Sexual Consent

Butch/femme

Elements of medical jurisprudence v. 1

14 COUNTRIES, 42 WOMEN - FROM PERIODS TO ORGASMS TO FGM. THERE IS NO SUCH THING AS OVERSHARING. 'Nimko's book is going to shift the conversation around women's bodies. Our bodies, and everything they do, make us who we are' - Amika George, founder of Free Periods Campaign
What do you do when you're homeless and on your period? What does it feel like to have a poo following childbirth? How do we learn to love our bodies again after they've been abused? It's rude. It's improper. It's disgusting. All justifications that leave women's questions about their bodies unanswered. And activist Nimko Ali has had enough of it. Following her own experience of FGM and rebuilding her relationship with her body, this important book contains the true stories of women sharing what they've always been told is secret and shameful - from east London to Ethiopia, from pregnancy to menopause. This is a call to arms. This is a cry to reclaim the narrative around our fannies and to refuse the taboos that silent us.
'A beautiful book with such a wide range of uplifting but often heart-breaking stories. Made us cry and think in equal measure' - Pandora Sykes, co-host of The High Low
'Nimko has blown apart all taboos, blown apart the echo chamber and included all women in the feminist conversation.' - Scarlett Curtis, author of Feminists Don't Wear Pink
'There is no subject too taboo for her to tackle. We should all be talking about our vaginas and she is leading the way' - Bryony Gordon, author of Mad Girl
'Nimko Ali is heroine for our time, she destroys the notion of things being too rude to discuss' - Caitlin Moran, author of How to Be a Woman

The Queen V

A popular belief is that whatever takes place in private between consenting adults should be allowed. This is the first book to offer a systematic philosophical examination of what might be meant by consent and what role it should play in the context of sexual activity. Investigating the adequacy of standard accounts of consent, the book criticizes

Media Law for Journalists

Criminal liability is based upon a combination of actions, actus reus thoughts and mind set (mens rea). This is expressed by the maxim actus non facit reum nisi mens sit rea, which means that an act alone will not give rise to criminal liability unless it was done with a guilty state of mind (Emily Flinch et al 2009:2). If actus reus and mens rea are established and there is no valid defense, the defendant is guilty. The onus or burden of proofs is on the prosecution to establish the elements of the offence beyond reasonable doubt. This is required to establish criminal liability (standard of proof) (Emily Flinch et al 2009:2). It is the responsibility of Government to protect its citizens from all forms of criminal activities. Hence it has enacted Laws, usually adopted from the British Laws, in order to achieve this objective, the enforcement of which is achieved through law enforcement . Law enforcement Service Headquarters and their officers enforce these laws.

Those are My Private Parts

Crown Cases Reserved for Consideration

The Victorian Reports

The Lancet

WARNING: CONTAINS EXPLICIT LANGUAGE Leticia was the proverbial 'good time' (girl) that had been 'had by all'. She had been sporadically pleasuring the masses in a 'career' which spanned several continents. As Mae West would comment, she had 'been things and seen places.' She was (unfortunately) blissfully unaware of her Tax liability in the UK, until HMRC kindly pointed out her responsibility. One would imagine, and certainly, logic would dictate, that suitably chastened, she could have just paid the tax bill with the attendant penalties, to carry on, and wend her merry way. But, oh no, that would just be too simple on Planet Civil Service. 'Justice', as in, showing the general public: 'Behold how we catch these miscreants!!' has to be, (in the world of HMRC), SEEN to be done. It was another fine mess Leticia had gotten into, but could she get herself out? As the comedian Max Miller would joke: 'Would she block their passage or toss them off' of the Tax train? Wince as the horror of bankruptcy, homelessness and/or incarceration squeezes her 'pincer movement' into submission. Watch her grapple with the discrimination, morality and misinformation surrounding the rights of Sex workers.along with the incompetence of her persecutors. Will it all come out in the wash or do nice gals always have to finish last? Will Brighton and beyond be deprived of their best loved Erotic Service Provider? This is her story.. (Inconveniently, she also used to work for the Inland Revenue, albeit 40 years ago!!!!!!)

The Vagina Bible

The CC, Canada Evidence Act, Extradition Act, and relevant provisions of the Charter with embedded principle case. Meant to be d/loaded as a mini-dbase with embedded case.

Pornography, Sex Work, and Hate Speech

Principles of Medical Jurisprudence

Essays on the butch-femme designations, respecting the power that these categories have in the lesbian community while at the same time avoiding the cliched romanticism often inherent in their representation.

Instant New York Times, USA Today, and Publishers Weekly bestseller! Boston Globe bestseller #1 Canadian Bestseller OB/GYN, The New York Times columnist, host of the show Jensplaining, and internationally bestselling author Dr. Jen Gunter now delivers the definitive book on vaginal health, answering the questions you've always had but were afraid to ask—or couldn't find the right answers to. She has been called Twitter's resident gynecologist, the Internet's OB/GYN, and one of the fiercest advocates for women's health...and she's here to give you the straight talk on the topics she knows best. Does eating sugar cause yeast infections? Does pubic hair have a function? Should you have a vulvovaginal care regimen? Will your vagina shrivel up if you go without sex? What's the truth about the HPV vaccine? So many important questions, so much convincing, confusing, contradictory misinformation! In this age of click bait, pseudoscience, and celebrity-endorsed products, it's easy to be overwhelmed—whether it's websites, advice from well-meaning friends, uneducated partners, and even healthcare providers. So how do you separate facts from fiction? OB-GYN Jen Gunter, an expert on women's health—and the internet's most popular go-to doc—comes to the rescue with a book that debunks the myths and educates and empowers women. From reproductive health to the impact of antibiotics and probiotics, and the latest trends, including vaginal steaming, vaginal marijuana products, and jade eggs, Gunter takes us on a factual, fun-filled journey. Discover the truth about: • The vaginal microbiome • Genital hygiene, lubricants, and hormone myths and fallacies • How diet impacts vaginal health • Stem cells and the vagina • Cosmetic vaginal surgery • What changes to expect during pregnancy and after childbirth • What changes to expect through menopause • How medicine fails women by dismissing symptoms Plus: • Thongs vs. lace: the best underwear for vaginal health • How to select a tampon • The full glory of the clitoris and the myth of the G Spot . . . And so much more. Whether you're a twenty-six-year-old worried that her labia are "uncool" or a sixty-six-year-old dealing with painful sex, this comprehensive guide is sure to become a lifelong trusted resource.

