"Diego Collado's Grammar of the Japanese Language" by Diego Collado (translated by Richard L. Spear). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

How do we evaluate ambiguous concepts such as wellbeing, freedom, and social justice? How do we develop policies that offer everyone the best chance to achieve what they want from life? The capability approach, a theoretical framework pioneered by the philosopher and economist Amartya Sen in the 1980s, has become an increasingly influential way to think about these issues. Wellbeing, Freedom and Social Justice: The Capability Approach Re-Examined is both an introduction to the capability approach and a thorough evaluation of the challenges and disputes that have engrossed the scholars who have developed it. Ingrid Robeyns offers her own illuminating and rigorously interdisciplinary interpretation, arguing that by appreciating the distinction between the general capability approach and more specific capability theories or applications we can create a powerful and flexible tool for use in a variety of academic disciplines and fields of policymaking. This book provides an original and comprehensive account that will appeal to scholars of the capability approach, new readers looking for an interdisciplinary introduction, and those interested in theories of justice, human rights, basic needs, and the human development approach.

Reproduction of the original. You may have watched hundreds of episodes of The Simpsons (and its sister show Futurama) without ever realising that they contain enough maths to form an entire university course. In The Simpsons and Their Mathematical Secrets, Simon Singh explains how the brilliant writers, some of the mathematicians, have smuggled in mathematical jokes throughout the cartoon's twenty-five year history, exploring everything from to Mersenne primes, from Euler's equation to the unsolved riddle of P vs. NP, from perfect numbers to narcissistic numbers, and much more. With wit, clarity and a true fan's zeal, Singh analyses such memorable episodes as 'Bart the Genius' and 'Homer3' to offer an entirely new insight into the most successful show in television history.

Edited by Arabic Studies in the Netherlands Edited by by Arnoud Vrolijk and Richard van Leeuwen portrays the lives and careers of the most distinguished Arabists from the Netherlands from the late sixteenth to the mid-twentieth century. \*\*\* Italiano (for English scroll down) \*\*\* "Non capite, se giudicate" Il racconto è diviso in due parti: nella prima la falsificazione di un titolo di credito di piccolo valore, fatta da due studenti, innesca una catena di eventi che coinvolgono decine di altre persone, con conseguenze sempre più gravi; nella seconda parte viene offerta una possibilità di redenzione alla maggior parte dei protagonisti superstiti. Pubblicato anche con il titolo di "Denaro falso" e "La cedola falsa", questo racconto è stato giudicato un racconto-pamphlet, una requisitoria contro il denaro, inteso come strumento di corruzione individuale e sociale. Contro il potere del denaro, Tolstòj auspica un ritorno a forme sociali premoderne che ricordano le utopie rousseaviane. Edizione Integrale Bilingue (con testo russo a fronte) Se sei interessato ad imparare o migliorare il tuo russo o il tuo italiano, questa edizione contiene una delle più fedeli traduzioni di questo capolavoro. Una versione Russo-Italiano con paragrafo a fronte facile da leggere. Altri libri/ebook bilingui con testo a fronte dello stesso redattore: <http://smarturl.it/bilingual> \*\*\* English \*\*\* "Since you judge, it means obviously that you don't know" The Falsified Coupon is a novella in two parts by Leo Tolstoy. In Part I, schoolboy Mitya is in desperate need of money to repay a debt, but his father angrily denies him assistance. Dejected, under the instigation of a friend Makhin, Mitya simply changes a 2.50 rouble bond coupon to read 12.50 roubles, but this one evil deed sets off a chain of events that affects the lives of dozens of others, when his one falsehood indirectly causes a man to murder a woman at the end of Part I, and then seek redemption through religion in Part II. Having written the novella in his dying years, after his excommunication, Tolstoy relishes

the chance to unveil the "pseudo-piety and hypocrisy of organized religion." Yet, he maintains an unwavering belief in man's capacity to find truth, so the story remains hopeful, especially in Part II, which shows that good works can affect another as in a domino effect, just as evil does in Part I. The novella has also been translated with the title "The Forged Coupon", "The Counterfeit Note" and "The Forged Banknote". Bilingual edition (Italian - Russian parallel texts) Russian easy readers: If you are learning or improving your Russian or Italian as second language, grab this bilingual edition containing a bilingual edition of this masterpiece. An easy to read paragraph by paragraph Italian-Russian parallel text version. Other bilingual parallel text books/eBooks by the same editor <http://smarturl.it/bilingual> An up-to-date, accessible guide for parents of bilingual children. This book contains four essays by and about Frederick Jackson Turner (1861-1932), the Wisconsin-born