Urban Raptors

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she spoke up at a school of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie R. King's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

Winter Prey

#1 New York Times bestselling author John Sandford's "haunting, unforgettable, ice-blooded thriller" that introduced Lucas Davenport. The killer was mad but brilliant. So many rules, so many violent games of death. But Lucas Davenport, the cop who's out to get him, isn't playing by the rules. "Terrifying. Sandford has crafted the kind of trimmed-to-the-bone thriller that's hard to put down...scary, intriguing, unpredictable."—Chicago Tribune "Rules of Prey is so chilling that you're almost afraid to turn the pages. NEW YORK TIMES BESTSELLER • Martha Hall Kelly's million-copy bestseller *Lilac Girls* introduced readers to Caroline Ferriday. Now, in *Sunflower Sisters*, Kelly tells the story of Ferriday's ancestor Georgeanna Woolsey, a Union nurse during the Civil War whose calling leads her to cross paths with Jemma, a young enslaved girl who is sold and conscripted into the army, and Anne-May Wilson, a Southern plantation mistress whose husband enlists. "An exquisite tapestry of women determined to defy the odds for them."—Lisa Wingate, #1 New York Times bestselling author of *Before We Were Yours* Georgeanna "Georgey" Woolsey isn't meant for the world of lavish parties and demure attitudes of women of her stature. So when war ignites the nation, Georgey follows her passion for nursing during a time when doctors considered women's work a bother. In proving them wrong, she and her sister Eliza venture from New York to Washington, D.C., to Gettysburg and witness the unparalleled horrors of slavery and war involved in the war effort. In the South, Jemma is enslaved on the Peeler Plantation in Maryland, where she lives with her mother and father. Her sister, Patience, lives on the plantation next door, and both live in fear of LeBaron, an abusive overseer who tracks their every move. When Jemma is sold by the cruel plantation mistress Anne-May, the time the Union army comes through, she sees a chance to finally escape—but only by abandoning the family she loves. Anne-May is left behind to run Peeler Plantation. Her husband joins the Union army and her cherished brother enlists with the Confederates. In charge of the household, she uses the opportunity to follow her own path and is drawn into a secret Southern network of spies, finally exposing herself to the fate she deserves. Inspired by true accounts, *Sunflower Sisters* provides a vivid, detailed Civil War experience, from the barbaric and inhumane plantations, to a war-torn New York City, to the horrors of the battlefield. It's a sweeping story of women caught on the brink of collapse, in a society grappling with nationalism and unthinkable racial cruelty, a story still so relevant today.

Silent Prey

Urban Raptors is the first book to offer a complete overview of urban ecosystems in the context of bird-of-prey ecology and conservation. This comprehensive volume explains why some species adapt to urban areas but others do not, and introduces modern research tools to help in the study of urban raptor ecology, climate change adaptation, human-wildlife conflict, and the unique risks birds of prey face in urban areas before concluding with real-world wildlife management case studies and suggestions for future research and conservation efforts. Among researchers, urban green space planners, wildlife management agencies, birders, and informed citizens, Urban Raptors will foster a greater understanding of birds of prey and an increased willingness to accommodate them as important members, not intruders, of our cities.

Prey

The brilliant #1 New York Times bestseller Named a best book of 2020 by The New York Times, The Washington Post, TIME, The Guardian, and many more With The Mirror & the Light, Hilary Mantel brings to a triumphant close the trilogy she began with her peerless, Booker Prize-winning novels, Wolf Hall and Bring Up the Bodies. She traces the rise of Thomas Cromwell, the boy from nowhere who climbs to the heights of power, offering a defining portrait of predator and prey, of a ferocious contest between royal will and a common man's vision: of a modern nation making itself through conflict, passion and courage. The story begins in May 1536: Anne Boleyn is decapitated in the space of a heartbeat by a hired French executioner. As her remains are bundled into oblivion, Cromwell breakfasts with the victors. The blacksmith Putney emerges from the spring's bloodbath to continue his climb to power and wealth, while his formidable master, Henry VIII, settles to short-lived happiness with Jane Seymour. Cromwell, a man with only his wits to rely on, has no great family to back him, no private army. Despite rebellion at home, traitors plotting abroad, and an invasion testing Henry's regime to the breaking point, Cromwell's robust imagination sees a new country in the mirror of the future. All of England lies at his feet, and he brings innovation and religious reform. But as fortune's wheel turns, Cromwell's enemies are gathering in the shadows. The inevitable question remains: how long can any man survive under Henry's cruel and capricious gaze? Eagerly awaited and eight years in the making, The Mirror & the Light completes Cromwell's journey from self-made man to the most feared, influential figures of his time. Portrayed by Mantel with pathos and terrific energy, Cromwell is as complex as he is unforgettable: a politician and a father, a man who both defied and defined his age.
