*A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.In his major work, acclaimed historian and judicial authority Melvin Urofsky examines the great dissents throughout the Court's long history. Constitutional dialogue is one of the ways in which we as a people reinvent and reinvigorate our democratic society. The Supreme Court has interpreted the meaning of the Constitution, acknowledged that the Court's majority opinions have not always been right, and initiated a critical discourse about what a particular decision should mean before fashioning subsequent decisions--largely through*

*the power of dissent. Urofsky shows how the practice grew slowly but steadily, beginning with the infamous and now overturned case of Dred Scott v. Sandford (1857) during which Chief Justice Roger Taney's opinion upheld slavery and ending with the present age of incivility, in which reasoned dialogue seems less and less possible. Dissent on the court and off, Urofsky argues in this major work, has been a crucial ingredient in keeping the Constitution alive and must continue to be so. This updated volume brings together the knowledge of multiple experts in the field of asset protection to provide an in-depth, professional analysis and review of the key issues that lawyers and financial planning professionals face in advising clients on plans designed to achieve the goals of tax savings, providing for other family members, and protecting the estate from creditors. "Equal Justice Under Law" is one of America's most proudly proclaimed and widely violated legal principles. But it comes nowhere close to describing the legal system in practice. Millions of Americans lack any access to justice, let alone equal access. Worse, the increasing centrality of law in American life and its growing complexity has made access to legal assistance critical for all citizens. Yet according to most estimates about four-fifths of the legal needs of the poor, and two- to three-fifths of the needs of middle-income individuals remain unmet. This book reveals the inequities of legal assistance in America, from the lack of access to educational services and health benefits to gross injustices in the criminal defense system. It proposes a specific agenda for change, offering tangible reforms for coordinating comprehensive systems for the delivery of legal services, maximizing individual's opportunities to represent themselves, and making effective legal services more affordable for all Americans who need them. Asset Protection in Florida covers all facets of asset preservation for Florida residents. The Fourth Edition manual provides comprehensive analysis of the many steps available to protect assets from creditors' claims, both during your lifetime and at death. Among the many topics covered are homestead, trusts (both domestic and offshore), business planning, planning for dissolution of marriage, protection of retirement and education accounts, and the ethical aspects of advising clients on asset protection issues. Bankruptcy issues and tax planning are prominently featured throughout the text. The eBook versions of this title feature links to Lexis Advance for further legal research options. The legal industry has long been risk averse, but when it comes to adapting to the experience-driven world created by companies like Netflix, Uber, and Airbnb, adherence to the old status quo could be the death knell for today's law firms. In The Client-Centered Law Firm, Clio cofounder Jack Newton offers a clear-eyed and timely look at how providing a client-centered experience and running an efficient, profitable law firm aren't opposing ideas. With this approach, they drive each other. Covering the what, why, and how of running a client-*

*centered practice, with examples from law firms leading this revolution as well as practical strategies for implementation, The Client-Centered Law Firm is a rallying call to unlock the enormous latent demand in the legal market by providing client-centered experiences, improving internal processes, and raising the bottom line. A fun and easy way to learn the drums* Elgar Advanced Introductions are stimulating and thoughtful introductions to major fields in the social sciences and law, expertly written by the world's leading scholars. Designed to be accessible yet rigorous, they offer concise and lucid surveys of the substantive and policy issues associated with discrete subject areas. In this Advanced Introduction, one of the world's leading private law scholars takes the reader on an intellectual journey through the different facets and dimensions of the field, from the family home to Kuta Beach and from Thomas Piketty to Nina Hagen. This concise book provides an accessible and fresh introduction to private law, presenting the topic as a unified whole of which the main branches – on contract, tort, property, family and inheritance – are governed by conflicts between individual autonomy and countervailing principles. The book stands out as a unique account of how private law allows individuals to optimally flourish in matters of economy, work, leisure, family and life in general. Written by a veteran litigator and leading expert on law and social media, *The Lawyers Guide to Social Networking* provides a comprehensive look at how social media is affecting the legal system. This book examines the myriad ways in which information from sites like Facebook, MySpace, and Twitter is being put to use in everything from criminal and family law matters to personal injury, employment, and commercial cases nationwide. The author illustrates how the pervasive social networking phenomenon is redefining traditional notions of jurisdiction, duty, service of process, and legal ethics while using actual trial and appellate level cases to analyze the discoverability and admissibility of social media evidence. *Eldercare* tends to sneak up on everybody involved. Adult children allow themselves to believe that their parents will never get sick or old. Parents fail to acknowledge that they will one day become dependent upon others. And ignoring the inevitable only makes it more difficult to cope when a crisis finally occurs. Fortunately, you can make your caregiving journey far easier by facing it head-on. *The ElderCare Ready Book* tells you what to expect and how to prepare for the challenges you'll encounter. You'll learn:

- How to be prepared for your eldercare journey
- How to implement the necessary steps to manage and control your loved one's care:
- o How to identify what information and documentation you will need
- o How to access certain necessary information
- o How to organize and keep this data at hand for use when needed
- Common misconceptions about eldercare and legal documentation
- How to keep your loved ones safe
- What to expect from care providers
- And much more . . .