California Evidentiary Foundations

In *The Queen V*, the beloved OB-GYN, celebrity doctor, and star of Bravo's *Married to Medicine* reveals the twelve principles behind a happy and healthy vagina and other lady parts. After twenty years of private obstetrics and gynecological practice, there's nothing Dr. Jackie Walters hasn't seen. And now, in her new book, the widely-adored OB-GYN invites you to put your feet in the stirrups and investigate. Whether she's covering libido, contraceptives, labiaplasty, or fertility, Dr. Jackie educates readers with her characteristic grace and pragmatism. Both funny and informative, she brings you on a quest through the female reproductive system—answering all the burning (and itching, and smelling) questions you've always been afraid to ask. Dr. Jackie knows that every woman is different, and she's designed a reading experience that's tailor-made for each individual. After taking a fun quiz to uncover your own vaginal personality (V.P.), you'll embark upon an eye-opening journey of self-discovery. Are you a Mary Jane, a Sanctified Snatch, or a Notorious V.A.G.? What's the shape of your vaginal flower—rosebud, tulip, or carnation? Dr. Jackie reveals the answer and doles out advice so personal you'll feel like you're in the office talking to her. For every time you've been draped in a paper gown and too embarrassed to ask that question, Dr. Jackie has you covered. Her book is a woman's guide to self-awareness that will educate, entertain, and empower others to achieve vaginal liberation. It's a must-read for anyone who owns (or loves) a vagina.

Principles of Forensic Medicine

Drawing on conversations with hundreds of women about their genitalia, the author presents a collection of performance pieces from her one-woman show of the same name.

Reports of Cases Decided by the English Courts

What We're Told Not to Talk About (But We're Going to Anyway)

The Victorian Law Reports

Digest of Moak's English Reports

The British Homoeopathic Review

This book presents MacKinnon's powerful analysis of politics, sexuality, and the law from the perspective of women. Using the debate over Marxism and feminism as a point of departure, MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state.

Elements of Medical Jurisprudence

Multidisciplinary focus Surveying many disciplines, this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States. The themes addressed include the historical, political, and social contexts of legal issues that have affected women's struggles to obtain equal treatment under the law. The articles are drawn from journals in law, political science, history, women's studies, philosophy, and education and represent some of the most interesting writing on the subject. The law in theory and practice Many of the articles bring race, social, and economic factors into their analyses, observing, for example, that black women, poor women, and single mothers are treated by the wielders of the power of the law differently than middle class white women. Other topics covered include the evolution of women's legal status, reproduction rights, sexuality and family issues, equal employment and educational opportunities, domestic violence, pornography and sexual

exploitation, hate speech, and feminist legal thought. A valuable research and classroom aid, this series provides in-depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women.

Directory of Playwrights, Directors, Designers

'A refreshing complement to more venerable textbooks. Indeed, being both reflective and accessible, it is arguably a better first resort for aspirant hacks' Times Higher Education Supplement 'It is written in a clear and user-friendly style, avoiding the legalistic language that can be a problem with so many law textbooks. Particularly well written are the case studies that Ursula Smartt explains in each chapter' - Writing Magazine Media Law for Journalists functions as both an introduction and a reference guide to the main legal issues facing journalists. It is intended as a course textbook for students, first and foremost. However, it is also intended to help keep journalists out of jail and on the right side of the law. The book presumes no prior legal knowledge, but covers all the relevant areas including: defamation, privacy, contempt of court, freedom of expression, and intellectual property. It also looks at the difference between the English and Scottish legal systems as they pertain to the media. This book will be essential reading for all students of journalism as well a welcome guide to professional journalists.

The English Reports: Crown cases (1743-1865)

A Reference handbook of the medical sciences embracing the entire range of scientific and practical medicine and allied science v.8, 1904

California Evidentiary Foundations is the ideal one-volume guide for overcoming common, and not-so-common, evidentiary problems in the courtroom. This accessible, popular manual shows you how to frame predicate questions to gain admission or exclusion of specific types of evidence and includes a list of the foundational elements and examples of specific lines of questioning for establishing these elements. Each foundation is accompanied by a clear explanation of the supporting principles of California evidence law. Packed with proven trial techniques, California Evidentiary Foundations will help you prepare for every evidentiary challenge you may face at trial. California Evidentiary Foundations takes the abstract principles of evidence and organizes them into concise statements, and illustrates their uses with sample transcripts of the elements being applied in the courtroom. The publication helps attorneys focus their case around a theme and understand the theories behind proving up evidence in both civil and criminal cases. This concise manual includes complete references to the California Evidence Code, Rules of Court, key cases, legislative history, and citations to secondary authorities such as Jefferson, Witkin, and CEB texts.
