More Good Old Stuff, a classic collection of short fiction from crime writer John D. MacDonald, the beloved author of Cape Fear and the Travis McGee series, is now available as an eBook. The companion to The Good Old Stuff, this anthology features fourteen more early stories by one of America's premier authors of hard-boiled noir. Culled from the hundreds that John D. MacDonald published in the wildly popular pulp magazines of the 1940s and '50s, these are electrifying tales of murder, corruption, intrigue, and revenge: a serial widow making a fortune by murdering her husbands . . . an amnesiac being watched by the mob . . . an ex-cop trying to crack the case that nearly wrecked his life. All are told through MacDonald's vivid language and taut storytelling—the hallmarks of a writer who holds a distinguished place in the popular canon. This collection includes "Deadly Damsel," "State Police Report That . . ." "Death for Sale," "A Corpse in His Dreams," "I Accuse Myself," "A Place to Live," "Neighborly Interest," "The Night Is Over," "Secret Stain," "Even Up the Odds," "Verdict," "The High Gray Walls of Hate," "Unmarried Widow," and "You Remember Jeannie." Aspirations, Access and Attainment
A "dazzling and gorgeously written" novel of art, faith, and life-changing friendship inspired by the correspondence of Flannery O'Connor and Robert Lowell (Ann Packer). In the summer of 1957, two writers are immersed in their craft at an artist's colony nestled in upstate New York when chance brings them together. Frances, a country northerner, as committed to her solitude as she is her faith, and Bernard, a gregarious Bostonian with a propensity towards mania and grand gestures, find themselves forming a friendship, and then a courtship, as they each discover a kindred spirit beneath the obvious differences between them. But, as they become inexorably entwined in each other's lives, they struggle with the dependence of their romance and the conflict it causes with their own dreams. Inspired by the lives of Flannery O'Connor and Robert Lowell, who formed an unlikely connection after meeting at Yaddo in the late fifties, and told in a series of intimate letters between the protagonists, Francis and Bernard is a touching and bittersweet look at what happens when love, desire, hope, faith, and friendship collide. "Recalling 20th-century masters like Graham Greene and Walker Percy . . . Bauer is herself a distinctive stylist who can write about Simone Weil or Kierkegaard with wit and charm." "The New York Times Book Review "Engrossing . . . Funny, sweet and sad. A lovely surprise." "Publishers Weekly, starred review "A novel of stunning subtlety, grace, and depth . . . compos[ed in] dueling letters of breathtaking wit, seduction, and heartbreak." "Booklist, starred review

Parks in Peril Source Book It is perhaps ironic that as the global financial crisis has, in some cases, led governments and institutions to pull back from and/or set more modest goals and associated funding around widening participation, there is an ever-growing sense that the ideals buttressing the widening participation movement are becoming more universally acknowledged by educators across the globe. That acknowledgement has translated into action on the ground via such

means as policy formulation, strategic planning and target setting – each of which often reflects local contexts and manifests a regional ‘flavour’. There is also, however, an increasing realisation that there are commonalities in the challenges involved with national or regional initiatives to increase the participation of non-traditional groups in higher education and that the drivers of such initiatives – and ultimately the cohorts they target – stand to benefit considerably from an open exchange of ideas and sharing of experience. This book brings together current regional perspectives on widening participation as presented by prominent academics, researchers, policy-makers, and students from across the globe. It will create for policy-makers, institutions, and individuals interested in enabling access, a useful and informative resource that will introduce, formulate, shape and reinforce the ideas and aims of the World Congresses on widening access. As the contributors maintain, in an increasingly globalised market economy and in the face of recent seismic economic, political and social change around the world, it is imperative to both secure existing talent within our populations and uncover and nurture new sources of talent. The series of essays featured in this book will explore, anticipate, and highlight themes underpinning a global movement towards a step-change in thinking, strategies, and policies – one that places youth and students from around the world at its heart.

The Chronicles of Spiderwick “Unlike any other gardening book I know, with its Old World charm, its down-to-earth practicality, its whimsy and sophistication.”Brooke Astor, *The New York Times Book Review* A classic in the literature of the garden, *Green Thoughts* is a beautifully written and highly original collection of seventy-two essays, alphabetically arranged, on topics ranging from “Annuals” and “Artichokes” to “Weeds” and “Wildflowers.” An amateur gardener for over thirty years, Eleanor Perényi draws upon her wide-ranging knowledge of gardening lore to create a delightful, witty blend of how-to advice, informed opinion, historical insight, and philosophical musing. There are entries in praise of earthworms and in protest of rock gardens, a treatise on the sexual politics of tending plants, and a paean to the salubrious effect of gardening (see “Longevity”). Twenty years after its initial publication, *Green Thoughts* remains as much a joy to read as ever. This Modern Library edition is published with a new Introduction by Allen Lacy, former gardening columnist for *The Wall Street Journal* and *The New York Times* and the author of numerous gardening books. “You do not have to be a good gardener to fall in love with *Green Thoughts*. It reads with the intrepid assurance of a classic.”Mary McCarthy, *The New York Review of Books* “One of those dangerous reference works that you reach for at a moment of horticultural crisis or indecision only to find yourself an hour later browsing far beyond the page where you began.”*The New Yorker*

Surgery of Male Infertility Hans Fallada was a drug addict, womanizer, alcoholic, jailbird and thief. Yet he was also one of the most extraordinary storytellers of the twentieth century, whose novels, including *Alone in Berlin*, portrayed ordinary people in terrible times with a powerful humanity. This acclaimed biography, newly revised and completely updated, tells the remarkable story of Hans Fallada, whose real name was Rudolf Ditzgen. Jenny Williams chronicles his turbulent life as a writer, husband and father, shadowed by mental torment and long periods in psychiatric care. She shows how Ditzgen’s decision to remain in Nazi Germany in 1939 led to his self-destruction, but also made him a unique witness to his country’s turmoil. *More Lives Than One* unpicks the contradictory, flawed and fascinating life of a writer who saw the worst of humanity, yet maintained his belief in the decency of the ‘little man’.

Hockeytown in High Def Noted author Mark Beyer, along with Siren & Muse Publishing, bring you a story that walks in the shadows of love’s corners. American Richard Bentley settles in rural England, looking for the contented life of a bookshop keeper and some fun with the local women. His wife of fourteen years left him out of “marital boredom,” so Heath-on-the-Wold seems the ideal place to get lost in work and forget the past. Bentley then hires Peggy White, a mid-forties townswoman who seems his match in sass and intellect. Soon, the rules of attraction open a new chapter in their lives. **THE VILLAGE WIT** follows Richard and Peggy’s often humorous and sometimes dark odyssey through village life, love’s fall, sexual politics, and that place where memory and modern love intersect. In the tradition of Iris Murdoch, Richard Ford, Margaret Atwood, and Norman Rush, **THE VILLAGE WIT** explores betrayal, loss and longing – and the importance to try to love again.
