MANAGEMENT, 12E includes several innovative pedagogical features to help students understand their management capabilities and learn what it's like to manage in an organization today. Each of the 19 chapters begins with an opening questionnaire that engages the reader's interest, directly connects to the topic of the chapter, and enables students to see how they respond to situations and challenges that real-life managers typically face. A New Manager Self-Test in each chapter provides students with further insight into how they would function in the real world of management. The Remember This bullet-point summaries at the end of each major chapter section give students a snapshot of the key points and concepts covered in that section. The end-of-chapter questions have been carefully revised to encourage critical thinking and application of chapter concepts, and Small Group Breakout exercises give students the opportunity to apply concepts while building teamwork skills. Ethical dilemmas, all-new end-of-chapter cases, and a fully updated set of On the Job video cases help students sharpen their diagnostic skills for management problem solving. The chapter sequence in MANAGEMENT is organized around the management functions of planning, organizing, leading, and controlling. These four functions effectively encompass management research and the characteristics of the manager's job. What do the men and women of America's diplomatic corps do? William D. Morgan and Charles Stuart Kennedy, themselves career diplomats, culled over 1400 oral interviews with their Foreign Service peers to present forty excerpts covering events from the 1920s to the 1990s. Insiders recount what happens when a consul spies on Nazi Germany, Mao Tse-Tung drops by for a chat, the Cold War begins with the Berlin blockade, the Marshall Plan rescues Europe, Sukarno moves Indonesia into the communist camp, Khrushchev calls President Kennedy an SOB, and our ambassador is murdered in Kabul. "You are there" accounts deepen readers' understanding, as diplomatic and consular officers talk about the beginnings of Kremlinology, predicting a coup in Ecuador, Hemingway and the embassy in Havana, the secret formulation of the NATO treaty, Jerusalem after the British and the US recognition of Israel, fighting in the Congo over Katanga secession, dealing with an alcoholic foreign president, human rights work in Paraguay, the U.S. Embassy takeover in Tehran, the bombing of the U.S. Embassy in Beirut, helping families of the Pan Am 103 victims, Greece and Turkey at odds over a tiny island, embassy roles in Riyadh and Tel Aviv during Desert Storm, and many more.

Building on the strengths of the fourth edition, Basic Nursing: Essentials for Practice is back in a new edition! Thoroughly updated and revised to provide a more focused and engaging presentation, this new edition offers the basic principles, concepts, and skills needed by nursing students. The five-step nursing process returns to provide a consistent, logical organizational framework, with a clear writing style and numerous learning aids. An increased emphasis on caring, along with new boxes on Focused Client Assessment and Outcome Evaluation, reflect current practice trends. This new edition is better than ever! Five-Step Nursing Process provides a consistent organizational framework. More than 40 nursing skills are presented in a clear, 2-column format with rationales for all steps. Procedural Guidelines boxes provide streamlined step-by-step instructions for performing basic skills. Growth and Development chapter and age-related considerations throughout clinical chapters help prepare students to care for clients of all ages. Sample Nursing Care Plans highlight defining characteristics in assessment data, include client goals and expected outcomes in the planning section, and provide rationales for each nursing intervention. Progressive Case Studies follow the interactions of a client and nurse throughout the chapter to illustrate steps in the nursing process and develop critical thinking skills. Brief coverage of higher level concepts including research, theory, professional roles, and management, maintains the text's focus on essential, basic content. The narrative style makes the text more engaging and appealing. Focused Client Assessment boxes provide specific guidelines for factors to assess, questions and approaches, and physical assessment. Content on delegation is discussed throughout the narrative and specific guidelines are included for each skill. Skills now include Unexpected Outcomes and Interventions to alert for potential undesirable responses and provide appropriate nursing actions. Caring in Nursing is presented in a new chapter and as a thread throughout the text. Outcome Evaluation are based on the chapter's case study and provide guidelines on how to ask questions and evaluate care based on the answers received. NIC and NOC are discussed in the Nursing Process chapter to provide an overview of these taxonomies encountered in practice. NCLEX-style multiple-choice questions at the end of each chapter help students evaluate learning.

Make today's management theories and applications meaningful, memorable, and engaging for your students with MANAGEMENT.
