were too afraid to ask.

Everything You Wanted to Know about Investing in Stock Market - Revised and Updated "This book, written mainly with the non-Italian reader in mind, addresses a central problem in textual criticismnamely, how to try to correctly reconstruct a text of the past so that, even if not identical, it is as close as possible to the lost original, starting from a number of copies more or less full of mistakes; that is to say, how to preserve part of the memory of our past."--Preface, p. [13].

Everything You Always Wanted to Know About Puberty—and Shouldn't Be Googling One of the world's most beloved and bestselling writers takes his ultimate journey -- into the most intriguing and intractable questions that science seeks to answer. In *A Walk in the Woods*, Bill Bryson trekked the Appalachian Trail -- well, most of it. In *In A Sunburned Country*, he confronted some of the most lethal wildlife Australia has to offer. Now, in his biggest book, he confronts his greatest challenge: to understand -- and, if possible, answer -- the oldest, biggest questions we have posed about the universe and ourselves. Taking as territory everything from the Big Bang to the rise of civilization, Bryson seeks to understand how we got from there being nothing at all to there being us. To that end, he has attached himself to a host of the world's most advanced (and often obsessed) archaeologists, anthropologists, and mathematicians, travelling to their offices, laboratories, and field camps. He has read (or tried to read) their books, pestered them with questions, apprenticed himself to their powerful minds. *A Short History of Nearly Everything* is the record of this quest, and it is a sometimes profound, sometimes funny, and always supremely clear and entertaining adventure in the realms of human knowledge, as only Bill Bryson can render it. Science has never been more involving or entertaining.

Everything You Ever Wanted Hitchcock gets onto the analyst's couch in this

extraordinary volume of case studies. The contributors bring to bear an unrivaled enthusiasm and theoretical sweep on the entire Hitchcock oeuvre, analyzing movies such as *Rear Window* and *Psycho*. Starting from the premise that 'everything has meaning,' the authors examine the films' ostensible narrative content and formal procedures to discover a rich proliferation of hidden ideological and psychic mechanisms. But Hitchcock is also a bait to lure the reader into a serious Marxist and Lacanian exploration of the construction of meaning. An extraordinary landmark in Hitchcock studies, this new edition features a brand-new essay by philosopher Slavoj Zizek, presenter of Sophie Fiennes's three-part documentary *The Pervert's Guide to Cinema*. Contributors: Pascal Bonitzer, Miran Bozovi?, Michel Chion, Mladen Dolar, Fredric Jameson, Stojan Pelko, Renata Salecl, Alenka Zupan'i? and Slavoj Zizek.

Everything You Always Wanted to Know About Ex* A psychiatrist and a pediatrician present an information-packed, objective study for parents on how to understand their children's sexuality, from infancy to the teen years and beyond, covering every key stage in a child's sexual development, explaining how to address youngsters' questions, and discussing such topics as abstinence, love, sex, and more. Reprint. 20,000 first printing.

Everything You Always Wanted to Know About Physics The most comprehensive zombie handbook ever published—with a foreword by Max Brooks! In one indispensable volume, Matt Mogk busts popular myths and answers all your raging questions about the living dead.* Q. How can I increase my chances of survival? A. One simple step is to keep away from other people. Without people there can be no zombies. Q. What is the connection between the Voodoo zombie and the flesh-eating zombie of popular culture? A. Other than a shared name, absolutely nothing. Q. Will zombies actually eat me, or will they just bite and chew? A. Research suggests the neuromuscular activity required for swallowing may be too complex for a zombie. Q. Will we see any warning signs before the dead rise? A. Unfortunately, entire populations could be infected with the zombie sickness before anyone even knows there's a problem. Q. How come Zombie Awareness Month is in May and not October? A. Unlike witches and vampires, zombies are not otherworldly creatures. They are made of flesh and blood. Don't forget to wear your gray ribbon. * Many more questions about zombies—including why not all of them are undead—are answered inside the book.

Everything You Ever Wanted to Ask About Periods Business & Economics: Investments & Securities - Mutual Funds

Everything You Always Wanted to Know about Sex The Universe is a beautiful, awe-inspiring place - from glowing nebulae to the sweeping majesty of the Milky Way, from complex cloud patterns on Jupiter to the rippling curtains of aurorae. But many of us struggle to grasp the complex ideas and science behind it all, or to see how it relates to our everyday lives. In this mind-expanding book, Professor Andrew Newsam draws on his vast expertise to show us what's going on beyond the limits of our planet, from our solar system to distant galaxies - and what this tells us about our own place in this vast expanse called 'the Universe'. Will our explorations of our neighbouring planets reveal life or a new place to settle? What happens inside black holes? Is dark matter real? Would a solar flare have a devastating effect on our planet? Could we do anything to prevent being wiped out by an approaching asteroid? What can observations of stars reveal about our origins - and our future? **Everything You Ever Wanted to Know about**

the Universe is a brilliantly vivid and entertaining guide to the incredible phenomena of outer space - and to ourselves.

Funny: The Book The sex education you never got: what to do when the sex is over—and you're left with an Ex In 1969, David Reuben, MD, published his groundbreaking book **Everything You Always Wanted to Know About Sex***. Forty years later, we know plenty about sex. The thing we're so confused about, however, is what to do when the sex is over, and you're left with an Ex. In the age of Google, Facebook, and Twitter, it's almost impossible to leave the past behind. **Everything You Always Wanted to Know About Ex*** is the answer for any woman whose former relationship is keeping her from finding true love. Written by two family therapists, this book helps readers learn: Who holds the power in your Ex relationships The best way to deal with an unavoidable Ex Solutions to everyday Ex issues (including kids) How to handle your boyfriend's or husband's Exes How to get resolution with any Ex How to learn from your Exes so as to make a better choice the next time This sassy, take-charge manual is a must-read for any woman who has an Ex. Praise for **Everything You Always Wanted to Know About Ex*** "No matter how codependent or crazy your relationship with your Ex has been, this book will show you how to live and love again." Melody Beattie | bestselling author, *The New Codependency and Codependent No More* "An insightful, entertaining and essential guide to surviving the turmoil and trauma of breakups and divorce. Read this book and you'll learn to survive and thrive in the aftermath of an unhappy relationship." Ben Sherwood | bestselling author, *The Survivor's Club* "If you have an Ex and kids, this book is a must read (unless you want your kids to spend their college savings on therapy)!" Romi Lassally | author, *True Mom Confessions: Real Moms Get Real* | founder of truconfessions.com "I thought I knew everything there was to know about my Ex. But I never would have guessed she'd be able to turn some of our most shameful follies into such valuable advice. Now our Ex life couldn't be better!" Michelle's Ex "When I first became an Ex it was like a brick to the head or, perhaps in better moments, a knee to the groin. But this book adds the one metaphor I was missing—a breath of fresh air. Heather worked hard to become a 'good' Ex, where drama takes a backseat to what's important—our kids and our futures. This book can show everyone that the path from Ex to next can be filled with hope and happiness." Heather's Ex