*Choice of Law* provides an in-depth

*sophisticated coverage of the choice-of-law part Conflicts Law (or Private International Law) in torts, products liability, contracts, forum-selection and arbitration clauses, insurance, statutes of limitation, domestic relations, property, marital property, and successions. It also covers the constitutional framework and conflicts between federal law and foreign law. The book explains the doctrinal and methodological foundations of choice of law and then focuses on its actual practice, examining not only what courts say but also what they do. It identifies the emerging decisional patterns and extracts predictions about likely outcomes. The world remembers Nuremberg, where a handful of Nazi policymakers were brought to justice, but nearly forgotten are the proceedings at Dachau, where hundreds of Nazi guards, officers, and doctors stood trial for personally taking part in the torture and execution of prisoners inside the Dachau, Mauthausen, Flossenburg, and Buchenwald concentration camps. In Justice at Dachau, Joshua M. Greene, maker of the award winning documentary film Witness: Voices from the Holocaust, recreates the Dachau trials and reveals the dramatic story of William Denson, a soft-spoken young lawyer from Alabama whisked from teaching law at West Point to leading the prosecution in the largest series of Nazi trials in history. In a makeshift courtroom set up inside Hitler's first concentration camp, Denson was charged with building a team from lawyers who had no background in war crimes and determining charges for crimes that courts had never before confronted. Among the accused were Dr. Klaus Schilling, responsible for hundreds of deaths in his "research" for a cure for malaria; Edwin Katzen-Ellenbogen, a Harvard psychologist turned Gestapo informant; and one of history's most notorious female war criminals, Ilse Koch, "Bitch of Buchenwald," whose penchant for tattooed skins and human bone lamps made headlines worldwide. Denson, just thirty-two years old, with one criminal trial to his name, led a brilliant and successful prosecution, but nearly two years of exposure to such horrors took its toll. His wife divorced him, his weight dropped to 116 pounds, and he collapsed from exhaustion. Worst of all was the pressure from his army superiors to bring the trials to a rapid end when their agenda shifted away from punishing Nazis to winning the Germans' support in the emerging Cold War. Denson persevered, determined to create a careful record of responsibility for the crimes of the Holocaust. When, in a final shocking twist, the United States used clandestine reversals and commutation of sentences to set free those found guilty at Dachau, Denson risked his army career to try to prevent justice from being undone. From the Hardcover edition. Find out how to avoid divorce pitfalls & increase the likelihood of an amicable divorce. Christina Vinters, J.D., Family Law Mediator and retired Divorce Lawyer, has seen firsthand the many mistakes that even well-meaning people tend to make at the beginning of separation out of fear, anger, jealousy and/or lack of information. These*

*mistakes often lead to the undesired path of court proceedings, deteriorating relationships, strained parenting abilities, and escalating legal fees. What is "amicable"? Being amicable does not mean that you give up your legal rights in order to avoid disagreement; it means that you resolve disagreements in a respectful and realistic way rather than battling it out in court, so that you can protect your children, your co-parenting relationship, and your net worth from the trauma of extended divorce litigation. Pathways provides: a look at the culture of divorce & its harmful assumptions; the basics of divorce law and separation agreements; descriptions, pros, and cons of 4 pathways/methods for working towards an amicable resolution; practical information and specific tips on what to do and what not to do if you would like a healthy divorce resolution that will let you to move on with your life; dozens of links to free online resources for additional learning, including videos, worksheets, frequently asked questions, and location-specific services organized by State and Province. Target Audience Pathways is an easy-to-read guide for Americans & Canadians who find themselves navigating the process of separation. This book is perfect for anyone who wants direction on how to achieve a good divorce rather than the stereotypical divorce battle. It is for people who appreciate specific tips and actionable strategies that they can implement. In addition, couples trying to balance divorce and children in a healthy way will find this book extremely valuable. Child custody arrangements and child support are important details but Pathways highlights that the real key to a healthy future is to learn how to de-escalate conflict and maintain functional communication. Endorsements "This book is a powerful resource for anyone in a range of scenarios, from contemplating separating from their spouse, through the throes of divorce, worried about the impact of divorce on their child, or even just trying to figure out how to offer counsel to a friend in need" -Professor Gillian Calder, LL.M., Associate Dean & Family Law Professor at the University of Victoria ..".Start here! This book is a master resource for those who want to consider out-of-court options, including a list of province-by-province or state-by-state online resources. As a lawyer who is finely tuned to the needs of separating individuals, Ms. Vinters provides numerous tips for navigating the often-complex-appearing divorce process. She covers all the basics, from disclosure forms to parenting issues to alternatives for decision-making (including the benefits of mediation and collaborative divorce). She has really done her research and the reader will benefit from how well she has organized and simplified tons of information, written in a very accessible way." --Bill Eddy, family lawyer, mediator, therapist, and international speaker. Author of The Future of Family Court and BIFF: Quick Responses to High-Conflict People. Developer of the New Ways for Families method for separating and divorcing parents:*

