The Meanings of Dress The rise of both the empire of cotton and the empire of fashion in the nineteenth century brought new opportunities for sartorial self-expression to millions of ordinary people who could now afford to dress in style and assert their physical presence. Millions of laborers toiling in cotton fields and producing cotton cloth in industrial mills faced a brutal reality of exploitation, servitude, and regimentation—yet they also had a profound desire to express their selfhood. Another transformative force of this era—the rise of literary publication and the radical extension of literacy to the working class—opened an avenue for them to do so. Cloth and clothing provide potent tropes not only for physical but also for intellectual forms of self-expression. Drawing on sources ranging from fugitive slave narratives, newspapers, manifestos, and mill workers' magazines to fiction, poetry, and autobiographies, *Clothed in Meaning* examines the significant part played by mill workers and formerly enslaved people, many of whom still worked picking cotton, in this revolution of literary self-expression. They created a new literature from their palpable daily intimacy with cotton, cloth, and clothing, as well as from their encounters with grimly innovative modes of work. In the materials of their labor they discovered vivid tropes for formulating their ideas and an exotic and expert language for articulating them. The harsh conditions of their work helped foster in their writing a trenchant irony toward the demeaning reduction of human beings to “hands” whose minds were unworthy of interest. Ultimately, *Clothed in Meaning* provides an essential examination of the intimate connections between oppression and luxury as recorded in the many different voices of nineteenth-century labor.

The Material Atlantic Scholars have argued that postmodernism is dead and that we are entering into a new era that some have labelled altermodernism, digimodernism, performatism, and post-postmodernism. This book expands on the nascent scholarship of post-postmodernism to highlight how dress, fashion, and appearance are reflections of this new age. The volume starts with a discussion of fashion, subjectivity, and time and an analysis of temporality, technology, and fashion in post-postmodern times. Later chapters analyse the work of design houses

## Get Free The Meanings Of Dress

and mass producers such as Vetements, Gucci, and Uniqlo whose products align with post-postmodern aesthetics, hyperconsumption, and hypermodern branding. The book looks at diverse geographic and identity markers by discussing post-postmodernism and the religio-politico-cultural questions in South Asian Muslim fashion, image and identity presentation in queer social networking apps, and by exploring fashion designer Tom Ford's output as a movie director. Two chapters discuss the post-postmodern fashion exhibition with analyses of recent exhibitions and an in-depth look at the work of exhibition maker Judith Clark. The final chapter is written by members of The Rational Dress Society, a counter-fashion collective that makes JUMPSUIT, an experimental garment to replace all clothes. Fashion, Dress, and Post-postmodernism is a companion to research on relationships between post-postmodernism, fashion, and dress, and the go-to resource for researchers and students interested in these areas.

### Fashion and Its Social Agendas

The Meanings of Dress Key Concepts for the Fashion Industry is the first concise and accessible overview of fashion theories for students on any fashion course. Providing an easy understanding of the core concepts, from scarcity to conformity, this book offers clear, practical examples and accessible case studies, making complex theory easy to digest. All fashion students need a basic understanding of how a style becomes a fashion and how this spreads or declines, whether they are studying fashion design, merchandising or any other fashion course. Containing student-friendly features such as discussion questions, activities and further reading, this book is essential reading for all students studying across all areas of fashion.

The Meanings of Dress Eleanor Estes's *The Hundred Dresses* won a Newbery Honor in 1945 and has never been out of print since. At the heart of the story is Wanda Petronski, a Polish girl in a Connecticut school who is ridiculed by her classmates for wearing the same faded blue dress every day. Wanda claims she has one hundred dresses at home, but everyone knows she doesn't and bullies her mercilessly. The class feels terrible when Wanda is pulled out of the school, but by that time it's too late for apologies. Maddie, one of Wanda's classmates, ultimately decides that she is "never going to stand by and say nothing again."

