### Historical Dictionary of Sherlock Holmes

Giallo - racconto lungo (30 pagine) - Sherlock Holmes deve scoprire gli aggressori di sua Altezza, la Regina Vittoria. Scotland Yard ritiene che vi sia dietro la Lega Patriottica Mussulmana e che il segretario della Regina Abdul Karim sia una talpa. Quando un'aggressione alla Regina Vittoria fallisce, Scotland Yard ritiene che vi sia dietro la Lega Patriottica Mussulmana e che il segretario della Regina Abdul Karim sia una talpa. Visto l'imminente Giubileo di diamante di Sua Maestà, Sherlock Holmes e il dottor Watson sono chiamati a scoprire gli aggressori e far sì che la Regina sia al sicuro durante le celebrazioni, ma non tutto fila liscio in questo racconto esplosivo! Nato in Indiana, negli Stati Uniti, Luke Benjamin Kuhns si è trasferito in Inghilterra nel 2008 per studiare teologia all'università di Manchester. È un giallista che oggi vive a Londra e ha scritto diversi romanzi con protagonista Sherlock Holmes, tra i quali: *The Untold Adventures of Sherlock Holmes*, *Sherlock Holmes: Studies in Legacy* e *Sherlock Holmes and the Horror of Frankenstein*.

### The Twenty-First-Century Legacy of the Beatles

RACCONTO LUNGO (48 pagine) - GIALLO - Sherlock Holmes in un albergo infestato da spettri! A Porlock, piccolo villaggio sulla costa, vi è un albergo decrepito. Il signor Bradson e la sua famiglia hanno di recente acquistato l'edificio e progettano di far rivivere l'albergo. Vecchie leggende, però, dicono che l'albergo è infestato da spettri! Quando ai Bradson accade qualcosa di inspiegabile, il signor Bradson si reca da Sherlock Holmes sperando di riuscire a espellere la diavoleria che mette a repentaglio la sicurezza della sua famiglia. Nato in Indiana, negli Stati Uniti, Luke Kuhns si è trasferito in Inghilterra nel 2008 per studiare teologia all'università di Manchester. È un giallista che oggi vive a Londra e ha scritto diversi romanzi con protagonista Sherlock Holmes, tra i quali: "The Untold Adventures of Sherlock Holmes", "Sherlock Holmes: Studies in Legacy" e "Sherlock Holmes and the Horror of Frankenstein".

### Sherlock Holmes Studies in Legacy

Jacobus Cornelius Kapteyn (1851-1922) of the University of Groningen was one of the foremost astronomers of his time, resulting in a leading role internationally of Dutch astronomy throughout the twentieth century. This volume, which is the proceedings of a special 'legacy' symposium at the celebration of the 385th anniversary of the University of Groningen, addresses Kapteyn's influence on the development of modern astronomy through studies of his pioneering work on statistical astronomy and the Structure of the Sidereal System, and his leadership in establishing international collaborations, in particular the Plan of Selected Areas. In addition to historical studies related to Kapteyn's person, work, international collaborations and organisational efforts, the volume discusses the influence of Kapteyn on the internationalisation of astronomy and on contemporary astronomy. It also provides an inventory of Kapteyn's correspondence.

### Sherlock Holmes: The Baker Street Legacy

What does it signify when a Shakespearean character forgets something or when Hamlet determines to 'wipe away all trivial fond records'? How might forgetting be an act to be performed, or be linked to forgiveness, such as when in *The Winter's Tale* Cleomenes encourages Leontes to 'forget your evil. / With them, forgive yourself'? And what do we as readers and audiences forget of Shakespeare's works and of the performances we watch? This is the first book devoted to a broad consideration of how Shakespeare explores the concept of forgetting and how forgetting functions in performance. A wide-ranging study of how Shakespeare dramatizes forgetting, it offers close readings of Shakespeare's plays, considering what Shakespeare forgot and what we forget about Shakespeare. The book touches on an equally broad range of forgetting theory from antiquity through to the present day, of forgetting in recent novels and films, and of creative ways of making sense of how our world constructs the cultural meaning of and anxiety about forgetting. Drawing on dozens of productions across the history of Shakespeare on stage and film, the book explores Shakespeare's dramaturgy, from characters who forget what they were about to say, to characters who leave the stage never to return, from real forgetting to performed forgetting, from the mad to the powerful, from playgoers to Shakespeare himself.

