Who Is Jesus? Study Guide

The most important questions anyone can ask are: Why was Jesus Christ crucified? Why did he suffer so much? What has this to do with me? Finally, who sent him to his death? The answer to the last question is that God did. Jesus was God's Son. The suffering was unsurpassed, but the whole message of the Bible leads to this answer. The central issue of Jesus' death is not the cause, but the meaning. That is what this book is about. John Piper has gathered from the New Testament fifty reasons in answer to the most important question that each of us must face: What did God achieve for sinners like us in sending his Son to die?

It is a simple theological truth: We become more like Jesus when we draw close to him. "People of the Passion" unpacks this tenet in a powerful examination of some of the main characters of Jesus' final days: Mary, Mother of Jesus; Mary Magdalene; Pilate; Nicodemus; Peter; and Judas. Throughout each chapter, Dr. Randall explores our perceptions and our knowledge of these individuals, pointing out how each played significant roles in exposing themes of faithfulness, gratitude, conflict, power, and betrayal. "People of the Passion" calls us to embrace the "grace and opportunity of Lent," for when we pause to examine our hearts and spirits within our collective narrative of fallen humanity, we are reminded that "we are an Easter people." And in this, we celebrate Christ's resurrection, understanding that everything about our redemption hinges upon the most significant event in human history: Easter morning. Dr. Cathy Randall is the retired Director of the University Honors Programs at The University of Alabama. She earned two Ph.D. degrees from the University of Alabama and has been named one of the top 31 women graduates of the twentieth century. Chairman of the Alabama Academy of Honor (the 100 most outstanding living Alabamians), Dr. Randall is a graduate of Education for Ministry and serves as a Lay Eucharistic Minister and Lay Eucharistic Visitor at Christ Episcopal Church in Tuscaloosa, Alabama.

This best selling book is certain to remain in the forefront of Gospel exegesis for years to come. In it, Father Brown treats the Gospels, written thirty to sixty years after the life of Christ, as reflecting considerable theological and dramatic development and not simply as literal accounts of a historical event."This volume is worthy of recognition. . . . It is well written, pastorally sensitive and possesses a clear theological focus." Catholic Journalist"Brown has the uncanny ability to introduce critical scholarship to the general reader in a manner that both invokes interest and raises pertinent questions in the mind." Conrad Hoover Sojourner

Jerome Neyrey brings a remarkably enlightened approach to the Passion Narrative, and to Luke's particular version of it. The book begins where previous studies leave off, for it goes beyond traditional questions of source and historicity and treats the Lukan Passion Narrative from the standpoint of redaction criticism. Neyrey offers a fresh literary analysis of the text, along with significant thematic and theological insights into Luke's version of Jesus's Passion. Five major episodes in the Passion Narrative are treated: The Farewell Address at the Last Supper, the Garden, Jesus's Trials, his Address to the Women, and the Crucifixion. Although rich in detail, this book continually offers a unified view of the text; readers are constantly offered overviews, summaries of the data, and interpretation of it. The book breaks new ground in suggesting a distinctive Lukan soteriology of the cross and a corresponding Christology. Study of the faith of the dying Jesus becomes a major clue for seeing Jesus as the New Adam in Luke-Acts. This book significantly advances our reading of Luke, especially by the way Acts is brought to bear as an interpretive clue to Luke's whole project, Luke-Acts. Contemporary interpretation of Luke demands study of the way Lukan structures and themes are continued and confirmed in Acts, which holds true especially for the Passion Narrative. Luke brings the story of Jesus into harmony with the story of his church.

and music, literature, art and film, and theology and ethics—from the first to the twenty-first centuries. The contributors approach the passion from a variety of perspectives—diversely Christian, Jewish, Muslim, and secular. Their voices differ as well, from the challenging to the comforting and from the academic to the confessional. They address the faithful, the skeptical, and the curious.

Since the advent of the cinema, Jesus has frequently appeared in our movie houses and on our television screens. Indeed, it may well be that more people worldwide know about Jesus and his life story from the movies than from any other medium. Indeed, Jesus' story has been adapted dozens of times throughout the history of commercial cinema, from the 1912 silent *From the Manger to the Cross* to Mel Gibson's 2004 *The Passion of the Christ*. No doubt there are more to come. Drawing on a broad range of movies, biblical scholar Adele Reinhartz traces the way in which Jesus of Nazareth has become Jesus of Hollywood. She argues that Jesus films both reflect and influence cultural perceptions of Jesus and the other figures in his story. She focuses on the cinematic interpretation of Jesus' relationships with the key people in his life: his family, his friends, and his foes. She examines how these films address theological issues, such as Jesus' identity as both human and divine, political issues, such as the role of the individual in society and the possibility of freedom under political oppression, social issues, such as gender roles and hierarchies, and personal issues, such as the nature of friendship and human sexuality. Reinhartz's study of Jesus' celluloid incarnations shows how Jesus movies reshape the past in the image of the present. Despite society's profound interest in Jesus as a religious and historical figure, Jesus movies are fascinating not as history but as mirrors of the concerns, anxieties, and values of our own era. As the story of Jesus continues to capture the imagination of filmmakers and moviegoers, he remains as significant a cultural figure today as he was 2000 years ago.