The Hundred Dresses In 2004, the French government instituted a ban on the wearing of "conspicuous signs" of religious affiliation in public schools. Though the ban applies to everyone, it is aimed at Muslim girls wearing headscarves. Proponents of the law insist it upholds France's values of secular liberalism and regard the headscarf as symbolic of Islam's resistance to modernity. *The Politics of the Veil* is an explosive refutation of this view, one that bears important implications for us all. Joan Wallach Scott, the renowned pioneer of gender studies, argues that the law is symptomatic of France's failure to integrate its former colonial subjects as full citizens. She examines the long history of racism behind the law as well as the ideological barriers thrown up against Muslim assimilation. She emphasizes the conflicting approaches to sexuality that lie at the heart of the debate--how French supporters of the ban view sexual openness as the standard for normalcy, emancipation, and

## Get Free The Meanings Of Dress

individuality, and the sexual modesty implicit in the headscarf as proof that Muslims can never become fully French. Scott maintains that the law, far from reconciling religious and ethnic differences, only exacerbates them. She shows how the insistence on homogeneity is no longer feasible for France--or the West in general--and how it creates the very "clash of civilizations" said to be at the root of these tensions. The Politics of the Veil calls for a new vision of community where common ground is found amid our differences, and where the embracing of diversity--not its suppression--is recognized as the best path to social harmony.

Where the Crawdads Sing In nineteenth-century Europe and the United States, fashion—once the province of the well-to-do—began to make its way across class lines. At once a democratizing influence and a means of maintaining distinctions, gaps in time remained between what the upper classes wore and what the lower classes later copied. And toward the end of the century, style also moved from the streets to the parlor. The third in a four-part series charting the social, cultural, and political expression of clothing, dress, and accessories, Fashioning the Nineteenth Century focuses on this transformative period in an effort to show how certain items of apparel acquired the status of fashion and how fashion shifted from the realm of the elites into the emerging middle and working classes—and back. The contributors to this volume are leading scholars from France, Italy, and the United States, as well as a practicing psychoanalyst and artists working in fashion and with textiles. Whether considering girls' school uniforms in provincial Italy, widows' mourning caps in Victorian novels, Charlie's varying dress in Kate Chopin's eponymous story, or the language of clothing in Henry James, the essays reveal how changes in ideals of the body and its adornment, in classes and nations, created what we now understand to be the imperatives of fashion. Contributors: Dagni Bredesen, Eastern Illinois U; Carmela Covato, U of Rome Three; Agnès Derail-Imbert, École Normale Supérieure/VALE U of Paris, Sorbonne; Clair Hughes, International Christian University of Tokyo; Bianca Iaccarino Idelson; Beryl Korot; Anna Masotti; Bruno Monfort, Université of Paris, Ouest Nanterre La Défense; Giuseppe Nori, U of Macerata, Italy; Marta Savini, U of Rome Three; Anna Scacchi, U of Padua; Carroll Smith-Rosenberg, U of Michigan.

Mockingjay (The Hunger Games, Book 3) "There are some really great readings that supplement the theoretical underpinnings of each chapter." Angie G. Liljequist, Fontbonne University, USA "A comprehensive compilation of readings for students studying the social and psychological aspects of appearance and dress." **Clothed in Meaning** One of the best-selling young adult books of all time, written by Pulitzer Prize-winning author Paul Zindel. John Conlan is nicknamed "The Bathroom Bomber" after setting off firecrackers in the boys' bathroom 23 times without ever getting caught. John and his best friend, Lorraine, can never please their parents, and school is a chore. To pass the time, they play pranks on unsuspecting people and it's during one of these pranks that they meet the "Pigman." In spite of themselves, John and Lorraine soon get caught up in Mr. Pignati's zest for life. In fact, they become so involved that they begin to destroy the only corner of the world that has ever mattered to them. Can they stop before it's too late?

**Fashion, Dress and Post-postmodernism** "Learn how--and why--consumers buy clothing and accessories, and increase your global awareness as you study dress and appearance. Contributions are from writers on four continents and examples are from ten countries, including Ghana, Vietnam, Norway, and Jamaica, among others. The book includes more than 50 articles on topics such as wearable technology, cosplay, lesbian dress, and genderqueer fashion. Contributors are experts in fashion theory, cultural studies, psychology, sociology, gender studies, religion, material culture, consumer behavior, and popular culture ; two separate chapters on gender and sexuality ; International examples are included from Afghanistan, China, Ghana, India, Jamaica, Japan, Norway, the United Kingdom, the United States, and Vietnam ; 100 black and white images"--Bloomsbury Fashion Central.