historian whose ideas and writings have had such a profound impact upon the way Americans view their past, and their place in the world. It is a book not only for the scholar and teacher (who will find it both useful and incisive), but also for the mythic "general reader" who wants to broaden and enrich his acquaintanceship with Turner and the celebrated Frontier Thesis. In addition to essays by Turner and by Martin Ridge of The Huntington Library and the late Ray Allen Billington, the book is illustrated with photos from the State Historical Society of Wisconsin. Is there a way of thinking about literature that is 'outside' or 'against' literature? In *Against Literature*, John Beverley brilliantly responds to this question, arguing for a negation of the literary that would allow nonliterary forms of cultural practice to displace literature's hegemony. *Alice in Wonderland / Alice nel Paese delle Meraviglie* The timeless classic "Alice in Wonderland" by Lewis Carroll has captivated audiences worldwide for over 100 years. It tells the story of a girl, Alice, who falls into a rabbit hole and enters a strange parallel universe, where nothing is as it seems This Dual Language Book This version of the story has been accommodated for learners of Italian. We have aligned the original English version of the story side-by-side with the original Italian translation, "Alice nel Paese delle Meraviglie" by T. Pietrocola-Rosetti. This book is paragraph aligned. The English version is printed on the left half of the page, and the Italian version on the right half of the page. This will allow you to get the reading practice you need in Italian and quickly get answers when you can't seem to figure out the corresponding word or phrase.. Because the English and Italian text are next to each other, you will save a lot of time and frustration by not having to reach for the dictionary to look up the translation of a word. As a result, you'll have a smoother reading experience. "Alice nel Paese delle Mareviglie" is about 27.000 words long. The story is written out of just 2270 different lemmas (a lemma is the dictionary form of a word), making it a great book for beginner to intermediate language learners. To further aid you with learning Italian, we added two Italian to English dictionaries in the back of the book, made specifically for this story. Frequency Dictionary One dictionary is based on word frequency. We analyzed the Italian version and listed all the words by how often they are used. Study the most common words, and see how far you can come without resorting to the translation. You can also find an alphabetical learner's dictionary in the back, which is helpful for looking up the meaning of a word rather than relying on how it's translated in context. Alphabetical Dictionary If you encounter a Italian word you don't know, and you can't deduce it's meaning through context or require extra clarification, flip towards the back of the book where you can look it up alphabetically. Plus, you may find yourself wondering: What is the correct pronunciation of this word in Italian? That is why we included IPA phonetic transcriptions of Italian words in our alphabetical dictionary. Bilingual Books A tried and tested method, bilingual books, also known as parallel text books or dual language books, have been used to help language learners just like you for hundreds of years. There are several benefits to be gained by reading bilingual books. In short: You will naturally broaden your vocabulary by learning from context. Your overall language skills will improve: you will become a better reader, writer, listener, and speaker. You will be more motivated to read. With the translation nearby, reading foreign text becomes much easier when you don't have to waste time to look up unknown words. You can read anytime, anywhere, and on your own schedule. You can learn a lot from reading books in your target language. You can benefit from a book's message and equally from its language. In other words, a book can improve your way of life and your language learning at the same time. By sitting down and reading, you're going to get yourself farther, faster. Invest in yourself now, and get this book. Today's worldwide ideological tensions have captured the interest of such varied disciplines as political science, anthropology, sociology, cultural studies and linguistics. There are two primary reasons why translation studies cannot ignore the ideological debate. Historically, translation has always been a site for ideological clashes. In addition, globalization is now setting off translational mechanisms even within monolingual artifacts, and this calls for the expertise of translation scholars. *Apropos of Ideology* aims to contribute to the broader discussion of ideology by providing a forum for debating ideological issues in translation as well as by bringing together, within the pages of a single volume, different types of translation research, informed by very different research ideologies. Adopting a wide definition of ideology as a set of ideas, beliefs and codes of behaviour that "govern a community by virtue of being regarded as the norm", a number of translation scholars look into ideological phenomena as they impinge on the process of translation. They consider questions of politics, but also reflect upon gender, sexuality, religion, secularity, technology and even the very discipline of translation studies. At the same time, the volume displays the kaleidoscopic complexity of the discipline while providing a strong argument that such diversity of perspectives is highly desirable. Contributors include Maria Tymoczko, Rosemary Arrojo, Christiane Nord, Keith Harvey, Peter Fawcett, Ma Carmen Africa Vidal, Christina

