Jump, Kangaroo, Jump! Four kids and their sidekick, Petey the parrot, run a sometimes thriving lemonade stand whose patrons include all kinds of wacky neighbors—even a juggler. They create a bar graph to track the rise and fall of their lemonade sales. Illustrator Tricia Tusa has imbued the story with her delightful sense of humor and has made understanding bar graphs a breeze.

Tally O'Malley Here is a fascinating behind-the-scenes account of history in the making-- the election in 2013 of Cardinal Jorge Bergoglio, the first Latin American pope, the first Jesuit pope, and the first pope to choose the name Francis. The author, a friend the Pope, now reveals what actually happened inside the secret conclave.

Ready, Set, Hop! Monkeys ride in 2s, tumble by 3s, and march in 4s -- and readers can count them up as the parade goes by!

Leaping Lizards Clever Coyote thinks it's time for lunch -- and also time to show her friends how, with some simple rounding, she can add up numbers in her head. If only she were as good at hunting as she is at math!

I'll Teach my Dog 100 Words Offers numerous lists of fun, factual, and trivial issues, such as discontinued ice cream flavors and most popular websites for kids, along with "netiquette" tips, helpful references, and more. Original.

Pepper's Journal: A Kitten's First Year h1 How Hollywood cashed in on the latest tech boom and changed the face of Silicon Valley. A decade later, Kutcher is perhaps the brightest in a firmament of star investors from Beyoncé and Jay-Z to Jennifer Lopez and Alex Rodriguez. Bartering credibility and connections in exchange for early (and often discounted) access to the world's most coveted investment opportunities, this diverse group changed the face of venture capital while amassing portfolios packed with companies like Airbnb, Spotify, and Uber. But how did two once-dissonant universes--Silicon Valley and Hollywood--become intertwined? Forbes senior

editor Zack O'Malley Greenburg told the first chapter of Kutcher's transformation for the magazine's cover story in 2016. Now he offers a lively, page-turning account of how this motley crew of talent managers, venture capitalists, and celebrities helped the creative class forge a brand-new blueprint for generational wealth. Through extensive reporting and exclusive interviews with more than 100 key players-including Shaq, Nas, Joe Montana, Sophia Bush, Steve Aoki, Tony Gonzalez, and dozens of behind-the-scenes power brokers-Greenburg sheds light on the unlikely group that fundamentally transformed the value of fame.

The Best Vacation Ever Mr. Crocodile's plans to catch and eat some pesky monkeys do not work out and he becomes friends with them instead.

Mall Mania Primary math concepts are introduced using creative examples, easy-to-understand text and art illustration.

Captain Invincible and the Space Shapes Shopping, counting, and a birthday present all add up to a surprise ending on Mall Mania Day! A lighthearted look at addition strategies

Probably Pistachio Nothing goes right for Jack all day long. He can't find his favorite sneakers, he spills milk on his math homework, and worst of all, he gets tuna fish for lunch. Will things ever get better? Readers will learn how to tell when something is certain, more likely, less likely, or impossible as Jack keeps hoping his streak of bad luck will break. Maybe, just maybe, pistachio ice cream for dessert will do the trick. But will it happen? Considering how Jack's day has been going, PROBABLY NOT!

Tally Cat Keeps Track When artist Natalie Nourigat left her life in Portland to move to Los Angeles and pursue a job in animation, she realized that despite her research, nothing truly prepared her for the wild world that awaited in the studios of Southern California. This autobiographical how-to graphic novel explores the highest highs and lowest lows of pursuing a dream in animation. Brushed with a dose of humor and illustrated advice about salaries, studio culture, and everything in between, *I Moved to Los Angeles to Work in Animation* is the unique insider experience you won't find anywhere else.

I Moved to Los Angeles to Work in Animation Polly's pen pal, Ally, is 125 centimeters tall, weighs 25 kilograms, and lives 450 kilometers away -- and Polly is determined to find a way to visit her! A story of long-distance friendship introduces basic metric measurements to children.

