A smart and funny guide to writing fiction, with engaging infographics that bring storytelling techniques to life. Whether you are daunted by a blinking cursor or frustrated trying to get the people in your head onto the page, writing stories can be intimidating. It takes passion, tenacity, patience, and a knowledge of—and faith in—the often-digressive writing process. A do-it-yourself manual for the apprentice fiction writer, Storyville! demystifies that process; its bold graphics take you inside the writer's comfortingly chaotic mind and show you how stories are made. In Storyville!, seasoned guide John Dufresne's whose approach "will anchor the newbie and entertain the veteran" (San Francisco Chronicle) provides practical insight into the building blocks of fiction, including how to make the reader see your characters, create a suspenseful plot, and revise, revise, revise. Storyville! is a combination handbook and notebook, with original prompts and exercises crafted with Dufresne's singular dry wit and Evan Wondolowski's playful and illuminating graphics on every page.

The award-winning author "provides mentoring and practical and technical advice in this handy how-to book . . . as useful to teachers as to young writers" (School Library Journal, starred review). Storytelling is a universal experience. From an early age, we begin to shape our own world by crafting tales. But learning to tell—and write—a good story isn't easy. It takes dedication and practice, just like for a musician or an athlete, and it can be just as rewarding to accomplish as winning a game or mastering an instrument. It's the kind of work that feeds our souls and makes us glad to be alive. In What's Your Story?, Newbery Medal-winning author Marion Dane Bauer discusses how to write fiction from beginning to end, including creating a story plan, choosing the best idea, bringing characters to life, deciding on a point of view, creating realistic dialogue, keeping readers hooked, and revising and polishing the finished product. "Her last comment is telling: 'Knowing your craft can help you tell a story. But only by taking risks can you make art.'" After many pages of provocative information and straightforward counsel, that sentence may be the one to launch youngsters to the challenge. The book speaks directly to young writers, but many adults (teachers, librarians, reviewers, editors, would-be writers) will also find this sensible dissection of the storytelling process invaluable."—Kirkus Reviews (starred review) "A pragmatic, organized approach to story writing . . . the exercises and thought processes introduced as groundwork come across as stimulating rather than tedious and may serve to hone analytical skills as well as inspire even the most reluctant writers to try their hand."—Publishers Weekly

The New York Times Book Review said James Thayer's "writing is smooth and clear. It wastes no words, and it has a rhythm that only confident stylists achieve." The Essential Guide to Writing a Novel is a practical, step-by-step manual on how to craft your novel. The Essential Guide presents a set of tools for large issues such as story development and scene construction (Kirkus Reviews said Thayer's novels are "superbly crafted,") and it also examines techniques that will make your sentence-by-sentence writing shine "Thayer's prose is clear and clean," said the Seattle Times. How do the masters do it? The Essential Guide shows you the techniques of writers such as John Grisham, Maeve Binchy, Jeffery Deaver, and Charles Dickens. What makes their novels hard to put down? How do Mario Puzo, Sinclair Lewis, Patricia Cornwell, and Tom Wolfe make their stories so riveting and their prose so good? The Essential Guide sets out their techniques in concise detail. Just beginning your novel? Or in the middle of the novel and needing some guidance? The Essential Guide to Writing a Novel will show you the way. Among the many topics: The six traits necessary for a successful protagonist and three more traits that will make him or her stand out. Twenty-two techniques that will make your character's dialogue compelling. Creating dynamic settings that advance the story. Point of view—a critical skill—made easy. Five pace-killers and how to avoid them. Plotting the novel using the advantage shift. Constructing scenes to propel the reader to the next scene. Her name is Mother of Exiles. From her beacon-hand glows world-wide welcome. "Give me your tired, your poor, your huddled masses. Send these, the homeless, tempest-tost to me." America has lost its way. The strongest of people can be found in the unlikelyst of places. The future of the entire country will depend on them. All across the United States, people scramble to survive new, draconian policies that mark and track immigrants and their children (citizens or not) as their freedoms rapidly erode around them. For the "inked"—those whose immigration status has been permanently tattooed on their wrists—those famous words on the Statue of Liberty are starting to ring hollow. The tattoos have marked them for horrors they could not have imagined within US borders. As the nightmare unfolds before them, unforeseen alliances between the inked—like Mari, Meche, and Toño—and non-immigrants—Finn, Del, and Abbie—are formed, all in the desperate hope to confront it. Ink is the story of their ingenuity. Of their resilience. Of their magic. A story of how the power of love and community out-survives even the grimmest times.

## [Into the Wild](#)

The pieces of a satisfying novel or story seem to fit together so effortlessly, so seamlessly, that it's easy to find yourself wondering, "How on earth did the author do this?" The answer is simple: He sat alone at his desk, considered an array of options, and made smart, careful choices. In *On Writing Fiction*, award-winning author and respected creative writing professor David Jauss offers practical information and advice that will help you make smart creative and technical decisions about such topics as:

- Writing prose with syntax and rhythm to create a "soundtrack" for the narrative
- Choosing the right point of view to create the appropriate degree of "distance" between your characters and the reader
- Harnessing the power of contradiction in the creative process

In one thought-provoking essay after another, Jauss sorts through unique fiction-writing conundrums, including how to create those exquisite intersections between truth and fabrication that make all great works of fiction so much more resonant than fiction that follows the "write what you know" approach that's so often used.