**The Dressed Society** First Published in 2008. Routledge is an imprint of Taylor & Francis, an informa company.

**The Book of Lost Things** It has long been said that clothes make the man (or woman), but is it still true today? If so, how has the information clothes convey changed over the years? Using a wide range of historical and contemporary materials, Diana Crane demonstrates how the social significance of clothing has been transformed. Crane compares nineteenth-century societies—France and the United States—where social class was the most salient aspect of social identity signified in clothing with late twentieth-century America, where lifestyle, gender, sexual orientation, age, and ethnicity are more meaningful to individuals in constructing their wardrobes. Today, clothes worn at work signify social class, but leisure clothes convey meanings ranging from trite to political. In today's multicode societies, clothes inhibit as well as facilitate communication between highly fragmented social groups. Crane extends her comparison by showing how nineteenth-century French designers created fashions that suited lifestyles of Paris elites but that were also widely adopted outside France. By contrast, today's designers operate in a global marketplace, shaped by television, film, and popular music. No longer confined to elites, trendsetters are drawn from many social groups, and most trends have short trajectories. To assess the impact of fashion on women, Crane uses voices of college-aged and middle-aged women who took part in focus groups. These discussions yield fascinating information about women's perceptions of female identity and sexuality in the fashion industry. An absorbing work, *Fashion and Its Social Agendas* stands out as a critical study of gender, fashion, and consumer culture. "Why do people dress the way they do? How does clothing

## Get Free The Meanings Of Dress

contribute to a person's identity as a man or woman, as a white-collar professional or blue-collar worker, as a preppie, yuppie, or nerd? How is it that dress no longer denotes social class so much as lifestyle? . . . Intelligent and informative, [this] book proposes thoughtful answers to some of these questions."-Library Journal

**Defining Dress** Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama.

**The Adorned Body** Joe Navarro, a former FBI counterintelligence officer and a recognized expert on nonverbal behavior, explains how to "speed-read" people: decode sentiments and behaviors, avoid hidden pitfalls, and look for deceptive behaviors. You'll also learn how your body language can influence what your boss, family, friends, and strangers think of you. Read this book and send your nonverbal intelligence soaring. You will discover: The ancient survival instincts that drive body language Why the face is the least likely place to gauge a person's true feelings What thumbs, feet, and eyelids reveal about moods and motives The most powerful behaviors that reveal our confidence and true sentiments Simple nonverbals that instantly establish trust Simple nonverbals that instantly communicate authority Filled with examples from Navarro's professional experience, this definitive book offers a powerful new way to navigate your world.

**Worn Stories** Presents the text of Alice Walker's story "Everyday Use"; contains background essays that provide insight into the story; and features a selection of critical response. Includes a chronology and an interview with the author.

**Fashion and Fancy** How does a style become a fashion? Why do trends spread and decline? Introducing Fashion Theory explores these questions and more to help you quickly get up-to-speed with fashion theories, from scarcity to conformity, through clear practical examples and fascinating case studies. This second edition, re-titled from Key Concepts for the Fashion Industry, includes expanded coverage on cultural appropriation, corporate greenwashing, and the criminal world of counterfeit goods. - Illustrated examples, from Apple's post-postmodernist iWatch to Savage X Fenty's body image message on diversity - Covers core fashion theories, from trickle-down to trickle-up, to political dress and conspicuous consumption - Filled with learning activities, key terms, chapter summaries, and discussion questions to inspire and inform

**The Pigman** Perfect for readers of *Women in Clothes*, this beautifully designed philosophical guide to fashion explores art, literature, and film to uncover the hidden meaning of a well-chosen wardrobe. We all get dressed. But how often do we pause to think about what our clothes say? When we dress ourselves, we are presenting to the world an essence of who we are, who we want to be. *Dressed* ranges freely from suits to suitcases, from Marx's coat to Madame X's gown. Through art and literature, film and philosophy, philosopher Shahidha Bari unveils the surprising personal implications of what we choose to wear. The impeccable cut of Cary Grant's suit projects