### Sherlock Holmes e l'avventura del Giubileo di Diamante

Giallo - racconto (22 pagine) - Un racconto che svela cosa accadde a Mary Morstan, moglie del dottor Watson Tra il "Problema Finale" e il ritiro dall'attività del grande detective, Sherlock Holmes e Watson condivisero molte avventure. Tra queste, però, molti misteri rimangono insoluti. Che ne è stato, per esempio, di Mary, la moglie di Watson, dopo che il suo amico Sherlock Holmes cadde nel precipizio di Reichenbach? Qui si scopre la tragica verità. Nato in Indiana, negli Stati Uniti, Luke Benjamin Kuhns si è trasferito in Inghilterra nel 2008 per studiare teologia all'università di Manchester. È un giallista che oggi vive a Londra e ha scritto diversi romanzi con protagonista Sherlock Holmes, tra i quali: *The Untold Adventures of Sherlock Holmes*, *Sherlock Holmes: Studies in Legacy* e *Sherlock Holmes and the Horror of Frankenstein*.

### Shakespeare and Forgetting

Why were the Victorians more fascinated with secrecy than people of other periods? What is the function of secrets in Victorian fiction and in the society depicted, how does it differ from that of other periods, and how did readers of Victorian fiction respond to the secrecy they encountered? These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria's coronation to the century's end. May argues that the works of writers such as Charlotte Brontë, William Makepeace Thackeray, Mary Elizabeth Braddon, Edward Bulwer-Lytton, and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information. She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity, one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from

# Download Free Sherlock Holmes Studies In Legacy

*the trained eye. (May calls the relation between these clashing tendencies the "dialectics" of secrecy and disclosure.) May's theories of secrecy and disclosure are informed by the work of twentieth-century social scientists. She emphasizes Georg Simmel's thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman's claim that sociality can be understood in terms of performativity, "the presentation of the self in everyday life," and his revelation that performance always involves disguise, hence secrecy. May's study offers convincing evidence that secrecy and duplicity, in contrast to the Victorian period's emphasis on honesty and earnestness, emerged in response to the social pressures of class, gender, monarchy, and empire, and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian.*

## *The Cambridge Companion to Sherlock Holmes*

*Historical Dictionary of Sherlock Holmes contains a variety of information about Arthur Conan Doyle's Sherlock Holmes stories, as both narratives and also cultural phenomena. The volume will help readers look deeper into those stories and the meanings of the various reference points within them, as well as achieving a deeper understanding of the range of contexts of Holmes, Conan Doyle, and detective fiction as a genre. This book examines the broad global Sherlock Holmes phenomenon related to the ways in which the stories have been adapted into a range of other media, as well as the cultural status of Holmes all over the world. Historical Dictionary of Sherlock Holmes contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 1,000 cross-referenced entries that contain detailed examinations of the themes and features of the 60 stories that make up the Sherlock Holmes canon. This book is an excellent resource for students, researchers, and anyone wanting to know more about Arthur Conan Doyle's Sherlock Holmes stories.*

## *Fan Phenomena: Sherlock Holmes*

*The story begins in 1881, where Dr. Watson runs into an old friend, Stamford. Due to a shoulder injury sustained in the Anglo-Afghan War, Watson was forced to retire and is now looking for a place to live. Stamford mentions that an acquaintance of his, one Sherlock Holmes, is looking for someone to split the rent at a flat at 221B, Baker Street. After seeing the rooms at 221B, they move in and grow accustomed to their new situation. Holmes also has multiple guests visiting him at different intervals during the day. After much speculation by Watson, Holmes reveals that he is a "consulting detective" and that the guests are clients. Watson is astounded by Holmes' ability to notice details and assemble them. Holmes reads a telegram requesting consultation in a fresh murder case. He's reluctant to help because credit would go entirely to the officials. Watson urges him to reconsider so Holmes invites him to accompany him as he investigates the crime scene, an abandoned rural manor [Get Your Copy Now](#).*

## *The Memoirs of Sherlock Holmes*

## *Leo Strauss and His Legacy*

*The mysterious death of Irene Adler's bees leads to a consultation with Sherlock Holmes and the discovery of a sinister connection to a case many years in the past. When this threat imperils the safety of everyone the detective holds dear, he and The Woman are forced to use every ounce of their ingenuity to save their friends.*

