My Cosplay Makeup Charts Pattern recognition has gained significant attention due to the rapid explosion of internet- and mobile-based applications. Among the various pattern recognition applications, face recognition is always being the center of attraction. With so much of unlabeled face images being captured and made available on internet (particularly on social media), conventional supervised means of classifying face images become challenging. This clearly warrants for semi-supervised classification and subspace projection. Another important concern in face recognition system is the proper and stringent evaluation of its capability. This book is edited keeping all these factors in mind. This book is composed of five chapters covering introduction, overview, semi-supervised classification, subspace projection, and evaluation techniques.

Fat Cat Art This is the first book to show how the painted face functioned as theatrical signal in Renaissance drama. Explaining the connection between red, white, and black makeup and sexual sin, devilish seduction, and poison, Annette Drew-Bear surveys how Renaissance dramatists used face-paint in tragedy to express a wide range of social, political, and sexual corruption. She also shows that in Renaissance comedy, playwrights exploited the many bawdy meanings of fucus, or cosmetic paint, to dramatize that "theres knauery in dawbing."

Reggie's Face Painting From the first major discoveries a century ago, the painted portraits of Roman Egypt were a revelation to scholars and the public alike, and the recent finding of a new cache of these gilded images, which made national headlines, have only heightened their mystery and appeal. Published to coincide with a new major exhibition of these portraits, Ancient Faces is the most comprehensive, up-to-date survey of these astonishing works of art. Dating from the later period of Roman rule in Egypt, shortly before the birth of Christ, the painted mummy portraits are among the most remarkable products of the ancient world, a fusion of the traditions of pharonic Egypt and the Classical world. They are historical and cultural objects of outstanding importance and beauty, superb works of art that represent some of the earliest known examples of life-like portraiture. Though the subjects of the portraits believed in the traditional Egyptian cults, which offered them a firm prospect of life after death, they also wished to be commemorated in the Roman manner, with their fashion of dress and adornment signaling their status in life. Despite their ancient history, these portraits speak to the modern eye with a beauty and intensity that would be lost to portraiture until the Renaissance.

Painted Faces #1 NEW YORK TIMES BESTSELLER • A vibrant collection of oil paintings and stories by President George W. Bush honoring the sacrifice and courage of America's military veterans. With Forewords by former First Lady Laura Bush and General Peter Pace, 16th Chairman of the Joint Chiefs of Staff. Growing out of President Bush's own outreach and the ongoing work of the George W. Bush Institute's Military Service Initiative, Portraits of Courage brings together sixty-six full-color portraits and a four-panel mural painted by President Bush of members of the United States military who have served our nation with honor since 9/11—and whom he has come to know personally. Our men and women in uniform have faced down enemies, liberated millions, and in doing so showed the true compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has "little awareness" of the issues facing them and their families. Each painting in this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery, and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform, highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from PORTRAITS OF COURAGE to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on gaining meaningful employment and overcoming the invisible wounds of war.

Face Recognition Put a new face on fun! No matter what your experience level, you can turn everyday faces into sweet, funny or frightening works of art that move, laugh, grow and always make people smile! The first half of this book features fun, friendly transitions, such as birds and butterflies, puppies and princesses, knights and night skies. Part Two crosses over to the dark side with strikingly horrible, downright unnerving personas, including vampires, zombies, gargoyles and other foul, freakish creeps. • Easy-to-follow instruction from two award-winning artists • 50 step-by-step projects ranging from simple to more advanced • Designs include popular kid and adult themes for parties, performances, Halloween and other occasions • Expert techniques for painting remarkably realistic textures, making human features virtually disappear, creating the look of age and other surprising, fool-the-eye effects Full of friendly instruction for beginners and fresh inspiration for seasoned painters, this book will help you make art as original as the face that is painted!

Faces of Africa Offers tips and techniques for face painting, with instructions for eighteen different projects, including flower fairy, frog king, madame butterfly, and zombie kid.

The Osborne Book of Face Painting A little girl has a rainbow of emotions in this gentle debut picture book that encourages little ones to express their feelings through color. You're pink, you're teal, you're gray, you're jade. You're every golden, warmy shade... All of us have lots of feelings, and this sweet rhyming story cleverly uses colors to explore the wide range of emotions little ones experience throughout the day, from a shy scarlet to a quiet ecru to an exuberant magenta. Along the way it celebrates individuality and self-acceptance—after all, our feelings are the palette that makes us who we are!

Mesolore "It's official. That thing that classic art has been missing is a chubby reclining kitty." —The Huffington Post Internet meme meets classical art in Svetlana Petrova's brilliant Fat Cat Art. Featuring her twenty-two-pound, ginger-colored cat Zarathustra superimposed onto some of the greatest artworks of all time, Petrova's paintings are an Internet sensation. Now fans will have the ultimate full-color collection of her work, including several never-before-seen pieces, to savor for themselves or to give as a gift to fellow cat lovers. From competing with Venus's sexy reclining pose (and almost knocking her off her chaise lounge in the process) in Titian's Venus of Urbino, to exhibiting complete disdain as he skirts away from God's pointing finger in Michelangelo's Creation of Adam, Zarathustra single-handedly rewrites art history in the way that only an adorable fat cat can.

The Playground Problem Presents a selection of full-color photographs from across Africa, covering topics including sense of place, the joy of being, inner journeys, patterns of beauty, rhythm from within, and capacity to endure.

Glitter Face Painting Come forth with an open mind, for an unconventional tale of love.. Dublin native Freda Wilson considers herself to be an acquired taste. She has a habit of making offensive jokes and speaking her mind too often. She doesn't have the best track record with first impressions, which is why she gets a surprise when her new neighbour Nicholas takes a shine to her. Nicholas is darkly handsome, funny and magnetic, and Freda feels like her black and white existence is plunged into a rainbow of colour when she's around him. When he walks into a room he lights it up, with his quick wit and charisma. He is a travelling cabaret performer, but Freda doesn't know exactly what that entails until the curtains pull back on his opening night. She is gob-smacked and entirely intrigued to see him take to the stage in drag. Later on, Nicholas asks her if she would like to become his show assistant. Excited by the idea, she jumps at the chance. Soon she finds herself immersed in a world of wigs, make-up and high heels, surrounded by pretty men and the temptation of falling for her incredibly beautiful employer. In this story of passion and sexual discovery, Nicholas and Freda will contend with jealousy, emotional highs and lows, and the kind of love that only comes around once in a lifetime.

Face Painting Makeup, as we know it, has only been commercially available in the last 100 years, but applying decoration to the face and body may be one of the oldest global social practices. In Face Paint, Lisa Eldridge reveals the entire history of the art form, from Egyptian and Classical times up through the Victorian age and golden era of Hollywood, and also surveys the cutting-edge makeup science of today and tomorrow. Face Paint explores the practical and idiosyncratic reasons behind makeup's use, the actual materials employed over generations, and the glamorous icons that people emulate, it is also a social history of women and the ways in which we can understand their lives through the prism and impact of makeup.