*www.NewWays4Families.com. "No reasonable person could wish to have the misery of a litigated divorce. This book clearly and succinctly guides readers towards an amicable divorce. It's full of insightful tips to help them start out on the right path." J. Mark Weiss, J.D., Attorney, Mediator, & International Academy of Collaborative Professionals Board Member Formerly Real Estate Transactions, Finance, and Development, this casebook focuses on the purchase, sale, financing, and development of real estate and the significance of legal rules and institutions at various stages of these transactions. Arranged in clearly labeled, self-contained chapters, it allows maximum flexibility for professors to tailor assignments to the needs of various courses, and is suitable for: Introductory Transactions or Conveyancing courses, Mortgage Law courses, and advanced courses in topics concerning realty development and finance In this timely new edition, distinguished authors Dukeminier and Johanson build on the success of their phenomenally popular casebook Wills, Trusts, and Estates with new coverage of non-traditional family arrangements, living wills, and much more. The authors blend cases selected for human interest as well as teaching value with provocative hypotheticals, cartoons, photographs, and other illustrations to comprehensively cover this area in a very lively, readable manner. Organized logically, The book begins with estate planning and its limitations, moves to wills and will substitutes, progresses to trusts, and concludes with a chapter on taxation. New topic coverage includes: babies inadvertently swapped in hospitals, surrogate mothers, lesbian adoption, and artificial insemination (including children conceived after sperm donor's death) living wills and powers of attorney for health care, including the Cruzan case And The Uniform Health Care Decisions Act a new chapter combining mental capacity and undue influence, which features the Seward Johnson will contest and related preventive lawyering issues shortened, more teachable chapters on future interests and perpetuities latest changes To The Uniform Probate Code a completely revised and reorganized trustee administration chapter Like its predecessors, this book is a lively, flexible, and understandable teaching tool that is accompanied by a detailed and witty Teacher's Manual, which is regarded as the best in the field. By providing representation for a clearly defined portion of the client's legal needs, such as preparing a legal document or making limited court appearances, lawyers can market their practice to an entirely new client base and give their firm a competitive advantage. The only book available on the topic, Limited Scope Legal Services provides lawyers of all types--from solo to big law--with practical solutions for setting up unbundling practices in their firms. Featuring the most current exploration of cyberlaw, CYBERLAW helps students understand the legal and policy issues associated with the Internet. Tackling a full range of legal topics, it includes discussion of jurisdiction, intellectual*