## *Russell Vs. Meinong*

*Sherlock Holmes, the best-known detective (sorry, consulting detective) on earth, celebrates his one hundred and sixtieth birthday on 6 January 2014. As a tribute to his genius, and to mark the occasion, The Holmes Sutra is presented (by a crazed fan) as: (a) a compilation of one hundred and sixty mantras (aphorisms/slogans/sayings - call them what you will) - some original, some canonical, some based on various print/media adaptations - aimed to make Sherlock Holmes (and his fans) smile, and (b) a test of the readers' Holmes Mania Quotient (HMQ)- based on the resulting HMQ score, the particular condition/stage of Holmes Mania would be determined, with possibilities of a cure. Happy birthday, Sherlock - this is your birthday gift; hope you like it.*

## *Articulating Bodies*

*Jack the Ripper was the slayer of at least five female victims in London's East End, but his legacy left many more victims in its wake than he could have ever imagined. From the Royal Family and the British Government to the London Police and minority groups, the list of 'other' victims that were created as a direct result of the Jack the Ripper murders goes on and on. Following the success of their first book, the authors from The Whitechapel Society have compiled this ultimate force in Ripper research, in which each group is looked at in detail. The authors are veteran Ripper chroniclers, familiar with the highways and byways of the Ripper road map. They share the principle that in all the plethora of commentaries about the Whitechapel Murderer, there are many categories of victim apart from the five women slain in the streets in the autumn of 1888.*

## *A Study in Scarlet*

*Accessible exploration of Sherlock Holmes and his relationship to late-Victorian culture as well as his ongoing significance and popularity.*

## *America's Sherlock Holmes*

*With close to 15,000 entries, this bibliography is the most comprehensive guide to published writing in the tradition of Leo Strauss, who lived from 1899 to 1973 and was one of the most influential political philosophers of the twentieth century. John A. Murley provides Strauss's own complete bibliography and identifies the work of hundreds of Strauss's students and their students' students. Leo Strauss and His Legacy charts the path of influence of a beloved teacher and mentor, a deep and lasting heritage that permeates the classroom of the twenty-first century. Each new generation of students of political philosophy will find this bibliography an indispensable resource.*

## *Holmes and Watson – An American Adventure*

# Download Free Sherlock Holmes Studies In Legacy

*A DARK PAST It is 1894, and Sherlock Holmes is called to a Covent Garden art gallery where dozens of patrons lie dead before a painting of the Undying Man. Holmes and Watson are soon on the trail of a mysterious figure in black, whose astounding speed and agility make capture impossible. The same suspect is then implicated in another murder, when the servant of a visiting Russian grand duke is found terribly mutilated in a notorious slum. But what links the two crimes, and do they have anything to do with the suicide of an unpopular schoolteacher at a remote boarding school? So begins a case that will reveal the dark shadows that past misdeeds can cast, and test the companions to their limits*

## *The Oriental Casebook of Sherlock Holmes: Nine Adventures from the Lost Years*

*Few could have predicted the enduring fascination with the legendary detective Sherlock Holmes. From the stories of Sir Arthur Conan Doyle to the recent BBC series that has made a heart-throb out of Benedict Cumberbatch, the sleuth has been much a part of the British and global cultural legacy from the moment of his first appearance in 1887. The contributors to this book discuss the ways in which various fan cultures have sprung up around the stories and how they have proved to be a strong cultural paradigm for the ways in which these phenomena function in the twentieth and twenty-first centuries. Essays explore the numerous adaptations, rewritings, rip-offs, role-playing, wiki and crowd sourced texts, virtual realities, and faux scholarship Sherlock Holmes has inspired. Though fervid fan behaviour is often mischaracterized as a modern phenomenon, the historical roots of fan manifestation that have been largely forgotten are revived in this thrilling book. Complete with interviews with writers who have famously brought the character of Holmes back to life, the collection benefits from the vast knowledge of its contributors, including academics who teach in the field, archivists, and a number of writers who have been involved in the enactment of Holmes stories on stage, screen, and radio. The release of Fan Phenomena: Sherlock Holmes coincides with Holmes's 160th birthday, so it is no mystery that it will make a welcome addition to the burgeoning scholarship on this timeless detective.*

