The Language Arts series emphasizes the improvement of communication skills. All Language Arts skills are integrated into a single learning sequence. This unique learning approach combines the study of these skills: reading comprehension, grammar, handwriting, composition, spelling, literature, speaking, and listening. The integrated approach combines drill and analysis of grammar with immediate application in composition exercises.

Preschool and elementary, volume 2.

Beginning with God's creation, this Science series leads students to a more in-depth knowledge about themselves and the multiple facets of their environment. In Grades 1-8, the Science series teaches basic knowledge about man and his physical environment. Health studies covering proper nutrition, hygiene, and disease are discussed. For secondary courses, Grades 9-12 teaches Physical Science, Biology, Chemistry, and Physics. Grade 10 covers Biology.

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)
