For generation after generation, Toltec shamans have passed down their wisdom through teaching stories. The purpose of these stories is to implant a seed of knowledge in the mind of the listener, where it can ultimately sprout and blossom into a new and better way of life. In *The Wisdom of the Shamans: What the Ancient Masters Can Teach Us About Love and Life*, Toltec shaman and master storyteller don Jose Ruiz shares some of the most popular stories from his family's oral tradition and offers corresponding lessons that illustrate the larger ideas within each story. Ruiz begins by explaining that contrary to the stereotypical image of "witch doctor," the ancient shamans were men and women who fulfilled several roles within their communities: philosopher, spiritual guide, medical doctor, psychologist, and friend. According to Ruiz, their teachings are not primitive or reserved for a chosen few initiates but are instead a powerful series of lessons on love and life that are available to us all. To that aim, he has included exercises, meditations, and shamanic rituals to help you experience the personal transformation these stories offer. The shamans taught that the truth you seek is inside of you. Let these stories, lessons, and tools be your guide to finding the innate wisdom that lives within.

The 5 Languages of Appreciation in the Workplace

A beautiful debut novel set in the Outer Hebrides, *The House Between Tides* strips back layers of the past to reveal a dark mystery. In the present day, Hetty Deveraux returns to the family home of Muirlan House on a remote Hebridean island estate following the untimely death of her parents. Torn between selling the house and turning it into a hotel, Hetty undertakes urgent repairs, accidentally uncovering human remains. Who has been lying beneath the floorboards for a century? Were they murdered? Through diaries and letters she finds, Hetty discovers that the house was occupied at the turn of the century by distant relative Beatrice Blake, a young aristocratic woman recently married to renowned naturalist and painter, Theodore Blake. With socialist and suffragist leanings Beatrice is soon in conflict with her autocratic new husband, who is distant, and wrapped up in Cameron, a young man from the island. As Beatrice is also drawn to Cameron, life for them becomes dangerous, sparking a chain of events that will change many lives, leaving Hetty to assemble the jigsaw of clues piece by piece one hundred years later, as she obsessively chases the truth. In *The House Between Tides*, author Sarah Maine uses her skills as a storyteller to create an utterly compelling historical mystery set in a haunting and

beautifully evoked location." Last night, debut author Maine dreamed of a contemporary spin on classic Gothic tropes. Orphan Hetty Deveraux has inherited a crumbling, wind-battered mansion on a remote Muirland Island in western Scotland, "on the edge of the world." The day she arrives to inspect her new property, however, local assessor James Cameron has found a skeleton beneath the floorboards. Who is it, and how long has it been there? Abandoned since the war, the house was the refuge of Theo Blake, a Turner-esque painter-turned-mad recluse and a distant relative of Hetty's. At loose ends since the deaths of her parents, Hetty hopes restoring the house will serve as a new beginning. Meanwhile, in 1910, Theo Blake brings his new bride to Muirland House, whose landscapes have inspired some of his most famous paintings. Maine skillfully balances a Daphne du Maurier atmosphere with a Barbara Vine-like psychological mystery as she guides the reader back and forth on these storylines. The two narrative threads are united by the theme of conservation versus exploitation: Muirland is a habitat for several species of rare birds, threatened in the 1910 plot by Blake's determination to kill and mount them for his collection and in the 2010 story by Hetty's half-formed plans to transform Muirland House into a luxury hotel. Local man Cameron wants to see the island preserved as "a precious place, wild and unspoiled, a sanctuary for more than just the birds." The setting emerges as the strongest personality in this compelling story, evoking passion in the characters as fierce as the storms which always lurk on the horizon. A debut historical thriller which deftly blends classic suspense with modern themes.' Kirkus 'Muirland Island in Scotland's Outer Hebrides provides the sensuous setting for British author Maine's impressive debut, which charts the parallel quests of two women a century apart. [] Vivid descriptions of the island's landscape and weather enhance this beautifully crafted novel.' Publisher's Weekly 'There is an echo of Daphne du Maurier's Rebeca in Sarah Maine's appealing debut novel, when human remains are found beneath the floorboards of a derelict mansion on a Scottish island a highly readable debut.' Independent 'A tremendous accomplishment. So assured, so well-judged, and with such an involving story to tell, this might be the author's fifth or sixth novel, not her first. From Hugo Award-winning debut author Suzanne Palmer comes an action-packed sci-fi caper starring Fergus Ferguson, interstellar repo man and professional finder Fergus Ferguson has been called a lot of names: thief, con artist, repo man. He prefers the term finder. His latest job should be simple. Find the spacecraft Venetia's Sword and steal it back from Arum Gilger, ex-nobleman turned power-hungry trade boss. He'll slip in, decode the ship's compromised AI security, and get out of town, Sword in hand. Fergus locates both Gilger and the ship in the farthest corner of human-inhabited space, a backwater deep space colony called Cernee. But Fergus' arrival at the colony is anything but simple. A cable car explosion launches Cernee into civil war, and Fergus must ally with Gilger's enemies to navigate a field of space mines and a small army of hostile mercenaries. What was supposed to be a routine job evolves into negotiating a power struggle between factions. Even worse, Fergus has become increasingly—and inconveniently—invested in the lives of the locals. It doesn't help that a dangerous alien species Fergus thought mythical prove unsettlingly real, and their ominous triangle ships keep following him around. Foolhardy. Eccentric. Reckless. Whatever he's called, Fergus will need all the help he can get to take back the Sword and maybe save Cernee from destruction in the process.
