In Information Rules, authors Shapiro and Varian reveal that many classic economic concepts can provide the insight and understanding necessary to succeed in the information age. They argue that if managers seriously want to develop effective strategies for competing in the new economy, they must understand the fundamental economics of information technology. Whether information takes the form of software code or recorded music, is published in a book or magazine, or even posted on a website, managers must know how to evaluate the consequences of pricing, protecting, and planning new versions of information products, services, and systems. The first book to distill the economics of information and networks into practical business strategies, Information Rules is a guide to the winning moves that can help business leaders navigate successfully through the tough decisions of the information economy.

For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller Talk Like TED will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in TALK LIKE TED are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

Contrairement aux apparences, la gamme d'ordinateurs Apple n'est pas si étendue. Cela dit, entre les options de configuration disponibles et les évolutions futures à anticiper dès l'achat, choisir le bon modèle n'est pas aisé. Raison pour laquelle nous vous avons concocté ce guide complet de 82 pages présentant l'intégralité de la gamme Mac actuelle. Ce dernier vous révèle les pièges à éviter avant de passer commande. Vous possédez déjà un Mac mais celui-ci pâtit de ralentissements de plus en plus récurrents ? Pire : au fil des années, certaines opérations mettent plus de temps à s'exécuter ; quant aux fonctionnalités récentes, telles que AirPlay ou AirDrop, elles ne fonctionnent tout simplement pas. Il est grand temps de changer de Mac ! Et que diriez-vous de profiter pleinement de votre nouveau Mac en lui adjoignant quelques accessoires indispensables ? Ce guide vous propose notamment des solutions pour agrandir votre espace de travail ou de loisir : connectez votre Mac à l'écran plat du salon ou adoptez l'Apple TV pour diffuser vos contenus et exploiter de nouvelles fonctions. Qui dit ordinateur, dit sauvegarde. Suivez donc nos conseils pour déterminer le disque dur externe qui vous convient : compact, mobile, de bureau, modèle classique ou SSD, vitesse, alimentation, interface Nous vous aidons à faire le bon choix. Mise à jour 1.1 : 13 octobre 2015 • Prise en charge des nouveaux iMac 21,5 et 27 pouces.

This book explores the phenomenon of Independence Days. These rituals had complex meanings both in the territories concerned and in Britain as the imperial metropole, where they were extensively reported in the press. The text is concerned with the political management, associated rhetoric and iconography of these seminal celebrations. The focus is therefore very much on political culture in a broad sense, and changing perceptions and presentations over time. Highlights of the book include an overview by David Cannadine relating the topic to ornamentalism, invented tradition and transitions in British culture. Although the book is mainly concerned with the British Empire, Martin Shipway – a leading historian and cultural analyst of French decolonization – contributes an acute summary of how the same 'moment' was handled differently in the other great European empires. There are detailed and lively studies by noted specialists of the immediate coming of Independence to India/Pakistan, Malaya, Ghana, Zimbabwe, and Guyana. The book includes a thematic focus on the important role of representatives of the British monarchy in legitimating transfers of sovereignty at their point of climax. This book was published as a special issue of The Round Table.

Presents reviews of a variety of computer hardware and software products.

Toutes les tablettes Android utilisent le système signé Google, sans pour autant être identiques. Dans ce guide, vous découvrirez toutes les nouveautés de la version 6, dite Marshmallow, et comment les utiliser au mieux sur votre tablette, quelle que soit sa marque. Faites le tour des dizaines d'applications pré-installées, découvrez comment faire de votre tablette un compagnon de votre quotidien pour communiquer, vous informer, travailler, vous détendre bref en exploiter son potentiel au maximum. Efficace Adoptez les réflexes tactiles, pilotez la tablette au doigt et à la voix, et maîtrisez les réglages essentiels. Connecté Web, courriel, Visio, partage, réseaux sociaux, exploitez toutes les facettes d'Internet, en Wi-Fi ou 3G/4G. Relax Téléchargez des applis funs ou pratiques pour jouer, vous informer, regarder des films et la télé, lire des ebooks Sécurisé Assurez les mises à jour et paramétrez les services en ligne pour synchroniser et protéger vos données. 160 pages d'aide et de conseils pour tous Attention : La version ePub de ce livre numérique est en fixed-layout. Pour des conditions de lecture optimales, veillez à ce que votre tablette ou ordinateur supporte ce type de format.

Successful business alliances today are critical to the competitive advantage of many companies. Mastering Alliance Strategy presents state-of-the-art thinking and practices for using partnerships effectively. This essential resource will help you understand and use alliances better, whether you are a new or seasoned alliance professional, a business-development specialist, a line manager, or a top executive. The authors argue that the secrets to success lie not solely in the intricacies of a deal but also in the strategy and organization behind the deal. They draw ideas and tools from years of research and reporting on four elements that are key to an effective alliance strategy: * Designing the alliance and crafting the agreement * Managing the alliance after it is launched * Leveraging a constellation of alliances * Building an internal alliance capability

Written by an instructor expressly for the classroom, this guide has been thoroughly updated for today's technologies and is designed to prepare students to pass the 2003 A+ Core Hardware certification exam and master PC Repair.

InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

Gives ratings, descriptions, and company information about Web pages produced by companies and corporations