*property, contracts, taxation, torts, computer crimes, online speech, defamation and privacy. Chapters include recent, relevant cases, discussion questions and exercises at the end of each chapter. Using a consistent voice and clear explanations, the author covers the latest developments in cyberlaw—from cases to legislation to regulations. Among members of the legal profession and judiciary throughout the world, there is a genuine concern with establishing and maintaining high ethical standards. It is not difficult to understand why this should be so. Nor is it difficult to see the professional standards are not completely divorced from ordinary morality. Indeed, legal ethics and professional responsibility are more than a set of rules of good conduct; they are also a commitment to honesty, integrity, and service in the practice of law. In order to ensure that the standards established are the right ones, it is necessary first of all to examine important philosophical and policy issues, such as the need to reconsider the boundaries between, on the one hand, a lawyer's obligation to a client and, on the other, the public interest. It is also to be appreciated that conflicts of interest are pervasive and that all too often they are so common that they are not recognized as such. Yet rarely is public policy clearly cut. The underlying themes of this book are: \* that the move to more definite rules is not only inevitable but also desirable \* that existing codes of professional practice cannot simply be treated as a system of specific rules \* that the current set of ethical rules is contestable and requires further refinement, perhaps even radical surgery \* and that legal ethics must be conceived in the more general area of professional responsibility. The wider ethical issues of the operation of the legal profession as a whole are now firmly on the agenda. Both law schools and law professionals have a role to play in developing acceptable standards in this area and it is therefore appropriate that the essays in this volume are written by a distinguished group of law teachers and practitioners together with senior members of the judiciary. The book opens with an overview chapter, followed by three chapters analysing the ethical rules pertaining to the judiciary, the Bar, and solicitors, written by, respectively, the Master of the Rolls, Anthony Thornton, and Alison Crawley and Christopher Bramall. The following three chapters look at the specific issues of confidentiality (Michael Brindle and Guy Dehn) and the particular ethical problems in the family and criminal law jurisdictions (Sir Alan Ward and Professor Andrew Ashworth respectively). Chapter 8, by Sir Alan Paterson, discusses the teaching of legal ethics, whilst Chapters 9 and 10, by Marc Galanter, Thomas Palay, and Cyril Glasser put the subject in its wider social and professional context. The book finishes with a chapter which examines what lawyers may learn from looking at the study of medical ethics. Kidnapped into slavery in 1841, Northup spent 12 years in captivity. This autobiographical memoir represents an exceptionally detailed and accurate description of slave life and*

Veteran attorneys Bergman and Berman-Barrett tell you what to say, how to say it, even where to stand when you address the judge and jury. Armed with the simple but thorough instructions in Represent Yourself in Court, you can be heard and taken seriously in any courtroom. Readers learn how to: „X file court papers „X handle depositions and interrogatories „X comply with courtroom procedures „X pick a jury „X prepare your evidence and line up witnesses „X present your opening statement and closing argument „X cross-examine hostile witnesses „X understand and apply rules of evidence „X locate, hire and effectively use expert witnesses „X make and respond to your opponent's objections „X get limited help from an attorney on an as-needed basis „X monitor the work of an attorney if you decide to hire one Whether you are a plaintiff or a defendant, this book will help you confidently handle a divorce, personal injury case, landlord/tenant dispute, breach of contract, small business dispute or any other civil lawsuit. From New York Times bestselling author and nationally syndicated talk radio host Dave Ramsey comes the secret to how he grew a multimillion dollar company from a card table in his living room. If you're at all responsible for your company's success, you can't just be a hard-charging entrepreneur or a motivating, encouraging leader. You have to be both! Dave Ramsey, America's*

*trusted voice on money and business, reveals the keys that grew his company from a one-man show to a multimillion-dollar business—with no debt, low turnover, and a company culture that earns it the “Best Place to Work” award year after year. This book presents Dave’s playbook for creating work that matters; building an incredible group of passionate, empowered team members; and winning the race with steady momentum that will roll over any obstacle. Regardless of your business goals, you’ll discover that anyone can lead any venture to unbelievable growth and prosperity through Dave’s common sense, counterculture, EntreLeadership principles!*The death of twenty-five year old Brandon Whitten in 2002 took his father, Reggie, down a path no one could have imagined. Brandon was the All-American kid football player, popular student, wonderful son. But while playing college football, Brandon became addicted to prescription drugs and alcohol leading to the death of his girlfriend and, three years later, the loss of his own life. Brandon's death profoundly changed Reggie's life. With gripping drama, Reggie Whitten describes the path he has walked since 2002. From being depressed and "on fire" in the wake of Brandon's death to starting non-profits that invest in the lives of others, Reggie tells the story of a life no one wants to live but everyone can learn from. In *What's Your Fate?*, Reggie and others tell the story of how substance abuse impacts lives and how you can do something to address the biggest issue facing our nation. Filled with multiple testimonies from athletes who have made good decisions to doctors who have not, *What's Your Fate?* will move your heart and then motivate you to act. FATE is a non-profit organization dedicated to changing the culture of substance abuse by telling true stories of successes and failures. For more information about FATE go to [www.fate.org](http://www.fate.org) When Emma Johnson's marriage ended she found herself broke, pregnant, and alone with a toddler. Searching for the advice she needed to navigate her new life as a single professional woman and parent, she discovered there was very little sage wisdom available. In response, Johnson launched the popular blog [Wealthysinglemommy.com](http://Wealthysinglemommy.com) to speak to other women who, like herself, wanted to not just survive but thrive as single moms. Now, in this complete guide to single motherhood, Johnson guides women in confronting the naysayers in their lives (and in their own minds) to build a thriving career, achieve financial security, and to reignite their romantic life--all while being a kickass parent to their kids. *The Kickass Single Mom* shows readers how to: - Build a new life that is entirely on their own terms. - Find the time to devote to health, hobbies, friendships, faith, community and travel. - Be a joyful, present and fun mom, and proud role model to your kids. Full of practical advice and inspiration from Emma's life, as well as other successful single moms, this is a must-have resource for any single mom. Updated to include information on the Tax Cuts and Jobs Act, including the 20% pass-through deduction