## *The Legacy of J.C. Kapteyn*

*Following the success of the earlier volume, The Baker Street Case-Files, we have another collection of previously unknown Holmes and Watson tales that will excite the interests of readers across the globe - The Baker Street Legacy. A decade before his death, Dr Watson let it be known that with his passing he wished his nephew, Christopher Henry Watson MD, to be the executor of his will and guardian of all his personal and pecuniary affairs. One of the tasks he sanctioned was that his nephew should use his discretion in selecting for publication some of the three dozen or so cases involving Holmes and Watson which had not already seen the light of day. The eight stories in this volume are more overlooked gems. The first in the collection, A Day at the Races, is set in 1880, before Dr Watson had become the chief chronicler of the Great Detective's work. The French Affair is a fascinating tale set in that period beyond 1891 when the world was led to believe that Holmes had died at the Reichenbach Falls grappling with the villainous Professor Moriarty. From the allure of The Fashionably-Dressed Girl to the operation of The Influence Machine, there is, as always, much to entertain and enthral us. As before, all of these tales are designed to contribute in some small part to the lasting memory of two extraordinary men who once occupied that setting we have come to know and love as 221B Baker Street. Once again, 'The game is afoot!'*

## *The Legacy of Barthélemy*

*Lizzie Borden took an axe, and gave her mother forty whacks. When she saw what she had done, she gave her father forty-one. Or did she? Holmes and Watson, while in America find themselves face to face with Lizzie Borden when two fresh axe murders rock Fall River society. Is Lizzie to blame?*

## *The Mammoth Book of New Sherlock Holmes Adventures*

*It has taken Liverpool almost half a century to come to terms with the musical, cultural and now economic legacy of the Beatles and popular music. At times the group was negatively associated with sex and drugs images surrounding rock music: deemed unacceptable by the city fathers, and unworthy of their support. Liverpudlian musicians believe that the musical legacy of the Beatles can be a burden, especially when the British music industry continues to brand the latest (white) male group to emerge from Liverpool as 'the next Beatles'. Furthermore, Liverpudlians of perhaps differing ethnicities find images of 'four white boys with guitars and drums' not only problematic in a 'musical roots' sense, but for them culturally devoid of meaning and musically generic. The musical and cultural legacy of the Beatles remains complex. In a post-industrial setting in which both popular and traditional heritage tourism have emerged as providers of regular employment on Merseyside, major players in what might be described as a Beatles music tourism industry have constructed new interpretations of the past and placed these in such an order as to re-confirm, re-create and re-work the city as a symbolic place that both authentically and contextually represents the Beatles.*

## *Fan Phenomena: Sherlock Holmes*

*A century after 'On Denoting' was published, the debate it initiated continues to rage. On the one hand, there is a mass of new historical scholarship, about both Russell and Meinong, which has not circulated very far beyond specialist scholars. On the other hand, there are continuing problems and controversies concerning contemporary Russellian and Meinongian theories, many of them involving issues that simply did not occur to the original protagonists. This work provides an overview of the latest historical scholarship on the two philosophers as well as detailed accounts of some of the problems facing the current incarnations of their theories.*

## *The Holmes Sutra*

*Sir Arthur Conan Doyle's Sherlock Holmes and Doctor Watson feature in three brand new and exciting adventures that you won't want to miss. The Scarlet Thread of Murder: Three seemingly separate crimes, three detectives. A mysterious stalker is on the loose in London known only as the Goblin Man and his sights are set on a wealthy businessman, David Daniels. A horrific explosion rips through Whitechapel Underground Station and the prime suspect is a Jewish anarchist. And a Mrs Clara Edwards is searching for her missing lover, Phyllis Jackson. What connects these three? It's a dangerous and complex game that links Sherlock Holmes, Investigator Martin Hewitt, and former Ripper investigator and head of H Division Edmund Reid. A Scandal in America: In 1888 Mr Sherlock Holmes was beat by Irene Adler aka the Woman. After her marriage to Godfrey Norton she left London. Two years later her husband is found dead in his New York office, apparently having committed suicide. Irene Adler believes it to be staged, unable to accept Norton capable of such an end. There is one person, if any, who she can turned to: Sherlock Holmes. Holmes and Watson are headed to America where they must dive into the mysterious life of Godfrey Norton to learn how and why he died. No one is ready for what they learn. The Allegro Mystery: Someone lurks in the shadows and is sending mysterious and haunting letters to the beautiful ballerina, Mademoiselle Dipin. Believing her life to be endangered by a ghost from her past, she bursts into the study of 221b to plead with Sherlock Holmes for aid. Can Sherlock Holmes and Doctor Watson find and expose her ghost before something terrible happens to their client? The game is afoot.*

