*What People Are Saying About The Platinum Edition of Got Homophobia! "Azaan Kamau's Got Homophobia is an extremely important and timely book in an era where youth are committing suicide in alarming numbers. This book should be required reading in every classroom, college, cultural and religious institution." Award-winning journalist, bestselling author and renowned activist, Ifalade Ta'Shia Asanti "Got Homophobia is thought provoking and ground breaking! This is one of Azaan's most compelling books on race, sociology, sex, gender and the toxin of homophobia in America! Got Homophobia is one of the most prolific books of our time"! Best Selling Author, Publisher, Practitioner of holistic Heath and Healing Katrina Arango "Azaan's new book Got Homophobia is profound and quintessential to our current climate of homophobia and bullying. This book is a must read for every parent and educator in the country"! Poet & Best Selling Author Salima MaSud "Azaan's book gives voice to all of the gay people who have felt muted and silenced. It empowers those who have felt the sting of someone's intolerance" Book Review Guru*

*This revised edition of **Hydraulics for Firefighting** effectively teaches hydraulics by addressing the underlying science in a basic, understandable way. Each chapter builds on the last in the author's logical, systematic approach. The book is ideal for college level courses correlating with the course objectives of the Fire and Emergency Services in Higher Education (FESHE) model curriculum, but is also an excellent solution for fire departments and fire academies training new pump operators. The simplification of this complex subject, including the updating of formulae, makes the text usable for both rookie and veteran firefighters, and those preparing for promotional examinations. New features of this edition include: steps of pump operation, testing fire pumps, calculating hose lengths for foam eductors, and an expanded rural water supply section.*