Tally O'Malley Beginning readers can learn 100 different words in this story about a remarkable dog.

Animals on Board

Coyotes All Around A lively story, vivid artwork, and fifty talented lizards will help young readers master the skill of counting by fives and tens as groups of late lizards show up just before the curtain goes up on their live performance. Simultaneous.

Chew On This As the O'Malley children play games on a car trip to the beach, the reader is introduced to counting through tallying.

Monster Math It's About Time. . . . to wake up. . . to learn, to play, to read. . . to cuddle up in the blankets and to dream. A twenty-four -- hour day is full of great things to do! Endearing illustrations depicting things kids do every day make this an easy introduction to the skill of telling time, perfect for very young readers.

More or Less Perry the Penguin needs 9 clams to buy an ice scooter -- but he's not very good at saving. As Perry earns, spends, finds, loses, and borrows clams, a simple line graph demonstrates the concept of negative numbers.

Give Me Half! It's hard work, taking care of 5 little ducks. But when each little duck comes home with a friend -- oh, no! Now it's double the ducks and double the work. How can 1 little boy get everything done? Understanding how to double numbers helps children master both addition and multiplication. Fun, friendship, and lots of ducks make learning this essential skill both easy and entertaining.

It's About Time! A boy awakens to find that everything around him is odd, from three sleeves on his shirt and five legs on his dog to clocks and calendars with only odd numbers. Includes a three-page "For Creative Minds" section with odd fun facts and number games.

A-List Angels Kangaroo is back! In this story he and his friends at camp divide into halves, thirds, and fourths to form teams at field day. Readers will cheer on this rowdy crew of Australian animals as they swim, canoe, play tug-of-war, and have a good, goofy time.

Spunky Monkeys on Parade When the elevator goes down, the subtraction starts and so does the magic. Ben sees crazy things everytime the door opens. Ride along as he subtracts his way down to the lobby, and decide for yourself if it's elevator magic.

The All-New Book of Lists for Kids Ride along with trucker Jill and her dog as they add up the animals zooming by. But these are no ordinary animals, and they're bound for a surprise destination! Ride along with trucker Jill and her dog as they add up the animals passing by on other trucks. But these are no ordinary animals, and they're bound for a surprise destination! Lively illustrations by R.W. Alley make adding truckloads of fun.

Tally O'malley This busy family needs a vacation, but they don't know where to go. Mom and Dad want peace and quiet. Grandma wants to go somewhere hot. Fluffer wants to go somewhere that pets can go, too! The pig-tailed narrator gathers all this data and makes a chart to help determine the perfect vacation destination. Learning math is fun when a vacation is the answer!

Red Storm Rising Is your age more than 5? Is it less than 10? Eddie's got to guess. And he doesn't want to be wrong! Eddie has a booth at the school fair, guessing people's ages. He hasn't guessed wrong yet, but if he does, he gets dunked. Can Eddie keep guessing right -- and keep from getting wet? Comparing whole numbers and understanding what's more and what's less are a big part of Eddie's strategy, and an important math skill for young readers to learn.

If You Were a Minus Sign Gonk and Beezy, two amphibian friends, hold a contest to see who can make better graphs. Includes information about different kinds of graphs.

Elevator Magic "An effervescent city child dances through a hot summer day until a thunderstorm brings welcome relief. Executed in collages made from color photographs, imaginatively redefined in unexpected juxtaposition. A wonderful concept book, grounded in ordinary events yet touched with magic, that will strike a familiar chord with preschool audiences while enlarging their perceptions. An auspicious debut!"--Horn Book.

One Hot Summer Day Tally McNally is an alley cat who loves to tally! He keeps track of all sorts of contests—who wins the most races, who is the tallest, who can climb the most trees, and more. When the results are counted up, Tally is always the winner. One rainy day, Tally competes to become the “wettest cat.” But he goes too far and gets into a jam. Will his friends—who lose to him tally after tally—find a way to save him?