## *Sherlock Holmes e la tresca avvelenata*

# Download Free Sherlock Holmes Studies In Legacy

*From the fertile crescent to the far east, the great adventures of Holmes and Watson during the three-year gap between Holmes's "death" and his dramatic return. What exactly happened during Sherlock Holmes's "great hiatus" after his supposed death and triumphant return three years later? Riccardi images his travels in Europe and Asia during those years in nine original short stories set in places as far flung as Sumatra and Tibet. Given the uncertain grip of the British empire over its colonies, the murders and other mayhem Holmes confronts often have potentially grave political repercussions. Filled with local color and Holmes' signature wit and logic, Sherlockians the world over will relish this missing chapter in the life of the world's greatest detective.*

## *Sherlock Holmes and The Scarlet Thread of Murder*

*Ilmari Soisalon-Soininen (1917–2002) was a Finnish Septuagint scholar and the father of the translation-technical method in studying the nature of translations. The present volume upholds his work with studies related to the syntax of the Septuagint. It is impossible to describe the syntax of the Septuagint without researching the translation technique employed by the translators of the different biblical books; the characteristics of both the Hebrew and Greek languages need to be taken into consideration. The topics in this volume include translation-technical methodology; case studies concerning the use of the definite article, preverbs, segmentation, the middle voice, and the translations of Hebrew stems in the Pentateuch; selected syntactical features in Isaiah and Jeremiah; the connection between the study of syntax and textual criticism, especially in Judges; and lexical distinction between near-synonymous words. The volume concludes with six articles by Soisalon-Soininen, originally written in German and translated into English. These studies pertain to the use of the genitive absolute, renderings of the Hebrew construct state and the personal pronoun, interchangeability of prepositions, segmentation, and Hebraisms. These articles have lasting value as analyses of significant translation-syntactic phenomena and, together with Soisalon-Soininen's monographs, they crystallize his translation-technical method. The volume paves way to a description of the syntax of the Septuagint that does justice to its nature as a translation.*

## *The Detective, The Woman and The Silent Hive: A Novel of Sherlock Holmes*

*William Burns is best known as 'America's Sherlock Holmes' and was director of the FBI, shortly before J. Edgar Hoover. But before he became director, Burns had a long, highly publicized career as a detective for the Secret Service, then led the famed Burns International Detective Agency, which competed with his rival, the Pinkerton Detective Agency.*

## *Jack the Ripper Terrible Legacy*

*A disorder that is only just beginning to find a place in disability studies and activism, autism remains in large part a mystery, giving rise to both fear and fascination. Sonya Freeman Loftis's groundbreaking study examines literary representations of autism or autistic behavior to discover what impact they have had on cultural stereotypes, autistic culture, and the identity politics of autism. Imagining Autism looks at fictional characters (and an author or two) widely understood as autistic, ranging from Conan Doyle's Sherlock Holmes and Harper Lee's Boo Radley to Mark Haddon's boy detective Christopher Boone and Steig Larsson's Lisbeth Salander. The silent figure trapped inside himself, the savant made famous by his other-worldly intellect, the brilliant detective linked to the criminal mastermind by their common neurology—these characters become protean symbols, stand-ins for the chaotic forces of inspiration, contagion, and disorder. They are also part of the imagined lives of the autistic, argues Loftis, sometimes for good, sometimes threatening to undermine self-identity and the activism of the autistic community.*

## *Sherlock Holmes and The Horror of Frankenstein*

*A dynamic investigation of processes of cultural reproduction – remaking and remodelling – which considers a wide range of film adaptations, remakes and fan productions from various industrial, textual and critical perspectives.*

## *The Improbable Adventures of Sherlock Holmes*

*There is nothing more tragic than a story left untold. At least that is what Sherlock Holmes thought. Through his urgings Doctor Watson opens his tin dispatch box to recall a series of strange and grotesque events which consumed their daily lives in the early months of 1899. Follow Holmes and Watson as they tackle an unusual case of hysteria, race through fires in Whitechapel, find mystery and murder in a seaside village, and discover what strange game is afoot when an assault in the confines of 221b sends Holmes and Watson racing against time towards a deadly and toxic end! One thing is certain, sometimes the most deadly villain is their legacy.*