Sch ä ffner, David Katan, Francesco Straniero-Sergio, and Sehnaz Tahir. The motivational journey of a poet among his walking words, a tale written in prose with many poems and inspirational quotes. 'Wandering among the stars' tells the love story between the protagonist and life. A story where poetry and prose are intertwined like soul and body, to bring this love story to life so the reader can live it. So it's not about a collection of poems, least of all a story in verse. Maybe it could be described as a book of 'narrated poems' or as a 'literary musical'; actually it represents a narrative experiment that lies somewhere between a meta-novel, a collection of poems and an essay; its main aim is to encourage those readers that usually prefer to read only prose works to read poetry as well. (Do you want to try?) As a poetry anthology it includes chapters about love, the cosmos, death, spirituality and poetry itself. Italian edition of this book has been a hit and has remained for more than twelve consecutive months among the bestsellers of its category in the Italian Kindle Store. ( <http://smarturl.it/stelle> ) - 'Wonderful book! Wirton Arvel is the new Gibran' Mark J. - 'Poetry is the sound track of our soul; this book tells why' Josh Russell - 'It's like a never ending story singing the song of universe to our soul' Liz Baum - 'Very inspirational biography, for all 'active dreamers' and life lovers' Brandon Dyer - 'This book is like nothing I have ever read before' David H. Birley - 'Reading the book, you become a part of something bigger than yourself' Uvi Poznansky - 'An interesting sensory experience' Dennis Waller - 'Simply beautiful. A treasure for anyone who loves poems' Ionia Martin - 'A book for lovers of words' Scarlett Jensen - 'Impudent stillness' (one of the poems) is a jewel of combination of words and ideas' Jean Pailler - 'This book cannot be summarized - that would tarnish its beauty of wholeness' Grady Harp Grab the free Kindle preview ("send sample" button) and give it a try! It's also available in Italian ( <http://smarturl.it/stelle> ) and in a bilingual parallel texts edition [English-Italian] ( <http://smarturl.it/ProsePoetry> ) More from Kentauron: <http://smarturl.it/KentauronHome> School Advanced Math 2nd Edition Packet with Test Forms 31 Test Forms for homeschooling, full step-by-step solutions to all homeschool tests, answer key to all student textbook problem sets. "A Brief Account of the Destruction of the Indies" by Bartolomé de las Casas. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. Based on original contributions by specialists, this manual covers both the theory and the practice required in the management of museums. It is intended for all museum and art gallery profession staff, and includes sections on new technology, marketing, volunteers and museum libraries. "Since they shot her at point-blank range while she was being kissed, she confused the pain of love with that of death." Rosario Tijeras is the violent, violated character at the center of Jorge Franco's study of contrasts, set in self-destructing 1980s Medellín. Her very name-evoking the rosary, and scissors-bespeaks her conflict as a woman who becomes a contract killer to insulate herself from the random violence of the streets. Then she is shot, gravely wounded, and the circle of contradiction is closed. From the corridors of the hospital where Rosario is fighting for her life, Antonio, the narrator, waits to learn if she will recover. Through him, we reconstruct the friendship between the two, her love story with Emilio, and her life as a hitwoman. Rosario Tijeras has been recognized as an admirable continuation of a literary subject that was first treated by Gabriel García Márquez and then by Fernando Vallejo. A work in the Latin American social realist tradition, Rosario Tijeras is told in fast and vibrant prose and with poetic flourish. U.S. residents are largely unaware that Mexicans also view their northern border with concern, and at times even alarm. Border communities, such as Ciudad Juárez and Tijuana, have long been subjected to heavy criticism from Mexico City and other interior areas for their close ties to the United States, a country viewed with apprehension and suspicion by the Mexican citizenry. Óscar Martínez's words may come as a surprise to those who associate the U.S. southern border with banditry, racial strife, illegal migration, drug smuggling, and official corruption. All attributed to Mexico. In *Troublesome Border*, now revised to reflect the dramatic changes over the last two decades, a distinguished scholar and long-time resident of the border area addresses these and other problems that have caused increasing