In Mister and Miss Anonymous, she explores the unexpected, often devastating, turns in life that pull people apart and the twists of fate that bring them back together again College senior Lily Madison is on her own and desperate to pay for her last semester of school. With nowhere to turn, she makes the difficult decision to donate her eggs to a fertility clinic. Sam Parker is also a penniless student who supplements his tuition money by visiting a sperm bank. One day, Lily and Sam meet at the clinic and talk about their secret. They agree the clinic gives them an odd feeling, as if all is not as it seems. Despite their obvious attraction, Lily and Sam go their separate ways. Twenty years have passed and Lily often wonders if she has a child somewhere in the world. She also thinks a lot about Sam. Now a wealthy entrepreneur, Sam never forgot Lily either, and when he sees her in an airport one day, he falls for her all over again. But while they enjoy their unlikely reunion, a story on the news has them riveted. Two teenage boys are missing and their disappearance may be linked to the fertility clinic Sam and Lily visited in college. In a shocking twist, one of the boys looks exactly like Sam. Lily and Sam are now determined to find out what really went on at the clinic all those years ago. When the whole story comes out, the truth will be more than they bargained for. But they will discover that letting go of their secrets from the past is the best way to build a future worth fighting for

Reports of the Missionary and Benevolent Boards and Committees to the General Assembly This brilliant work, both personal and professional in character, is a study of alcoholism, of a movement aimed at its cure, and of an individual participant in this development. The author develops an interlinked theory and scientific research program that describe an illness of the mind, body, and spirit. He does so without allowing the assumptions underlying the way we look at one area of illness, say the mind, to contradict the assumptions underlying the way

we look at the human body or for that matter the human spirit. That Lobdell carries this project to a successful conclusion makes this a compelling work for everyone in the field of alcohol studies and social pathology. Lobdell, who has written on a broad range of subjects, here argues the originality and importance of recognition of alcoholism as a tripartite illness, and of congruent treatment for the three parts. He thus accepts a medical view of this vast social problem, but also recognizes dimensions within it that go beyond the ordinary limits of medical practice, as well as the complexity of its treatment. His book is at once an intellectual history of Bill W.'s vision; a short history of alcohol addiction and the culture of that addiction; a treatise on the psychological, biochemical, and spiritual aspects of the illness and its treatment; and a scientific research program for the future. Norman K. Denzin of the University of Illinois has hailed the book "as a wonderful story brought to a sophisticated readership, and will widely appeal to the recovering population." Matthew J. Raphael, intimate with the subjects as well as the concerns of this book says, "This Strange Illness is an astounding book. Jared Lobdell, a brilliant polymath, traverses a spectrum of disciplines — from biogenetics and chaos theory to psychology, sociology, and theology — in search of a sufficiently complex and comprehensive understanding alcoholism. This is the most intellectually rigorous study I have ever seen in the field." Jared C. Lobdell is author or editor of a dozen books in history and criticism and a number of articles in fields ranging from alcohol studies to systems analysis. He has served as a fellow at the Center for Alcoholism and Addiction Studies, Brown University. His current positions are at Millersville University of Pennsylvania and adjunct professor at Elizabethtown College in Pennsylvania.

Breaking Bailey Return To Sender At seventeen, Rosalind "Lin" Townsend found herself pregnant and alone. Her deeply religious father threw her out of the house, and Nick Pemberton, her baby's father, refused to marry her. Yet even at the lowest point in her life, Lin vowed to succeed on her own terms, and to give her son, Will, all the love and happiness she'd been denied. Nineteen years later, Lin has made good on her promises, and Will is about to start his freshman year at NYU. But when Lin visits New York with Will, she crosses paths with the one man she thought she'd never see again--Nick Pemberton, now a millionaire CEO, and the man who sent back all her letters unopened. Seeing him fills Lin with anger, and she resolves to right the wrong he did to Will. If she succeeds, like she has with everything else, the cost of revenge may be the loss of a bright new future. . . Department of the Interior and Related Agencies Appropriations for 1974 An unprecedented behind-the-scenes portrait of the Trump presidency from the anonymous senior official whose first words of warning about the president rocked the nation's capital. On September 5, 2018, the New York Times published a bombshell essay and took the rare step of granting its writer anonymity. Described only as "a senior official in the Trump administration," the author provided eyewitness insight into White House chaos, administration instability, and the people working to keep Donald Trump's reckless impulses in check. With the 2020 election on the horizon, Anonymous is speaking out once again. In this book, the original author pulls back the curtain even further, offering a first-of-its-kind look at the president and his record -- a must-read before Election Day. It will surprise and challenge both Democrats and Republicans, motivate them to consider how we judge our nation's leaders, and illuminate the consequences of re-electing a commander in chief unfit for the role. This book is a sobering assessment of the man in the Oval Office and a warning about something even more important -- who we are as a people.
