Whether your tastes are literary or lowbrow, this latest installment of fifty of the Sunday Times' famous acrostic puzzles features quotations ranging from Herman Melville to Dave Barry, Stephen Jay Gould to Sir Arthur Conan Doyle. So sharpen your pencil, put on your thinking cap, and get ready for some acrostic fun!

The masterpieces of medieval Spanish literature have come to be known and loved by Hispanists, and more recently by others throughout the world. But the brilliant illuminations with which the original manuscripts were illustrated have remained almost totally unknown on the shelves of the great European libraries. To redress this woeful neglect, two noted scholars here present a generous selection from this great visual treasury including many examples never before reproduced. John E. Keller and Richard P. Kinkade have chosen five representative works, dating from the mid-thirteenth century to the late fifteenth, to illustrate the richness of early Spanish narrative art. Together, these five works encompass the entire range of narrative techniques and iconography to be found in medieval Spain, and reflect both foreign and native Spanish artistic tendencies. The authors' analyses of the relation between verbalizations and visualizations will provide students of medieval art and literature a wealth of new information expanding our knowledge of this fascinating period. The beauty of many of the illuminations speaks for itself.

Panorama, 4th Edition is an introductory Spanish program offering 15 contemporary, thematic lessons to introduce students to an extensive view of the Spanish-speaking world. Welcome to the second edition of Avanti! In the new edition our priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set Avanti! apart from other first-year Italian texts: First, Avanti! satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, Avanti! responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Third, the methodology of Avanti! is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title Avanti! was chosen to convey the

This text features lively, clear writing and exceptional illustrations, making it the ideal textbook for a first course in both cell and molecular biology. Thoroughly revised and updated, the Fifth Edition maintains its focus on the latest cell biology research. For the first time ever, Essential Cell Biology will come with access to Smartwork5, Norton's innovative online homework platform, creating a more complete learning experience.

A memoir of the Spanish Civil War with "the plainness of Orwell but the metaphorical soaring of a poem . . . An extraordinary book" (The New York Times Book Review). In December 1937 I crossed the Pyrenees from France—two days on foot through the snow. I don't know why I chose December; it was just one of a number of idiocies I committed at the time. Such was Laurie Lee's entry into the Spanish Civil War. Six months after the Nationalist uprising forced him to leave the country he had grown to love, he returned to offer his life for the Republican cause. It seemed as simple as knocking on a farmhouse door in the middle of the night and declaring himself ready to fight. It would not be the last time he was almost executed for being a spy. In that bitter winter in a divided Spain, Lee's youthful idealism came face to face with the reality of war. The International Brigade he sought to join was not a gallant fighting force, but a collection of misfits without proper leadership or purpose. Boredom and bad food and false alarms were as much a part of the experience of war as actual battle. And when the decisive moment finally came—the moment of him or the enemy—it left Lee feeling the very opposite of heroic. The final volume in Laurie Lee's acclaimed autobiographical trilogy—preceded by Cider with Rosie and As I Walked Out One Midsummer Morning—is a clear-eyed and vital snapshot of a young man, and a proud nation, at a historic crossroads.

This concise, accessible book describes American music as a panorama of distinct yet parallel streams--hip-hop and Latin; folk and country; gospel and classical; jazz, blues, and rock--that reflect the uniquely diverse character of the United States. Comparing and contrasting musical styles across regions and time, the author delivers a vision of American music both exuberant and inventive--a music that arises out of the history and musical traditions of the many immigrants to America's shores. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

One hundred twenty-six best-loved fables of Aesop.