## *Autistic Disturbances*

*RACCONTO LUNGO (38 pagine) - GIALLO - Un famoso esploratore si suicida. Ma sarà accaduto veramente così? Quando il signor Hardy, un famoso esploratore, viene trovato morto con vicino un biglietto che annuncia il suicidio, sua moglie si reca da Sherlock Holmes e dal dottor Watson cercando conforto. La sua morte è stata davvero un suicidio, oppure c'era dell'altro in gioco? Lo può scoprire solo Sherlock Holmes. Nato in Indiana, negli Stati Uniti, Luke Kuhns si è trasferito in Inghilterra nel 2008 per studiare teologia all'università di Manchester. È un giallista che oggi vive a Londra e ha scritto diversi romanzi con protagonista Sherlock Holmes, tra i quali: "The Untold Adventures of Sherlock Holmes", "Sherlock Holmes: Studies in Legacy" e "Sherlock Holmes and the Horror of Frankenstein".*

## *The Disabled Detective*

*The first book of its kind, The Disabled Detective explores representations of disability in crime fiction, from the earliest days of the genre to contemporary television drama. Susannah B. Mintz examines detective heroes with such conditions as blindness, deafness, paralysis, Asperger's, obsessive compulsive disorder, addiction, war trauma and many other impairments. Examining a wide range of texts, from Arthur Conan Doyle's Sherlock Holmes stories and the works of Agatha Christie to contemporary crime writers such as Jeffrey Deaver and Michael Collins and television dramas such as Monk, this book highlights how often characters with disabilities have been the heroes of crime fiction and how rarely this has been discussed in contemporary criticism.*

## *The Legacy of Soisalon-Soininen*

*The game is afoot! Night Shade Books is proud to present the fantastic adventures of the world's greatest detective — mystery, fantasy, science fiction, horror, no genre can escape the esteemed detective's needle-sharp intellect and intuition.*

# Download Free Sherlock Holmes Studies In Legacy

*This reprint anthology showcases the best Holmes short fiction from the last 25 years, featuring stories by such visionaries as Stephen King, Neil Gaiman, Laura King, and many others.*

## Imagining Autism

*There is nothing more tragic than a story left untold. At least that is what Sherlock Holmes thought. One thing is certain, sometimes the most deadly villain is their legacy. The Untold Adventures of Sherlock Holmes - Volume 2.*

## Sherlock Holmes Studies in Legacy

*Les Devanciers d'Aquila by Dominique Barthélemy (1963) is an epoch-making work on the textual history of the Septuagint. On the basis of his analysis of the Nahal Hever Minor Prophets Scroll, Barthélemy developed his theory of an early Hebraizing revision (so-called kaige revision), designed to bring the traditional text of the Septuagint closer to the Hebrew text, and recognized examples of it in the B-text of books such as Joshua, Judges, and Samuel-Kings. The work of these early Hebraizing revisers resembled the later very literal translation by Aquila; hence the name of the book, "the predecessors of Aquila". Textual scholars of today continue in the footsteps of Barthélemy and work on the same questions that were raised in Devanciers: How extensive was the influence of the kaige revision and how can it be recognized? What is the nature of the Lucianic text: when does it represent the Old Greek and when does it give a stylistically revised text? What is the relationship between the kaige revision and Theodotion's revision of the Septuagint? The present volume mainly consists of papers presented at the 50th anniversary symposium of Les Devanciers d'Aquila that was held in connection with the SBL International Meeting in St Andrews, Scotland, in 2013. The papers focus on history of research, case studies on the text of Samuel-Kings (1–4 Kingdoms), and studies on the text-historical position of specific witnesses.*

## Sherlock Holmes e il caso del problema risolto

*The biggest collection of new Sherlock Holmes stories since Sir Arthur Conan Doyle laid down his pen - nearly 200,000 words of superb fiction featuring the Great Detective by masters of historical crime, including Stephen Baxter, H. R. F. Keating, Michael Moorcock and Amy Myers. Almost all the stories here are specially written; the cases presented in the order in which Holmes solved them. The result is a new life of Sherlock Holmes, with a continuous narrative alongside the stories that identifies the 'gaps' in the canon and places the new and hitherto unrecorded cases in sequence. Plus an invaluable complete Holmes chronology.*

## Sherlock Holmes e l'albergo stregato

*This book aims to establish the position of the sidekick character in the crime and detective fiction literary genres. It re-evaluates the traditional view that the sidekick character in these genres is often overlooked as having a small, generic or singular role—either to act as the foil to the detective in order to accentuate their own abilities at solving crimes, or else to simply tell the story to the reader. Instead, essays in the collection explore the representations and functions of the detective's sidekick across a range of forms and subgenres of crime fiction. By incorporating forms such as children's detective fiction, comics and graphic novels and film and television alongside the more traditional fare of novels and short stories, this book aims to break down the boundaries that sometimes exist between these forms, using the sidekick as a defining thread to link them together into a wider conceptual argument that covers a broad range of crime narratives.*

