The first publication of Albert Einstein's travel diary to the Far East and Middle East In the fall of 1922, Albert Einstein, along with his then-wife, Elsa Einstein, embarked on a five-and-a-half-month voyage to the Far East and Middle East, regions that the renowned physicist had never visited before. Einstein's lengthy itinerary consisted of stops in Hong Kong and Singapore, two brief stays in China, a six-week whirlwind lecture tour of Japan, a twelve-day tour of Palestine, and a three-week visit to Spain. This handsome edition makes available, for the first time, the complete journal that Einstein kept on this momentous journey. The telegraphic-style diary entries—quirky, succinct, and at times irreverent—record Einstein's musings on science, philosophy, art, and politics, as well as his immediate impressions and broader thoughts on such events as his inaugural lecture at the future site of the Hebrew University in Jerusalem, a garden party hosted by the Japanese Empress, an audience with the King of Spain, and meetings with other prominent colleagues and statesmen. Entries also contain passages that reveal Einstein's stereotyping of members of various nations and raise questions about his attitudes on race. This beautiful edition features stunning facsimiles of the diary's pages, accompanied by an English translation, an extensive historical introduction, numerous illustrations, and annotations. Supplementary materials include letters, postcards, speeches, and articles, a map of the voyage, a chronology, a bibliography, and an index. Einstein would go on to keep a journal for all succeeding trips abroad, and this first volume of his travel diaries offers an initial, intimate glimpse into a brilliant mind encountering the great, wide world.

### [5,000 Awesome Facts \(about Everything!\) 2](#)

" I inhaled this sexy, gritty, thrilling new series and I can ' t wait for more! " — Lara Adrian, NYT Best-selling Author I knew the minute I saw him that Levi Agozi was too perfect to be real. I didn't care. He came to me, asked for me, and, dazzled by his dark good looks and the bad-boy aura surrounding him, I gave in. Willingly. My father is set to become the next governor of Georgia, and he'll use me to get there if he has to. He'll hand me over, virginity and all, to the man with the biggest bank account and political pull. I wanted something more. I wanted Levi. And I had him—until I woke up, disoriented and confused, at his mercy. He ' s a bad boy, all right. A sexy, deadly assassin. And I'm the pawn torn between him and my father, two powerful men intent on destroying each other. I might not understand their war, but I do understand one thing: no matter who wins, I lose.

## [Weird But True!](#)

The #1 New York Times bestseller by Tom Brady, six-time Super Bowl champion and one of the NFL's 100 Greatest Players of All Time. Revised, expanded, and updated, the first book by Tampa Bay Buccaneers and former New England Patriots quarterback Tom Brady—who continues to play at an elite level into his forties—a gorgeously illustrated and deeply practical “athlete’s bible” that reveals Brady’s revolutionary approach to enhanced quality of life and performance through recovery for athletes of all abilities and ages. In this new edition of The TB12 Method, Tom Brady further explains and details the revolutionary training, conditioning, and wellness system that has kept him atop the NFL at an age when most players are deep into retirement. Brady—along with the expert Body Coaches at TB12, the performance lifestyle brand he cofounded in 2013—explain the principles and philosophies of pliability, a paradigm-shifting fitness concept that focuses on a more natural, healthier way of exercising, training, and living. Filled with lessons from Brady’s own training regimen, The TB12 Method provides step-by-step guidance on how to develop and maintain one’s own peak performance while dramatically decreasing injury risks. This illustrated, highly visual manual also offers more effective approaches to functional strength & conditioning, proper hydration, supplementation, cognitive fitness, restorative sleep, and nutritious, easy-to-execute recipes to help readers fuel-up and recover. Brady steadfastly believes that the TB12 approach has kept him competitive while extending his career, and that it can make any athlete, male or female, in any sport and at any level achieve his or her own peak performance. With instructions, drills, photos, in-depth case studies that Brady himself has used, along with personal anecdotes and experiences from his legendary career, The TB12 Method gives you a better way to train and get results with Tom Brady himself as living proof.

## [The Four Stroke Dirt Bike Engine Building Handbook](#)

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fictionEdgy, accurate, and darkly wittyThink Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

## [Weird but true! 2021: wild & wacky facts & photos! \(Weird but true\)](#)

"Facts about animals and other amazing facts, intended for children"--

## [Weird But True! 6](#)

Powerful pharaohs, deadly curses, beautiful queens, legendary cities, tombs filled with gold you'll know it all by the time you finish this smart and wacky book! Did you know that ancient Egyptians formed the world's first police force? The 365-day calendar? We have ancient Egypt to thank for that, too! And the next time your parents tell you to brush your teeth, you can tell them that ancient Egyptians invented the first toothbrush and toothpaste. In this cool book, you'll find out what life was like 3,000 years ago along the banks of the Nile River, explore the lives of famous pharaohs determined to leave their mark no matter the cost, and get the lowdown on famous battles for power. Discover weird facts about famous people, from Cleopatra to King Tut--and about famous places, from Alexandria to Thebes. It's a must-have for all budding Egyptologists, archaeologists, or kids who want to be in-the-know about this fascinating civilization!
