Even though you may prefer just one of these methods over the others but I can honestly say after five years of making all different kinds of soaps that each of these methods have their own unique soap creating techniques that the others don't. Did you know that there is a soap that can reduce cellulite? How about the soap that can cure acne and other skin blemishes? My son's acne disappeared after using a soap that one of my friends made (that is how I got interested in soap making). There are many medicinal and other benefits of using homemade natural soaps. I divided each of the soap making methods into 3 categories Floral Scented Soaps Unique Soaps Medicated Soaps In each category, I listed 10 of my best recipes, most of which are truly unique. Additionally, I added three additional chapters with 10 recipes in each that are becoming very popular lately. Glycerin Soaps Liquid and Laundry Soaps Goat Milk Soaps But before you buy this book, I would prefer you take a glance at the table of content and look through all of my 150 recipes and see if any of them peak your interest. Welcome to the world of soulful aroma and beautiful colors of freshly homemade soaps!