## Get Free The Meanings Of Dress

masculine confidence, just as Madonna's oversized denim jacket and her armful of orange bangles loudly announces big ambition. How others dress tells us something fundamental about them -- we can better understand how people live and what they think through their garments. Clothes tell our stories. Dressed is the thinking person's fashion book. In baring the hidden power of clothes in our culture and our daily lives, Bari reveals how our outfits not only cover our bodies but also reflect our minds. !--[if !supportAnnotations]-- !--[endif]--

**Rights in Context** It was traditionally said that 'clothes maketh the man'. But what codes and meanings are associated with dress in a society that consists of divisions between class, race, gender, family status and religion? Is social and cultural life still fundamentally themed by the clothes that we wear? If so, how should we read these codes and themes in order to decipher their relation to power and meaning? This exhaustive book demonstrates how dress shapes and is shaped by social processes and phenomena such as beauty, time, the body, the gift exchange, class, gender and religion. It does this through an analysis of topics like the Islamic clothing controversy in state schools, the multitude of identities associated with dress, the Dress Reform movement, the construction of the body in fashion magazines and the role of the internet in fashion. What emerges is a trenchant, sharply observed account of the place of dress in contemporary society. The book will be of interest to students and researchers in Sociology, Cultural Studies, Women's Studies, Gender Studies, Anthropology and Fashion Studies.

**Inside Out & Back Again** This revised collection of articles from magazines, newspapers, books, and journals expands the reader's awareness and understanding of what dress is all about. The essays in

**You Are What You Wear** This collection of essays brings together many separate but related issues which form the focus of contemporary research into the history of dress. Historically, in Britain at least, investigations of dress were primarily informed by historical and empirical protocols, although the symbolic meaning of dress was explored by anthropologists and sociologists, who tended to concentrate on either non-Western cultures or British or Western sub-cultures. In recent years these approaches have moved closer together partly as a result of the impact of feminism.

**Dress Codes** Presents a wide ranging examination of the social roles of dressed bodies in ancient contexts, texts, and images.

**What Every BODY is Saying**

**Fashion & War in Popular Culture** This inventive and lucid book sheds new light on topics as diverse as crime, authority, and retailing in eighteenth-century Britain, and makes a major contribution to broader debates around consumerism, popular culture, and material life. The material lives of ordinary English men and women were transformed in the years following the restoration of Charles II in 1660. Tea and sugar, the fruits of British

## Get Free The Meanings Of Dress

mercantile and colonial expansion, altered their diets. Pendulum clocks and Staffordshire pottery, the products of British manufacturing ingenuity, enriched their homes. But it was in their clothing that ordinary people enjoyed the greatest change in their material lives. This book retrieves the unknown story of ordinary consumers in eighteenth-century England and provides a wealth of information about what they wore. John Styles reveals that ownership of new fabrics and new fashions was not confined to the rich but extended far down the social scale to the small farmers, day laborers, and petty tradespeople who formed a majority of the population. The author focuses on the clothes ordinary people wore, the ways they acquired them, and the meanings they attached to them, shedding new light on all types of attire and the occasions on which they were worn.

The Meaning of Mariah Carey A fascinating account of the trade patterns and consumption practices that arose following European colonisation of the Atlantic world. Focusing on textiles and clothing, Robert DuPlessis reveals how globally sourced goods shaped the material existence of virtually every group in the Atlantic basin during the seventeenth and eighteenth centuries.

Fairy Dust and the Quest for the Egg Rich with illustrations, this revised and updated second edition of Dress Codes systematically analyzes the meaning and relevance of clothing in American culture. Presented here is an up-to-date analysis of images of power and authority, gender, seduction (the sexy look, the alluring look, the glamorous look, the vulnerable look), wealth and beauty, youth and health, and leisure and political hierarchy. Taken together, the chapters offer to the student and the general reader a complete "semiotics of clothing" in a form that is highly readable, very entertaining, and thoroughly informative. The illustrations provide fascinating glimpses into the history of American fashion and clothing-along with their antecedents in Europe-as well as a fine collection of images from the more familiar world of contemporary America. Rubinstein has identified six distinct categories of dress in American society, upon which Dress Codes is based. "Clothing signs" were instituted by those in authority, have one meaning, indicate behavior, and are required attire (police uniforms, or the clothing of ministers and priests); "clothing symbols," on the other hand, reflect the achievement of cultural values—wealth, beauty, youth and health. The wearing of clothing symbols—designer clothing or jewelry—may have several meanings; "clothing tie-signs," which are specific types of clothing that indicate membership in a community outside mainstream culture (Hasidic, Amish, or Hare Krishna attire). They were instituted by those in authority, have one meaning, they indicate expected behavior, and are required attire; clothing tie symbols emanate from hopes, fears, and dreams of particular groups. They include trendy styles such as hip-hop, hippie, and gothic. Another category, contemporary fashion, reflects consumer sentiments and the political and economic forces of the period. Personal dress, refers to the "I" component we bring in when dressing the public self (bowtie, dramatic, or artistic attire). Many of these images have their roots in the

