The enemies of English lawyer Roger Randolph kidnap him and put him aboard a ship for America. When it was attacked by Corsairs, he proved his mettle with a sword and became the new Captain, Black Roger.It was the Golden Age of Comics. Every week new publications would warp the minds of our youth, destroy (or save, depending on your point of view) the culture of America, and drain hard-earned dimes from the pockets of young girls. A glorious time! Now you can enjoy again - or, for the first time The comic reprints from are reproduced from actual classic comics, and sometimes reflect the imperfection of books that are decades old. Many people enjoy these authentic characteristics.

The summer of 1939 was an epic turning point for America—a brief window between the Great Depression and World War II. It was the last moment of unbridled hope for peace and prosperity; by Labor Day, the Nazis were in Poland. And nothing would come to symbolize this transformation from optimism to fear and dread more than the 1939 New York World's Fair. A glorious vision of the future, the Fair introduced television, the fax machine, nylon, and fluorescent lights. The "World of Tomorrow," as it was called, was a dream city built upon a notorious garbage dump—The Great City of Tomorrow, infamous ash heaps. Yet these lofty dreams would come crashing down to earth in just two years. From the fair's opening on a stormy spring day to everything that could go wrong did: not just freakish weather but power failures and bomb threats. Amid the drama of the World's Fair, four people struggle against the coming global violence. Albert Einstein, a lifelong pacifist, would come to question his beliefs as never before. From his home on Long Island, he signed a series of letters to President Roosevelt urging the development of an atomic bomb—an act he would later call "one great mistake in my life." Grover Whalen, the Fair's president, struggled in vain to win over dictators Benito Mussolini and Joseph Stalin, but that his utopian vision had the power to stop their madness. And two New York City police detectives, Joe Lynch and Freddy Socha, who had been assigned to investigate a series of bomb threats and explosions that had terrorized the city for months, would have a rendezvous with destiny. During the summer of 1940, in a chilling preview of things to come, terrorism would arrive on American shores—and the grounds of the World's Fair. Yet behind this tragic tableau is a story as incredible as it is inspiring. With a colorful cast of supporting characters—including Mayor Fiorello La Guardia, Robert Moses, and FDR—Twilight at the World of Tomorrow is narrative nonfiction at its finest, a gripping true-life drama that not only illuminates a forgotten episode of the nation's past but shines a probing light upon its present and its future. From the Hardcover edition.

Secret Anchorages of Brittany provides concise pilotage directions for practically all the natural anchorages along the Brittany coast, from the Mont St Michel round to the great estuary of the Loire. As with the first edition, the anchorages start near Cap de la Hague on the Cotentin and include Iles Chausey. The book enters Brittany waters near Cancale and follows the whole 300-mile coastline, with its rivers, estuaries, islands, looking into every nook and cranny on the way. This stylish second edition includes many new anchorages and is lavishly illustrated while the anchorage charts have been redrawn and verified against the Admiralty or French SHOM charts. The pilotage sections are peppered with features on the maritime traditions, life and history of this inimitable coast. Peter Cumberlidge is a well known writer and photographer who has sailed widely under sail and power. He always returns to Brittany with affection and the new Secret Anchorages reflects his sympathy for this fabulous area, the people who live here and the superlative seafood for which the coast is justly renowned.