concern to federal governments on both sides of the border. This second edition of *Troublesome Border* has been updated and revised to cover dramatic developments since the book's first publication in 1988 that have once again transformed the region in fundamental ways. Martínez includes new information on migration and drugs, including the extraordinary rise of violence traced largely to the rampant illegal drug trade; the devastating effects of U.S. Border Patrol blockades that have resulted in thousands of deaths; and the impact of the North American Free Trade Agreement (NAFTA). Making Luis de Góngora's work available to contemporary English-language readers without denying his historical context, *Selected Poems of Luis de Góngora* presents him as not only one of the greatest and most complex poets of his time, but also the funniest and most charismatic. From longer works, such as "The Fable of Polyphemus and Galatea," to shorter ballads, songs, and sonnets, John Dent-Young's free translations capture Góngora's intensely musical voice and transmit the individuality and self-assuredness of the poet. Substantial introductions and extensive notes provide personal and historical context, explain the ubiquitous puns and erotic innuendo, and discuss translation choices. A significant edition of this seminal and challenging poet, *Selected Poems of Luis de Góngora* will find an eager audience among students of poetry and scholars studying the history and literature of Spain. This book shows how Maoism was globalized during the 1949-1976 period,

highlighting the agency of both Latin American and Chinese actors. While Maoism has long been known to have been influential in many social movements and guerrilla groups in Latin America, author Matthew Rothwell is the first to establish the way in which Latin American communists domesticated Maoism to Latin American conditions and turned Maoism into an influential political trend in many countries. By utilizing case studies of the formation of Maoist guerrilla groups and political parties in Mexico, Peru and Bolivia, the book shows how the movement of Chinese communist ideas to Latin America was the product of a highly organized effort that involved formal connections between Latin American activists and the People's Republic of China. It represents a major contribution to three developing fields of historical inquiry: Latin America in the Cold War, the global 1960s, and Chinese Maoist foreign relations. Kleinman, a psychiatrist, trained in anthropology, reports on his studies of health care in Taiwan. He describes his observations of clinical interviews between various medical practitioner, folk-healers, temple medicine men, and Chinese-style and Western-style physicians and their patients. He stress the importance of adopting the proper cultural perspective, making ones interpretations within that framework. The essays in this volume shed light on how, for what purposes and to what extent the Arabic language was taught and studied by European scholars, theologian, merchants, diplomats and prisoners in early modern Europe. \*\*\* Fran ç ais (for Italian scroll down) \*\*\* É dition bilingue Fran ç ais-Italien avec le texte parall è le "Si vous jugez vous ne comprenez pas" La nouvelle Le Coupon Falsifié , é gale ment publi é en fran ç ais sous le titre "Le Faux Coupon", raconte les cons é quences de la falsification d'un coupon, tout d'abord les malheurs en cascade qui en d é coulent : d é mission, licenciements, faux t é moignage, vols, lynchages, assassinats, puis par les paroles de la plus simple des femmes le retour dans un cercle vertueux. Altri libri/ebook bilingue con testo a fronte dello stesso redattore: <http://smarturl.it/bilingual> Carmen Conde was born in 1907 in Cartagena (Murcia) where, with the exception of seven years in Melilla, she lived until 1936. At the end of the Spanish Civil War she moved to Madrid. For many years she was a professor of Spanish Poetry and Contemporary Spanish Novel at the Institute of European Studies (an affiliate of the University of Chicago) in Madrid. Also a professor of the University of Valencia. She has been awarded the following literary prizes: Elisenda Moncada, Internacional de Poesia; Premio Nacional de Poesia Espanola and the Premio de Novela Ateneo de Sevilla /1980). In 1978 was elected chair of the Royal Academy of the Spanish Language, the first woman ever inducted as a member. She gave her inaugural speech to the Academy on January 29, 1979. She died in Madrid in 1996. This book is a bilingual collections of poems of Carmen Conde in Spanish and translated to English. Editions and translation by Alexis Levitin and Jose R. De Armas with preface by Concha Zardoya and the Nobel Prize Winner, Vicente Aleixandre."The first English – Spanish translation dictionary of accounting terms to cover the differences in accounting terminology for Spanish-speaking countries This bilingual Accounting Dictionary offers not only English – Spanish and Spanish – English translations of accounting terms but also a Spanish – Spanish section correlating the different terms used in major Spanish-speaking countries. The only accounting dictionary to offer such coverage, this useful reference provides