actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world. --from the Introduction Actual reader feedback: "I find it truly appalling that there are people in the world like you. You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe in God anymore. No just God would allow someone like you to exist." "I'll stay with God as my lord, but you are my savior. I just finished reading your brilliant stories, and I laughed so hard I almost vomited. I want to bring that kind of joy to people. You're an artist of the highest order and a true humanitarian to boot. I'm in both shock and awe at how much I want to be you."

Online Business Tactics Passive income is becoming more popular by the day. However, many people still do not understand how beneficial it is. Believe it or not, making money in your sleep is not the biggest benefit. This book outlines more important reasons why everyone should seek a passive income stream or be in the process of creating one. I also offer semi passive strategies. Planning for retirement should not be a huge headache—unless you think that you can only prepare for retirement by saving. If a sudden change in your life or the economy happens, your savings may not be very helpful in retirement. It is no secret that savings are just not enough. You will have unexpected expenses especially in your old age and you are likely to underestimate the amount you should save. People are living longer nowadays but that should not mean they want to work more years. A passive income stream means that you will have constant cash flow. You will be getting an amount of money regularly, unlike with savings. It will be like getting a paycheck without actively working.
