Provides women with insights into themselves and their sexual and social relationships and gives advice on the constructive use of anger and personal power

From the authors of "The Power of Birthdays, Stars, & Numbers" comes a personalized astrology guide where readers can learn about their unique powers of attraction and the cosmic forces that shape their destinies.

For thousands of years people have been aware of the significance of numbers. The early Greeks taught that numbers are central to the understanding of life itself, while Galileo, the medieval Italian astronomer, said, "The book of nature is written in mathematical language". This attractively presented book explains both the history and theory of numerology, and, through practical advice, opens the door on a new world of possibilities. Rather than enduring the effects of various life circumstances, we can, through numerology, take part in their rhythmic process, one that links us with universal purpose and meaning. Numerology offers us the ability to order and control our lives.

The book begins with a fascinating explanation of what numerology is and an intriguing look at the philosophy that lies behind it. It then examines how numerology works, focusing on the numeric meanings of personal names, birth dates, and language in general. Included is a step-by-step guide to calculating your own numbers and interpreting them in chart form. Special attention has been paid to keeping the math simple and unintimidating, and to emphasizing how numerology can personally apply to the reader.

In this easy to read book, Ken Bowser presents the basics of sidereal astrology from the viewpoint of a Western astrologer. Both astrologers and students of the science will appreciate the clear and helpful delineation of the planets, signs, houses, and aspects as presented in the sidereal chart. Ken also examines the forty-five planet combinations, looking at each in depth and presenting the unique characteristics each represents. All of these principles are illustrated with examples that serve as a guide for interpretation. Also included are three appendices: historical information, the origin of the exaltations, and the tropical-sidereal debate. An Introduction to Western Sidereal Astrology is a modest title for this excellent book, which provides a basic overview of sidereal astrology as it has developed in the West since the rediscovery of the ancient Babylonian sidereal zodiac at the end of the nineteenth century. Arising out of forty years of practice with sidereal astrology, this book is a gift to the world, representing the reemergence in our time of an astrology based upon the actual positions of the stars themselves and offering insightful interpretations of the stellar script as it comes to expression in the horoscope. - Robert Powell Ph.D., author of History of the Zodiac and many other works, and co-author of the recently published book The Astrological Revolution. With An Introduction to Western Sidereal Astrology, Ken Bowser has produced a valuable contribution to a literature that is both scholarly and practical. His careful, well-resourced explanations of the Babylonian origination of the zodiac (fixed to the celestial sphere and not their equinoxes) and its reintroduction into modern astrology, are a must-read for both students and professionals. On the practical side, he shows astrologers who want to try out the sidereal zodiac how to use it in everyday work. His outstanding planet combinations, which are independent of the zodiac, can be used by anyone and everyone who wants

to master the art of astrology.--Ken Irving, Editor, American Astrology, Horoscope Guide Bowser skillfully and eloquently leads the reader through a tour of the complex issues at the heart of the zodiac issue with a level of clarity that can only be conveyed by someone who has attained a deep and comprehensive understanding of his subject. Ken Bowser is incontrovertibly qualified to write the book of this title, and he has chosen his moment well.--Deborah Houlding, Editor, The Traditional Astrologer and skyscript.co.uk

In this inspiring guide to achieving happiness and wellness in life, work, and relationships, a “go-to life coach for those in the know” (InStyle) reveals how to use astrology as a roadmap to success. For thousands of years, people have looked to the night sky for guidance. Yet these days it’s so easy to lose touch with the universe and the important direction it can provide. In The Signs, astrologer and life coach Carolyne Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life. Faulkner’s method is not about nebulous predictions or fate. It’s about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with yourself. Consult The Signs to learn what to do when:

- You’re an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will heal you in wondrous ways.)*
- You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.)*
- You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)*

Did you know that your birthday can give you surprising details about your personality profile, your ideal partner, and your dark side? The Element Encyclopedia of Birthdays combines astrology, psychology, numerology and tarot for practical advice on how to make the best of yourself and shape your future.

For the first time, a Tantric scholar and expert in the Hindu traditions of Ayurveda and astrology presents a system of numerology that combines numerical calculations, astrological data, and an analysis of body type. He illustrates the Vedic Square and the visual patterns that can be derived from it, casting a revealing light on the more esoteric interpretations of numbers and their relationship to one another. Recommendations are given regarding strong and weak periods of day or year, favorable colors and precious stones to be worn, and meditations and mantras to be practiced for health and prosperity. Explains how to determine the psychic number, name number, and destiny number; how these

numbers relate to each of the nine planets, and how they apply to every aspect of life--including personality, temperament, intelligence, talents, sexuality, spirituality, finances, travel, and health.
