*Horses and Ponies "[A] heart-pounding, can't-take-your-eyes-off-it debut novel." —O, The Oprah Magazine "Roan Montgomery's sweeping and raw story of courage, resilience, and clear-eyed grace will never leave me." —Sara Gruen, #1 New York Times bestselling author A darkly gripping debut novel about a teenage girl's fierce struggle to reclaim her life from her abusive father. Fifteen-year-old equestrian prodigy Roan Montgomery has only ever known two worlds: inside the riding arena, and outside of it. Both, for as long as she can remember, have been ruled by her father, who demands strict obedience in all areas of her life. The warped power dynamic of coach and rider extends far beyond the stables, and Roan's relationship with her father has long been inappropriate. She has been able to compartmentalize that dark aspect of her life, ruthlessly focusing on her ambitions as a rider heading for the Olympics, just as her father had done. However, her developing relationship with Will Howard, a boy her own age, broadens the scope of her vision. At the intersection of a commercial page-turner and urgent survivor story, Dark Horses takes the searing themes of abuse and resilience in Gabriel Tallent's My Absolute Darling and applies the compelling exploration of female strength in Room by Emma Donoghue. In much the same way that V.C. Andrews's Flowers in the Attic transfixed a generation of readers, Susan Mihalic's debut is set to a steady beat that will keep you turning the pages.*

**The Ultimate Book of Horses** For horse-loving readers of all ages, a lyrical and exquisitely illustrated picture book following the relationship between a boy and a horse, separated then reunited. This is a story about enduring friendships and how language is shaped by our experiences. The foal is born on a spring morning of sunshine and snow melt. If she had words, she would say willow, crocus, puddle and sky . . . Red Badger is a newborn foal learning to stand when she slips and gets stuck in a muddy badger hole. It is a young boy who frees her, and his kindness and gentleness mark the beginning of their friendship -- though she will always be wary of the ground that briefly trapped her. As the seasons pass on the ranch, Red Badger learns more about her world: Fall is leaf rustle and fence posts. Winter is white hills and long nights. The boy is hay, a gentle touch, playing in the snow and the sweet smell of peppermints. If a horse had words, the word would be . . . friend. This is a beautifully written and heartwarming story told from the horse's point of view that follows her relationship with a boy from the day she is born, to when she is sent to auction, to the day she and the boy are reunited at a rodeo where she has become a bronc and he a cowboy.
