This student-friendly, all-in-one workbook contains a place to work through Activities, as well as extra practice worksheets, a glossary, and manipulatives. The Record and Practice Journal is available in Spanish in both print and online.

The Big Ideas Math program balances conceptual understanding with procedural fluency. Embedded Mathematical Practices in grade-level content promote a greater understanding of how mathematical concepts are connected to each other and to real-life, helping turn mathematical learning into an engaging and meaningful way to see and explore the real world.

"On core mathematics provides complete coverage of the Common Core State Standards for Mathematics, including the Standards for Mathematical Practice"--Back cover.

The Common core state standards for mathematics are a set of expectations and skills that students need to master to succeed in college and the real world. BarCharts' Math Common core series aligns with those specific standards to help guide students through their classes. Each guide in the series features real-world problems and examples, illustrations, and tables to help students retain information.

Specifically designed for California students and teachers. The California Mathematics Content Standards are unpacked, taught, and then reinforced throughout our program so that teachers can plan, diagnose, teach, assess, and intervene with the standards in mind.

Consistent with the philosophy of the Common Core State Standards and Standards for Mathematical Practice, the Big Ideas Math Student Edition provides students with diverse opportunities to develop problem-solving and communication skills through deductive reasoning and exploration. Students gain a deeper understanding of math concepts by narrowing their focus to fewer topics at each grade level. Students master content through inductive reasoning opportunities, engaging activities that provide deeper understanding, concise, stepped-out examples, rich, thought-provoking exercises, and a continual building on what has previously been taught.
