Science in the Kitchen and the Art of Eating Well

First published in 1891, Pellegrino Artusi's *La scienza in cucina e l'arte di mangiar bene* has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor – humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.

The Man Who Ate Too Much: The Life of James Beard

The definitive biography of America's best-known and least-understood food personality, and the modern culinary landscape he shaped. In the first portrait of James Beard in twenty-five years, John Birdsall accomplishes what no prior telling of Beard's life and work has done: He looks beyond the public image of the "Dean of American Cookery" to give voice to the gourmet's complex, queer life and, in the process, illuminates the history of American food in the twentieth century. At a time when stuffy French restaurants and soulless Continental cuisine prevailed, Beard invented something strange and new: the notion of an American cuisine. Informed by previously overlooked correspondence, years of archival research, and a close reading of everything Beard wrote, this majestic biography traces the emergence of personality in American food while reckoning with the outwardly gregarious Beard's own need for love and connection, arguing that Beard turned an unapologetic pursuit of pleasure into a new model for food authors and experts. Born in Portland, Oregon, in 1903, Beard would journey from the pristine Pacific Coast to New York's Greenwich Village by way of gay undergrounds in London and Paris of the 1920s. The failed actor-turned-Manhattan canapé hawker-turned-author and cooking teacher was the jovial bachelor uncle presiding over America's kitchens for nearly four decades. In the 1940s he hosted one of the first television cooking shows, and by flouting the rules of publishing would end up crafting some of the most expressive cookbooks of the twentieth century, with recipes and stories that laid the groundwork for how we cook and eat today. In stirring, novelistic detail, *The Man Who Ate Too Much* brings to life a towering figure, a man who still represents the best in eating and yet has never been fully understood—until now. This is biography of the highest order, a book about the rise of America's food written by the celebrated writer who fills in Beard's life with the color and meaning earlier generations were afraid to examine.

"An eye-opening exploration of a unique region of Italy that bridges the Alps and the Adriatic Sea, featuring eighty recipes and wine pairings from a master sommelier and James Beard Award-winning chef. Bordered by Austria, Slovenia, and the Adriatic Sea, the northeastern Italian region of Friuli Venezia Giulia is an area of immense cultural blending, geographical diversity, and idyllic beauty. This tiny sliver of land is home to one of the most refined food and wine cultures in the world and yet remains off the grid. The unique cuisine of Friuli is what inspires the menu at Frasca, a James Beard Award-winning restaurant in Boulder, CO, helmed by master sommelier Bobby Stuckey and chef Lachlan Mackinnon-Patterson. Frasca celebrates this practice and the wine and cuisine of Friuli through 80 recipes and wine pairings. Dishes such as Gnocchi with Quail Ragu and Thyme, Branzino Crudo with Herbs, and Friulano Bean Soup with Braised Pork Shoulder are organized by The Land, The Sea, and The Mountains, while profiles of local winemakers and wines, including Tocai, Ribolla Gialla, Malvasia Istriana, and Verduzzo, open up new pairing possibilities.