## Secrecy and Disclosure in Victorian Fiction

*Understand the purpose and background of the new The Hebrew Bible: A Critical Edition project Our understanding of the textual history of the Hebrew Bible has been transformed in the wake of the discovery of the Dead Sea Scrolls. Hendel explores and refines this new knowledge and formulates a rationale for a new edition of the Hebrew Bible. The chapters situate The Hebrew Bible; A Critical Edition project in a broad historical context, from the beginnings of textual criticism in late antiquity and the Renaissance to the controversies in contemporary theory and practice. This book combines close analysis with broad synthesis, yielding new perspectives on the text of the Hebrew Bible. Features Theory and practice of textual criticism Textual history of the Hebrew Bible History of text-critical scholarship*

## Steps to a New Edition of the Hebrew Bible

*London, 1888. Bodies are being removed from their graves and no one knows who is behind it or why. When a man is found murdered at the scene of the most recent grave robbery Sherlock Holmes and Doctor Watson are brought in to shed much needed light upon this grim scene. Join the great detective and his trusted colleague as they venture down the rabbit hole where what they uncover can only be seen to be believed. A graphic novel.*

## The Detective's Companion in Crime Fiction

*While research on autism has sometimes focused on special talents or abilities, autism is typically characterized as impoverished or defective when it comes to language. Autistic Disturbances reveals the ways interpreters have failed to register the real creative valence of autistic language and offers a theoretical framework for understanding the distinctive aesthetics of autistic rhetoric and semiotics. Reinterpreting characteristic autistic verbal practices such as repetition in the context of a more widely respected literary canon, Julia Miele Rodas argues that autistic language is actually an essential part of mainstream literary aesthetics, visible in poetry by Walt Whitman and Gertrude Stein, in novels by Charlotte Brontë and Daniel Defoe, in life writing by Andy Warhol, and even in writing by figures from popular culture. Autistic Disturbances pursues these resonances and explores the tensions of language and culture that lead to the classification of some verbal expression as disordered while other, similar expression enjoys prized status as literature. It identifies the most characteristic patterns of autistic expression-repetition, monologue, ejaculation, verbal ordering or list-making, and neologism-and adopts new language to describe and reimagine these categories in aesthetically productive terms. In so doing, the book seeks to redress the place of verbal autistic language, to argue for the value and complexity of autistic ways of speaking, and to invite recognition of an obscured tradition of literary autism at the very center of Anglo-American text culture.*

### *Sherlock Holmes Studies in Legacy*

*There is nothing more tragic than a story left untold. At least that is what Sherlock Holmes thought. Through his urgings Doctor Watson opens his tin dispatch box to recall a series of strange and grotesque events which consumed their daily lives in the early months of 1899. Follow Holmes and Watson as they tackle an unusual case of hysteria, race through fires in Whitechapel, find mystery and murder in a seaside village, and discover what strange game is afoot when an assault in the confines of 221b sends Holmes and Watson racing against time towards a deadly and toxic end! One thing is certain, sometimes the most deadly villain is their legacy. The Untold Adventures of Sherlock Holmes - Volume 2.*

### *Sherlock Holmes - The Legacy of Deeds*

*Articulating Bodies investigates the contemporaneous developments of Victorian fiction and disability's medicalization by focusing on the intersection between narrative form and body. The book examines texts from across the century, from Frederic Shoberl's 1833 English translation of Victor Hugo's Notre-Dame de Paris to Arthur Conan Doyle's Sherlock Holmes story "The Adventure of the Crooked Man" (1893), covering genres that typically relied upon disabled or diseased characters. By tracing the patterns of focalization and narrative structure across six decades of the nineteenth century and across six genres, Articulating Bodies demonstrates that throughout the Victorian era, authors of fiction used narrative form as well as narrative theme to negotiate how to categorize bodies, both constructing and questioning the boundary dividing normalcy from abnormality. As fiction's form developed from the massive hybrid novels of the early decades of the nineteenth century to the case-study length of fin-de-siècle mysteries, disability became increasingly medicalized, moving from the position of spectacle to specimen.*