## Get Free The Meanings Of Dress

collective memory of western society. Written in a lively and entertaining style, Dress Codes will fascinate both general readers and students interested in the history of fashion and costume, fashion design, human development, and gender studies.

VP Meanings of Dress 3rd Ed/Men's F Explores the psychology behind style choices which explains why women do not dress their age, wear all the clothing they purchase, or dress to flatter their body shape, in order to help them develop a personal style and make life changes.

### Fashioned Selves

The Meanings of Dress, 2nd Ed #1 NEW YORK TIMES BESTSELLING PHENOMENON More than 6 million copies sold A Reese Witherspoon x Hello Sunshine Book Club Pick A Business Insider Defining Book of the Decade "I can't even express how much I love this book! I didn't want this story to end!"--Reese Witherspoon "Painfully beautiful."--The New York Times Book Review For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life--until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

The Meanings of Dress 2nd Edition This volume offers snapshots of how rights are debated and employed in public discourse to reshape legal and political relations at the beginning of the twenty-first century. It explores how rights are used to challenge the state of affairs by individuals and groups who seek justice, and the strategies devised to defy the existing rights by those who wish to recast the social and political order. This volume discusses rights, firstly, in relation to actual events and issues faced by policy-makers, courts, international agencies, or ordinary people. These range from the demands of minority groups living in the West to freely practice their culture and/or religion, to the threat of terrorism, the regulation of asylum rights, the investor's rights to disclosure and the rights of artists to freedom of expression. Secondly, rights discourse is examined in relation to attempts to redefine the form and content of rights, for example, by banning the right to wear religious symbols in public institutions or detaining terrorism suspects without trial. Thirdly, rights discourse is explored in connection with the attempts to develop new notions of rights, such as 'human security', which can more effectively respond to the challenges of late modern societies. Finally, the statuses of rights in sociological theory and socio-legal research are briefly discussed and analysed.

## Get Free The Meanings Of Dress

Greek and Roman Dress from A to Z How we dress our bodies—through clothing, footwear, headgear, jewelry, haircuts, and more—is key to the expression of status and identity. This idea is as true today as it was for ancient Maya civilization, yet few studies have centered on what ancient Maya peoples wore and why. In *The Adorned Body*, Nicholas Carter, Stephen Houston, and Franco Rossi bring together contributions from a wide range of scholars, leading to the first in-depth study of Maya dress in Precolumbian times. Incorporating artistic, hieroglyphic, and archaeological sources, this book explores the clothing and ornaments of ancient Maya peoples, systematically examining who wore what, deducing the varied purposes and meanings of dress items and larger ensembles, and determining the methods and materials with which such items were created. Each essay investigates a category of dress—including headgear, pendants and necklaces, body painting, footwear, and facial ornaments—and considers the variations within each of these categories, as well as popular styles and trends through time. The final chapters reveal broader views and comparisons about costume ensembles and their social roles. Shedding new light on the art and archaeology of the ancient Americas, *The Adorned Body* offers a thorough map of Maya dress that will be of interest to scholars and fashion enthusiasts alike.