accounting practitioners and students with easy, accurate guidance for translating in and among: Argentina \* Chile \* Colombia \* Mexico \* Spain \* Venezuela. Ideal for translating financial statements, conducting audits, and performing accounting functions in multinational companies, Accounting Dictionary is an essential tool for all accountants, financial managers, and students participating in the burgeoning Spanish-speaking market. Order your copy today! On the impulse behind Cartographies, Marjorie Agos í n writes, "I have always wanted to understand the meaning of displacement and the quest or longing for home." In these lyrical meditations in prose and poetry, Agos í n evokes the many places on four continents she has visited or called home. Recording personal and spiritual voyages, the author opens herself to follow the ambiguous, secret map of her memory, which "does not betray." Agos í n's journey begins in Chile, where she spent her childhood before her family left in the early days of the Pinochet dictatorship. Of Santiago Agos í n writes, "Day and night I think about my city. I dream the dream of all exiles." Agos í n also travels to Prague and Vienna, ancestral homes of her grandparents, and to Valpara í so in Chile, which received them as immigrants. Kneeling among the yellow mounds at the Terezin concentration camp, where twenty-two of her relatives died, Agos í n places "small stones, shrubs, the stuff of life on graves I did not recognize." And then on through the Middle East, the Mediterranean, Europe, and the Americas . . . Everywhere, she is drawn to women in whose devotion and creativity she sees a deep vein of

hope--from Julia, keeper of the synagogue at Rhodes, to the women potters in the Chilean town of Pomaire. Agos í n writes of diaspora, exile, and oppression, yet only to highlight the dignity and valor of those who find refuge in their humanity and their art, in community and tradition. Cartographies shows us what can be found when we journey with openness, as approachable to strangers as we are to ourselves.\*\*\* Italiano (for English scroll down) \*\*\* Edizione Integrale Bilingue (con testo inglese a fronte) specifica per kindle e quindi con testo a fronte reale, illustrazioni e indice navigabile. They are not available in third-party eTexts or downloads. \*The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later. One in every seven children is disabled. Children with disabilities are among the most likely to be marginalized, poor and vulnerable. UNICEF is

committed to improving the lives of children, particularly those who face the greatest disadvantages. The report will investigate the web of barriers disabled children face: discrimination, harmful norms and the lack of accurate information. The report will analyse and provide good-practice guidance on: inclusive health and education; prevention; nutrition; protection from violence, exploitation and abuse; emergency response; institutionalization; and the role of appropriate technology and infrastructure. The law is full of stories, ranging from the competing narratives presented at trials to the Olympian historical narratives set forth in Supreme Court opinions. How those stories are told and listened to makes a crucial difference to those whose lives are reworked in legal storytelling. The public at large has increasingly been drawn to law as an area where vivid human stories are played out with distinctively high stakes. And scholars in several fields have recently come to recognize that law's stories need to be studied critically. This notable volume-inspired by a symposium held at Yale Law School-brings together an exceptional group of well-known figures in law and literary studies to take a probing look at how and why stories are told in the law and how they are constructed and made effective. Why is it that some stories-confessions, victim impact statements-can be excluded from decisionmakers' hearing? How do judges claim the authority by which they impose certain stories on reality? Law's Stories opens new perspectives on the law, as narrative exchange, performance, explanation. It provides a compelling encounter of law and literature, seen as two wary but necessary interlocutors. Contributors: J. M. Balkin, Peter Brooks, Harlon L. Dalton, Alan M. Dershowitz, Daniel A. Farber, Robert A. Ferguson, Paul Gewirtz, John Hollander, Anthony Kronman, Pierre N. Leval, Sanford Levinson, Catharine MacKinnon, Janet Malcolm, Martha Minow, David N. Rosen, Elaine Scarry, Louis Michael Seidman, Suzanna Sherry, Reva B. Siegel, Robert Weisberg. This book is a selection of papers explaining a variety of techniques used in the analysis of historical demographic data. The papers come from experts in the field of systematic analysis of past population patterns. The papers are divided into five groups. The first tackles the issues and challenges of time series analysis and other approaches to population reconstruction. The second group deals with different methods of family reconstitution and the problems of following life. Scholars and students of politics, political theory, philosophy, sociology, and jurisprudence; anyone interested in nation-building, nationalism, and self-determination.