An essential volume for generations of writers young and old, *Bird by Bird* is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"

For more than thirty years Natalie Goldberg has been challenging and cheering on writers with her books and workshops. In her groundbreaking first book, she brings together Zen meditation and writing in a new way. Writing practice, as she calls it, is no different from other forms of Zen practice—"it is backed by two thousand years of studying the mind." This thirtieth-anniversary edition includes new forewords by Julia Cameron and Bill Addison. It also includes a new preface in which Goldberg reflects on the enduring quality of the teachings here. She writes, "What have I learned about writing over these thirty years? I've written fourteen books, and it's the practice here in *Bones* that is the foundation, sustaining and building my writing voice, that keeps me honest, teaches me how to endure the hard times and how to drop below discursive thinking, to taste the real meat of our minds and the life around us."

THE INSTANT NEW YORK TIMES BESTSELLER EVERYONE IS TALKING ABOUT! An addictive must-read mystery with shades of *Serial* and *Making a Murderer* about an investigation turned obsession, full of twists and turns and with an ending you'll never expect. Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, *Good Girl, Bad Blood!* "The perfect nail-biting mystery."

Several years ago, after many years of writing nonfiction, I decided to write a novel—a medical thriller in the mold of Robin Cook, Michael Crichton, and Michael Palmer. The problem was that, although I knew how to write and had received a number of awards for nonfiction works, I didn't know the how to write fiction. So, before putting fingers to keyboard I did a thorough search of the literature, which included reading numerous books and hundreds of website articles. What I discovered was that there simply wasn't one good source from which to learn the craft of writing genre fiction. "*Writing Genre Fiction: A Guide to the Craft*" is the book I was looking for when I set out on my quest to learn how to write fiction. It is an attempt to share what I learned from my research. It covers the six key elements of genre fiction; the various genres and subgenres; a large number of genre-fiction writing techniques; plot, subplots, and parallel plots; structure; scene and sequel; characterization; dialogue; emotions; and body language. It also covers additional information about copyrighting and plagiarism, where to get ideas, manuscript formatting and revision, and query letters and synopses. In addition, an appendix covers a large number of grammar tips.

Janet Burroway's best-selling classic is the most widely used creative writing text in America, and for more than three decades it has helped hundreds of thousands of students learn the craft. Now in its tenth edition, *Writing Fiction* is more accessible than ever for writers of all levels—inside or outside the classroom. This new edition continues to provide advice that is practical, comprehensive, and flexible. Burroway's tone is personal and nonprescriptive, welcoming learning writers into the community of practiced storytellers. Moving from freewriting to final revision, the book addresses "showing not telling," characterization, dialogue, atmosphere, plot, imagery, and point of view. It includes new topics and writing prompts, and each chapter now ends with a list of recommended readings that exemplify the craft elements discussed, allowing for further study. And the examples and quotations throughout the book feature a wide and diverse range of today's best and best-known creators of both novels and short stories. This book is a master class in creative writing that also calls on us to renew our love of storytelling and celebrate the skill of writing well. There is a very good chance that one of your favorite authors learned the craft with *Writing Fiction*. And who knows what future favorite will get her start reading this edition?

## [The Essential Guide to Writing a Novel](#)

"Terrifying Eloquent A heart-rending drama of human yearning." --New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the dries and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

I've been a problem baby, a lousy son, a distant brother, an off-putting neighbor, a piss-poor student, a worrisome seatmate, an unreliable employee, a bewildering lover, a frustrating confidante and a crappy husband. Among the things I do pretty well at this point I'd have to list darts, re-closing Stay-Fresh boxes, and staying out of the way. This is the self-eulogy offered early on by the unwilling hero of the opening story in this collection, a dazzling array of work in short fiction from a master of the form. The stories in Love and Hydrogen—familiar to readers from publications ranging from McSweeney's to The New Yorker to Harper's to Tin House—encompass in theme and compassion what an ordinary writer would seem to need several lifetimes to imagine. A frustrated wife makes use of an enterprising illegal-gun salesman to hold her husband hostage; two hapless adult-education students botch their attempts at rudimentary piano but succeed in a halting, awkward romance; a fascinated and murderous Creature welcomes the first human visitors to his Black Lagoon; and in the title story, the stupefyingly huge airship Hindenburg flies to its doom, representing in 1937 mankind's greatest yearning as well as its titanic failure. Generous in scope and astonishing in ambition, Shepard's voice never falters; the virtuosity of Love and Hydrogen cements his reputation as, in the words of Rick Bass, "a passionate writer with a razor-sharp wit and an elephantine heart"—in short, one of the most powerful talents at work today.