Fashioning the Nineteenth Century Aside from the occasional nod to epaulettes or use of camouflage, war and fashion seem to be strange partners. Not so, argue the contributors to this book, who connect military industrial practices as well as military dress to textile and clothing in new ways. For instance, the book includes a series of commentaries on the impact of military dress in the airline industry, in illustrated wartime comics, and even considers today's muscled soldier's body as a new type of uniform. Elsewhere, the effects of conquest introduce a new set of postcolonial aesthetics as military and colonial regimes disrupt local textile production and garment making. In another chapter, it is argued that textiles and fashion are important because they reflect a core practice, one that bridges textile artists and designers in an expressive, creative, and deeply physical way to matters of cultural significance. And the book concludes by calling the very mode of 'military chic' into ethical question. The premier text to illustrate the impact of war on textiles, bodies, costume, art, and design, *Fashion & War in Popular Culture* will be warmly welcomed by scholars of fashion design and theory, historians of fashion, and those interested in theories of warfare and military science.

Introducing Fashion Theory The Instant #1 New York Times Bestseller The global icon, award-winning singer, songwriter, producer, actress, mother, daughter, sister, storyteller, and artist finally tells the unfiltered story of her life in *The Meaning of Mariah Carey* It took me a lifetime to have the courage and the clarity to write my memoir. I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs. Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious

## Get Free The Meanings Of Dress

adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah

Dressed

The Dress of the People Taking refuge in fairy tales after the loss of his mother, twelve-year-old David finds himself violently propelled into an imaginary land in which the boundaries of fantasy and reality are disturbingly melded. By the author of The Black Angel. 75,000 first printing.

The Handmaid's Tale Fairy Haven's newest arrival, Prilla, along with Rani and Vidia, embarks on a journey filled with danger, sacrifice, and adventure. The fate of Never Land rests on their shoulders.

The Meanings of Dress + Studio Access Code This revised collection of articles from magazines, newspapers, books and journals expands the readers awareness and understanding of what dress is all about. The book serves all interdisciplinary and multidisciplinary course needs.

The Outsiders The greatly anticipated final book in the New York Times bestselling Hunger Games trilogy by Suzanne Collins. The Capitol is angry. The Capitol wants revenge. Who do they think should pay for the unrest? Katniss Everdeen. The final book in The Hunger Games trilogy by Suzanne Collins will have hearts racing, pages turning, and everyone talking about one of the biggest and most talked-about books and authors in recent publishing history!!!!

Key Concepts for the Fashion Industry Until now dress has played only a subordinate role in the research of Rembrandt's paintings, despite the fact that few artists are as intensively studied as this Dutch master. The lacuna is all the more surprising since Rembrandt obviously delighted in rendering clothes, which, for him, not only communicated the character and social status of his sitters but also clarified his narratives and heightened the drama in his historical pieces. Here, Marieke de Winkel offers a fascinating and much-needed study of dress and costume in the works of Rembrandt. De Winkel shows us how focusing on apparel opens a new line of inquiry into Rembrandt's paintings, one which is symbolically and iconographically richer than previously imagined. This approach, which has not been fully acknowledged by art historians nor developed by dress historians, deepens our understanding of Rembrandt's expression as well as the cultural and historical context of the Dutch seventeenth century. De Winkel proves the merits of the approach here with her close readings of Rembrandt's paintings and the contemporaneous connotations of the clothes he depicted. She demonstrates convincingly that clothes do much

## Get Free The Meanings Of Dress

more than help date the paintings; they are instead integral to the program of representation. No longer ancillary to art history, dress and costume here receive their full due in this study, leaving us with not only a better understanding of Rembrandt but of his wider world as well.

The Politics of the Veil Everyone has a memoir in miniature in at least one piece of clothing. In *Worn Stories*, Emily Spivack has collected over sixty of these clothing-inspired narratives from cultural figures and talented storytellers. First-person accounts range from the everyday to the extraordinary, such as artist Marina Abramovic on the boots she wore to walk the Great Wall of China; musician Rosanne Cash on the purple shirt that belonged to her father; and fashion designer Cynthia Rowley on the Girl Scout sash that informed her business acumen. Other contributors include Greta Gerwig, Heidi Julavits, John Hodgman, Brandi Chastain, Marcus Samuelsson, Piper Kerman, Maira Kalman, Sasha Frere-Jones, Simon Doonan, Albert Maysles, Susan Orlean, Andy Spade, Paola Antonelli, David Carr, Andrew Kuo, and more. By turns funny, tragic, poignant, and celebratory, *Worn Stories* offers a revealing look at the clothes that protect us, serve as a uniform, assert our identity, or bring back the past—clothes that are encoded with the stories of our lives.