Senior New Testament scholar F. Scott Spencer focuses on a neglected area in the study of Jesus and the Gospels: the emotional life of Jesus. This book offers a fresh reading of the Gospels through the lens of Jesus's emotions--anger, grief, disgust, surprise, compassion, and joy. These emotions motivate Jesus's mission and reveal to Gospel readers what matters most to him. Amid his passions, Jesus forges his character as God's incarnate Messiah, wholly embodied and emotionally engaged with others and thoroughly embedded in the surrounding environment.

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

What does it take to fuel a faith that burns bright, no matter what? At different times in our spiritual journey, we may discover that we've somehow developed apathy toward the things of God. Instead of being fueled by spiritual passion, our faith seems to be running on autopilot--or maybe sputtering to a halt as we seek excuses to avoid spiritual engagement. Through this six-week study, your eyes will be opened to the things that can undermine our interest in the things of God, and you'll discover practical steps you can take to ignite a fire that will propel you toward a deeper, more meaningful faith.

Is there credible evidence that Jesus of Nazareth really is the Son of God? Skeptics dismiss the Jesus of the Gospels by claiming there is no evidence in the case for Christ. Lee Strobel disagrees. The former legal journalist and one-time atheist knows how to ask tough questions. His own search for truth about Jesus led him to faith in Christ. Now Strobel invites you and your group to investigate the truth about Jesus Christ leading to the facts that guided Strobel from atheism to faith in Christ. In this revised six-session study (DVD/digital video sold separately), participants will journey along with Strobel on a quest for the truth about Jesus. Rejecting easy answers, you will sift through fascinating historical evidence as you weigh compelling expert testimony. In the end, groups may very well see Jesus in a new way—and even, like Strobel, find their life transformed. A serious, scene by scene, indepth theological study of the Mel Gibson film "The Passion of the Christ, Dr. Miller's analysis not only focuses on the more obvious Marian, Eucharistic and Incarnational themes, but she also discusses and explains the more difficult images and gestures of the movie such as the demon child held by Satan, the decaying carcass behind Judas, and the raven above the thief's cross, etc. Written in a very readerfriendly style, the book also discusses the film's depiction of the Jews and Romans and examines the various sources of "The Passion, notably The Dolorous Passion of Our Lord Dolorous Passion of our Lord Jesus Chirst, by Anne Catherine Emmerich. One chapter examines how the movie has changed people's lives and an Appendix compares "The Passion of the Chirst to other movies about the life of Jesus. Religious studies classes in high schools, colleges and seminaries, as well as discussion groups in parishes and individuals eager to explore the Church's teachings as depicted in this film will find this book invaluable. Even more, it makes for wonderful meditative reading, especially during Lent but also throughtout the year, privately or in the presence of the Blessed Sacrament.

Navigating the Four Critical Seasons of Relationship The vast majority of young people will still pass through the key phases of singleness, dating, engagement and marriage in their twenties. Yet they are delaying marriage longer than any generation in human history. Why? For the first time in history, the average age for an American woman having her first child, 26, is younger than the average age of her first marriage, 27. More children than ever are growing up in fatherless homes, despite the overwhelming evidence that in every measurable way this is bad for the child. The Center for Disease Control also recently reported a dramatic rise in sexually transmitted disease nationwide. In Rhode Island alone, since the onset of online dating, reported cases of Syphilis has risen 79%, and HIV has increased by 33%. Though many young people can avoid early pregnancy and STDs, most cannot dodge the depression and feelings of isolation that characterize this modern generation. Studies show a dramatic rise in self-reported loneliness among the young. All of our technological connectivity has not made us feel more connected. In many ways, the very screens that are meant to link us to others have become shields blocking us from the deep intimacy we crave. Many have discovered that where there is a lack of intimacy, addiction often rises to take its place. How can a young person navigate such troubled waters? Is there hope out there? Like a sailor on turbulent seas, we need to look up and see the North Star: the fixed points in the sky whereby we might navigate the objective realities in life. We need the skill-set to know how to journey through life and how to select the right people to journey alongside. In this book we will chart a course through the four relational phases that the vast majority of human beings on the planet will pass through in their twenties: singleness, dating, engaged and married. In each of these phases, we will look at what eternal purposes should be pursued in each stage, and how to pursue them. SINGLENES: DEVOTION DATING: EVALUATION ENGAGED: UNIFICATION MARRIED: MISSION Our desires for intimacy are powerful. This power can be constructive or destructive. Our satisfaction and our safety will be ensured if we can aim these powerful desires toward divine purposes.
