The New York Times bestseller Sophia Amoruso spent her teens hitchhiking, committing petty theft, and dumpster diving. By twenty-two, she had resigned herself to employment, but was still broke, directionless, and working a mediocre day job she'd taken for the health insurance. Eight years later, she is the founder, CEO, and creative director of Nasty Gal, a \$100 million plus online fashion retailer with more than 350 employees. Sophia's never been a typical CEO, or a typical anything, and she's written#GIRLBOSS for outsiders (and insiders) seeking a unique path to success, even when that path is winding as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about how popular you were in high school or where you went to college (if you went to college). Rather, success is about trusting your instincts and following your gut, knowing which rules to follow and which to break.

Across three generations, three wars, two continents, and the mythic waters of the Mediterranean, one family's history leads to an inevitable question: What price do our descendants pay for the choices that we make? Naïma knows Algeria only by the artifacts she encounters in her grandparents' tiny apartment in Normandy: the language her grandmother speaks but Naïma can't understand, the food her grandmother cooks, and the precious things her grandmother carried when they fled. Naïma's father claims to remember nothing; he has made himself French. Her grandfather died before he could tell her his side of the story. But now Naïma will travel to Algeria to see for herself what was left behind—including their secrets. The Algerian War for Independence sent Naïma's grandfather on a journey of his own, from wealthy olive grove owner and respected veteran of the First World War, to refugee spurned as a harki by his fellow Algerians in the transit camps of southern France, to immigrant barely scratching out a living in the north. The long battle against colonial rule broke apart communities, opened deep rifts within families, and saw the whims of those in even temporary power instantly overturn the lives of ordinary people. does Naïma's family fit into this history? How do they fit into France's future? Alice Zeniter's *The Art of Losing* is a powerful, moving family novel that spans three generations across seventy years and two shores of the Mediterranean Sea. It is a resonant people's history of Algeria and its diaspora. It is a story of how we carry on in the face of loss: loss of country, identity, language, connection. Most of all, it is an immersive, riveting excavation of the inescapable legacies of colonialism, immigration, family, and war.

Teachers and flutists at all levels have praised Nancy Toff's *The Flute Book*, a unique one-stop guide to the flute and its music. Organized into four main parts--The Instrument, Performance, The Music, and Repertoire Catalog--the book begins with a description of the instrument and its making, offers information on choosing and caring for a flute, sketches a history of the flute, and discusses differences between members of the flute family. In the Performance section, readers learn about breathing, tone, vibrato, articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire, and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music and books, and flute clubs and related organizations worldwide. In this Third Edition, Toff has updated the book to reflect technology's advancements--like new digital recording technology and recordings' more prevalent online availability--over the last decade. She has also accounted for new scholarship on baroque literature; recent developments such as the contrabass flute, quarter-tone flute, and various manufacturing refinements and experiments; consumers' purchase prices for flutes; and a thoroughly updated repertoire catalog and appendices.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

With its blend of online learning tools and class activities, *ATELIER* guides students' independent learning of French so that they are ready to communicate with others both in the classroom and online. *ATELIER* brings students the sights, sounds and stories of everyday life in tightly designed units centering on themes such as social life, academic studies, hobbies and food. Part adventure story, part cultural history, this “enjoyably offbeat travelogue” explores the phenomenon of the spiritual pilgrimage (Booklist). Driven by curiosity, wanderlust, and health crises, David Downie and his wife set out from Paris to walk across France to the Pyrenees. Starting on the Rue Saint-Jacques, then trekking 750 miles south to Roncesvalles, Spain, their eccentric route takes 72 days on Roman roads and pilgrimage paths—a 1,100-year-old network of trails leading to the sanctuary of Saint James the Greater. It is best known as El Camino de Santiago de Compostela—“The Way” for short. The object of any pilgrimage is an inward journey manifested in a long, reflective walk. For Downie, the inward journey met the outer one: a combination of self-discovery and physical regeneration. More than 200,000 pilgrims take the highly commercialized Spanish route annually, but few cross France. Downie had a goal: to go from Paris to the Pyrenees on age-old trails, making the pilgrimage in his own maverick way.

The Fall of the House of Usher and Other Writings is a collection that displays the full force of Edgar Allen Poe's mastery of both Gothic horror and the short story form. This Penguin Classics edition is edited with an introduction and notes by David Galloway. This selection of Poe's critical writings, short fiction and poetry demonstrates his intense interest in aesthetic issues, and the astonishing power and imagination with which he probed the darkest corners of the human mind. 'The Fall of the House of Usher' is a slow-burning Gothic horror, describing the final hours of a family tormented by tragedy and the legacy of the past. In 'The Tell-Tale Heart', a murderer's insane delusions threaten to betray him, while stories such as 'The Pit and the Pendulum', 'The Raven' and 'The Cask of Amontillado' explore extreme states of decadence, fear and hate. In his introduction David Galloway re-examines the myths surrounding Poe's life and reputation. This edition includes a new chronology and suggestions for further reading. Although dissipated in his youth and plagued by mental instability towards the end of his life, Boston-born Edgar Allan Poe (1809-49) had a variety of occupations, including service in the US army and magazine editor, as well as his remarkable literary output. If you enjoyed The Fall of the House of Usher, you might like Horace Walpole's The Castle of Otranto, also available in Penguin Classics. A sociologist and former fashion model takes readers inside the elite global party circuit of "models and bottles" to reveal how beautiful young women are used to boost the status of men Million-dollar birthday parties, megayachts on the French Riviera, and \$40,000 bottles of champagne. In today's New Gilded Age, the world's moneyed classes have taken conspicuous consumption to new extremes. In Very Important People, sociologist, author, and former fashion model Ashley Mears takes readers inside the exclusive global nightclub and party circuit—from New York City and the Hamptons to Miami and Saint-Tropez—to reveal the intricate economy of beauty, status, and money that lies behind these spectacular displays of wealth and leisure. Mears spent eighteen months in this world of "models and bottles" to write this captivating, sometimes funny, sometimes heartbreaking narrative. She describes how clubs and restaurants pay promoters to recruit beautiful young women to their venues in order to attract men and get them to spend huge sums in the ritual of bottle service. These "girls" enhance the status of the men and enrich club owners, exchanging their bodily capital for as little as free drinks and a chance to party with men who are rich or aspire to be. Though they are priceless assets in the party circuit, these women are regarded as worthless as long-term relationship prospects, and their bodies are constantly assessed against men's money. A story of extreme gender inequality in a seductive world, Very Important People unveils troubling realities behind moneyed leisure in an age of record economic disparity.

Brentwood Borough, established in 1915, spans one of the highest ridges in Allegheny County, Pennsylvania, just six miles southeast of Pittsburgh. In the 19th century, three small villages, four inns, and several blacksmith shops clustered along the rural ridge. A popular and primitive roadway, now known as Brownsville Road, connected these three hamlets with the wider world. This major artery carried coaches, wagons, livestock, and even escaping slaves to Pittsburgh. At least one of the four inns was a stop on the Underground Railroad. Many years later, the community established a 28-acre park, complete with shelter house and swimming pool, as well as the later additions of ball fields, tennis courts, and a football stadium. In keeping with its original focus on education, the community has maintained its own school district. Brownsville Road, as a main street, has supported several viable shopping districts. Brentwood is renowned for its annual Fourth of July parade, attracting tens of thousands of spectators each year. Today, Brentwood encompasses 1.45 square miles. The strength of this small community lies with its residents, who value service and commitment. For 100 years, Brentwood has maintained its own distinct character and charm, combining the elements of a modern community with the friendliness of a small town.
