*It's Time to Talk! The Second Edition* release of the only program designed to support the flipped classroom model includes enhanced and revised, class tested content, new video, a new, interactive eBook, and instant real-time classroom analytics made possible by Learning Catalytics. Are you ready to join the Unidos revolution? When Unidos appeared in 2012, it ushered in a completely new way of organizing the first year course. Incorporating the flip teaching model into its highly flexible approach, it capitalizes on using technology so that valuable class time is focused on applying knowledge rather than on instruction—it literally flips the nature of what typically takes place in class and out of class. Instead of first learning in the classroom and then practicing learned material out of class, students will, with Unidos, learn outside of class and then apply what they have learned in the communicative environment of the classroom.**ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Providing the truly communicative, deeply culture-focused approach instructors believe in along with the guidance and tools students need to be successful using a program with highly communicative goals--with Mosaicos, there is no need to compromise. Recognizing the primacy of the relationship between culture and language, the new Sixth Edition of Mosaicos places culture up front and center, and everywhere in-between! Taking a student-centered approach to learning, CULTURAS DE ESPAÑA, 2nd Edition truly engages students with its wealth of authentic texts and visual materials while encouraging them to think critically about the cultures of Spain. Developed for Spanish students at the fifth-semester level or higher, this insightful reader makes an excellent main text in a civilization, culture, or reading course. A departure from traditional texts, which present Spanish civilization as a neutral recounting of historical facts, events, and data, CULTURAS DE ESPAÑA, 2nd Edition emphasizes that history, culture, and civilization are concepts under constant construction. An intriguing conceptual focus brings to life the history and everyday experiences that shape national identity. Celebrate our home in this joyous, poetic tribute to the Earth's colors, climates, and seasons. Panoramic photographs capture the majesty of nature from swirling deserts to curling ocean waves. Close-ups reveal quieter treasures like springy moss and sunlit leaves. Tying all these wonders together are the faces of children from around the globe, reflecting our shared connection to the planet. In this book, Liz James offers a comprehensive history of wall mosaics produced in the European and Islamic middle ages. Taking into account a wide range of issues, including style and iconography, technique and material, and function and patronage, she examines mosaics within their historical context. She asks why the mosaic was such a popular medium and considers how mosaics work as historical 'documents' that tell us about attitudes and beliefs in the medieval world. The book is divided into two part. Part I explores the technical aspects of mosaics, including glass production, labour and materials, and costs. In Part II, James provides a chronological history of mosaics, charting the low and high points of mosaic art up until its abrupt end in the late middle ages. Written in a clear and engaging style, her book will serve as an essential resource for scholars and students of medieval mosaics. As early as Chapter 1, author Marcie Sims defines critical thinking and goes on to explain the meaning and function of specific critical thinking terms and tools throughout the book. This element of critical thinking was something that Sims found missing in developmental writing texts currently available. Reaching beyond the usual writing instruction found in other texts, Sims gets to the core of developing the writer, which is to develop the writer as a thinker-writer. This approach to writing provides students with the basic tools for writing well-organized and developed essays that are grammatically and mechanically correct. 0321964128 / 9780321964120 Write Stuff, The: Thinking Through Essays Plus NEW MyWritingLab with Pearson eText -- Access Card Package Package consists of: 0205870147 / 9780205870141 NEW MyWritingLab with Pearson eText -- Valuepack Access Card 0321899881 / 9780321899880 The Write Stuff: Thinking Through EssaysALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN.