*available to SMLLC owners Single-member LLCs are the new business entity of choice for small businesses with one owner. Easy to form and operate, Single Member LLCs combine some of the most desirable features of older, more traditional business structures like corporations, partnerships, and sole proprietorships. With a Single Member LLC, you get personal liability protection, pass-through taxation, and flexibility of management. This book provides an overview of everything you need to know about Single Member LLCs, including: what forms and documents you need to create an SMLLC how to initially fund an SMLLC what your options are for managing an SMLLC how to prepare taxes for an SMLLC what kinds of records you need to maintain for your SMLLC, and liability issues specific to SMLLCs. Nolo's Guide to Single-Member LLCs has all the essential information you need to decide whether an SMLLC is the right choice for your business. The book includes a sample operating agreement and written consent forms as well as tips and examples throughout to help clarify the most important points. Using case law from multiple jurisdictions, Stephen Mason examines the nature and legal bearing of electronic signatures. Then Frank said something that changed my life-one of the first things he'd said in years that truly made sense to me. "Maybe you should start your own business, Chuck." He shrugged his shoulders and toyed with the closely shaved hair at his temples, the only hair remaining on his otherwise balding skull. "You're sharp, a great writer, great creative guy. You've led teams here a number of times and people seem to like you." My dread turned to confusion, even mild irritation. "Start my own business? How? I don't have any real savings, I don't manufacture anything, I don't know the first thing about running a company " I stopped as Frank put up his hand to interrupt. "Your greatest adversary is the man in the mirror." What Charlie didn't realize as he was losing his job was the amazing opportunity ahead of him. His time was now! Charlie had always dreamed of running his own business, being his own boss, and finally getting paid for his effort. In the following months Charlie built his business foundation from the ground up. Marketing, accounting, manufacturing, franchising and financing are just some of the topics Charlie tackles in his pursuit of the perfect business plan. Join Charlie on his journey of selecting a business and learn how his principles can help you in selecting your business. Now, it's my turn to challenge you-what's keeping you from starting your own business? Fear of failure? A lack of funds? No expertise? Let me tell you YOUR TIME IS NOW! There is a movement of women stepping into their God-given gifts to make money doing what they love. If you're ready to join them, this is your handbook that will take the ideas in your head and the dream in your heart and turn them into action. \*Help you create a step-by-step, customized plan to start and grow your business. \*Show you how to manage your time so you can have a business- and life- that you love.*

*\*Explain overwhelming business stuff like pricing, taxes, and budgeting in simple terms. \*Teach you how to use marketing to reach the right people in the right way." describes and analyzes three types of agreements: premarital agreements, postmarital agreements, and domestic partnership agreements. A premarital agreement is a contract between prospective spouses, including same-sex couples, made in contemplation of marriage. A postmarital agreement is a contract executed by parties to an ongoing marriage and not incident to a divorce or marital separation. A domestic partnership agreement, sometimes known as a cohabitation agreement, is a contract executed by a couple whose domestic arrangements may not be state-sanctioned. However, the term also includes such an agreement executed incident to a civil union or registered domestic partnership. Generally, all of these agreements are used to define the property and support rights of the parties upon termination of the marriage or other relationship by death or dissolution. Some parties also opt to include financial obligations during the marriage or other relationship. This Portfolio does not cover separation agreements that settle property rights, spousal and child support obligations, and child custody matters incident to a separation or divorce"--Portfolio description. A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits. Authoritative coverage focuses on a lawyer's fiduciary responsibility. Text describes the legal profession's self-regulatory system and the professional codes that have emerged. Examines lawyers and the legal profession, including regulation and discipline. Provides a detailed discussion of the client-lawyer relationship. Judges and the quality of justice are also addressed. Provides systematic examination of the issues covered in the 1969 Code of Professional Responsibility and the 1983 Model Rules of Professional Conduct.*