The Great Graph Contest Splitting things in half may seem like an easy thing to do, but when two siblings and a pizza are involved, things can get messy. Children learn about fractions at school but fractions are also an important part of everyday life outside the classroom. In this riotous book, Stuart J. Murphy and G. Brian Karas introduce the simplest of fractions, $\frac{1}{2}$.

One Odd Day Imagine if you could steal your toddler's nap? This picture book debut from a #1 New York Times bestselling author turns the universal dilemma of getting kids to sleep upside down! It's time for a nap but, just like stubborn toddlers everywhere, Annalise Devin McFleece won't have anything to do with bedtime. Dad tries to encourage sleepiness by pushing her around the park in her stroller. Along the way, they pass a man sitting on a bench, dog walkers walking dogs, a boy on a skateboard, kids playing ball, a girl practicing her juggling, and others. Each of them thinks that taking a nap is a great idea and if Annalise Devin McFleece doesn't want hers, they'll happily take it. And one by one, everyone falls asleep except Annalise Devin McFleece. But when she's finally ready for her nap, all the naps are taken! Is there anyone who has an extra nap to spare? With every turn of the page, the busy city scene becomes more and more quiet except for Annalise Devin McFleece. Will she ever take a nap?

Jack the Builder Lisa keeps a journal of her new kitten's first year.

Polly's Pen Pal Jack stacks up blocks high. Two make a robot, five make a boat, and fifteen makewhatever you can imagine! Math becomes child's play as young readers are introduced to the skill of counting on, a first step toward mastering addition.

Let's Make a Tally Chart From the author of the Jack Ryan series comes an electrifying #1 New York Times bestseller—a standalone military thriller that envisions World War 3 A chillingly authentic vision of modern war, *Red Storm Rising* is as powerful as it is ambitious. Using the latest advancements in military technology, the world's superpowers battle on land, sea, and air for ultimate global control. It is a story you will never forget. Hard-hitting. Suspenseful. And frighteningly real. "Harrowingtensea chilling ring of truth."—TIME

Double the Ducks Kids love fast food. And the fast food industry definitely loves kids. It couldn't survive without them. Did you know that the biggest toy company in the world is McDonald's? It's true. In fact, one out of every three toys given to a child in the United States each year is from a fast food restaurant. Not only has fast food reached into the toy industry, it's moving into our schools. One out of every five public schools in the United States now serves brand name fast food. But do kids know what they're eating? Where do fast food hamburgers come from? And what makes those fries taste so good? When Eric Schlosser's best-selling book, *Fast Food Nation*, was published for adults in 2001, many called for his groundbreaking insight to be shared with young people. Now Schlosser, along with co-writer Charles Wilson, has investigated the subject further, uncovering new facts children need to know. In *Chew On This*, they share with kids the fascinating and sometimes frightening truth about what lurks between those sesame seed buns, what a chicken 'nugget' really is, and how the fast food industry has been feeding off children for generations.

Lemonade for Sale Frog friends, Matty and Moe, are off with a "Ready, Set, Hop!" They both made it to the rock, but who's in the lead? If Matty hopped 5 hops and Moe hopped 2 more hops than Matty, then the score is 5 to 7. But then they're off again. Any child who can add or subtract can build a simple equation, and Matty and Moe make it fun. As readers count along with Stuart J. Murphy and Jon Buller they will sharpen their problem solving skills and find out which frog is the better hopper.

No More Naps! A counting book in which a little monster's birthday party gets out of control.

The Election of Pope Francis The O'Malleys are off to the beach! But it's a long, hot, boring drive. What can Eric, Bridget, and Nell do to keep busy? Play tally games, of course -- counting up all the gray cars or green T-shirts they see. Whoever has the most marks at the end wins the game. Eric wins the first game. Bridget wins the second. It seems like poor Nell will never win a game! But Nell has the luck of the Irish on her side, and a surprise in store for her big brother and sister.

What Time is It, Mister Crocodile? As the O'Malley children play games on a car trip to the beach, the reader is introduced to counting through tallying.
